BARBOUR-M'CORMICK

The home of Mr. Malcolm McCormick, East Garafraxa, was the scene of a very happy event on Wednesday afternoon, March 10th, when his sister, Miss Flora, was united in marriage to Mr. Elgin T. Barbour, of Erin, Rev. Capt. Harper, of Hillsburg, officiating. Promptly at the hour of five o'clock to the strains of the Lohengrin Bridal Chorus, played by Miss Agnes Kean, of Whitby, one of her girl friends, the bride entered the parlor leaning on the arm of her brother and looked charming dressed in ivory duchesse satin with overdress of silk georgette crepe trimmed with seed pearls. She also wore the customary bridal veil caught up with a wreath of orange blossoms and carried a bouquet of sweetheart roses. The young couple took their places beneath an arch of evergreens prettily decorated with wedding bells and Easter lilies. Miss Mildred Awrey, niece of the groom, made a winsome little flower girl, dressed in pink silk and carrying a basket of sweet peas. After receiving the hearty congratulations of their friends and signing the register, the newly wedded couple led the way to the spacious dining room, which was attractively decorated for the occasion in pink and white. Here ample justice was done to the sumptuous wedding repast which awaited the guests. The wedding gifts were numerous and costly, showing the high place which the young couple occupy in the esteem and affection of their friends. Among the presents were several cheques. The groom's gift to the bride was a set of fitch furs, to the pianiste a cameo ring and to the flower girl a gold locket and chain. Guests were present from Orangeville, Erin, Hillsburg, Toronto and other points. Mr. and Mrs. Barbour will reside on the fine farm property on the 15th line, East Garafraxa, which the groom recently purchased from Mr. Henry Hanna, now of Orangeville. The Banner joins their many friends in wishing them many happy and prosperous years in their new home.

Y. P. S. MEETING.

A debate on the respective services of Sir John A. Macdonald and Sir Wilfrid Laurier to the Dominion of Canada was the main feature of the programme at a well-attended meeting of the Young People's Society of St. Andrew's Church on Monday evening. Miss Jean Currie and Mr. H. Guest championed the Conservative leader and statesman in effective and convincing manner and Miss Dorothea Browne and Mr. Bruce Kyles advanced many arguments going to show that Sir Wilfrid Laurier was entitled to first place amongst Canada's statesmen. The judges found the two sides very evenly matched, but finally gave the decision to the supporters of Sir Wilfrid by a narrow margin of points. Mr. Arthur Macpherson occupied the chair.

CHAUTAUQUA CONCERT

A fair-sized audience attended the Chautauqua Concert in the Opera House on Wednesday night of last week. The Concert was easily the musical treat of the season, being one of the finest of the kind ever heard in Orangeville. Boris Hambourg's 'cello numbers were a revelation in finished playing and were received with enthusiastic demands for encores, to which the great artist responded most good naturedly. The soloist, Miss Isabel Jenkinson, was also a finished artist with a very sweet voice, and the accompanist, Mrs. Farmer, was one of the best an Orangeville audience has ever had the pleasure of listening to.

—John McKim, the genial and whole-hearted Broadway grocer, honored St. Patrick's Day by wearing a nice bouquet of shamrock and also placing a pot of the emblematic bloom in his store window, from which he generously allowed his friends to help themselves to button hole decorations. Erin go bragh.

THE CHAIRMAN'S REPORT.

Mr. D. M. McIntyre States Reasons For Refusal of Ontario Railway and Municipal Board to Confirm Sale of Consolidated Telephone System.

The following is the text of the report of Chairman D. M. McIntyre, of the Ontario Railway and Municipal Board, on the application for an order confirming the sale of the Consolidated Telephone Company's system to the townships of Caledon and Erin:—

The Chairman having been authorized by the Board to report to the Board upon the matters arising upon this Application, he attended at the Town of Orangeville on the 6th and 13th days of February instant on notice to all parties in interest, and heard what was adduced in evidence by the parties, and by way of argument. The Chairman thereupon verbally intimated that he had reached the conclusion for reasons then disclosed to report to the Board that the agreement of sale in question should not be approved by the Board, and the Chairman further intimated that before reporting to the Board his conclusion as above he would consider certain objections in law raised by Mr. Wegenast acting on behalf of the Consolidated Telephone Company.

Mr. Wegenast contended that the Board had not an uncontrolled judicial discretion to give or withhold its approval to the sale in question, and that whatever the scope of its discretion in the premises the Board could not withhold its approval on the grounds intimated by the Chairman at the conclusion of the hearing; namely that the Councils of the Municipalities concerned being trustees for the intended subscribers of the proposed municipal telephone systems were bound to take "all those precautions" (in managing this trust affair) "which an ordinary, prudent man of business would take in managing his own"; that failing in their duty in that behalf the transaction of purchase entered into by the municipal councils, and of which approval is now sought, is improvident and would impose an unreasonable burden on the intended subscribers of the proposed municipal telephone systems in the amount of the purchase price fixed, and in the onerous rates required to carry on the systems afterwards.

Mr. Wegenast's contention is that on the facts of this case the Board cannot withhold its consent on the ground that the bargain is a bad one from the point of view of the municipalities, as that in effect would be an attempt to force the Company to take less for its property than the sum at which it was valued by the appraiser appointed by the municipalities. Mr. Wegenast seems to have overlooked that this is not the only alternative as the Company is at liberty to take back its plant and return the purchase money to the municipalities; the contract of sale having fallen through.

Very wide powers are vested in the Board by "The Ontario Telephone Act" (8 Geo. V. C. 31). Sections 102 and 104 read thus:

"102. The Board shall superintend the carrying out of this Act and, for that purpose, shall have and may exercise all necessary powers and authority over and in respect of any person, company, municipal corporation or Board of Commissioners."

"104. The Board may, upon request and on such terms as seem expedient, assist by advice any company, municipal corporation, the Commissioners for any system and resident assessed landowners as to the establishment, extension, maintenance and operation of any system of works authorized by this Act and the proceedings incidental thereto."

In addition to these general powers, specific powers are conferred on the Board by a score or more sections so that in the result a compliance with the Act requires that the development step by step of a municipal telephone system shall from its inception be minutely supervised and specific powers these apposite in this specific powers these opposite in this case are contained in the following section of the Act:

"24. By agreement with the owner the initiating municipality may, with the approval of the Board, acquire by purchase any existing telephone system operated in the municipality or any portion thereof, and also any part of such system situate in another municipality with the consent of the Council or such other municipality, and failing such consent with the approval of the Board."

"87. No Company shall sell or transfer its system or a controlling interest in it to any person or Company, or amalgamate with any Company or system, or enter into an agreement which shall, in effect, transfer the ownership or control of the system of such first named company to any other Company, whether such other Company is within the jurisdiction of the Legislature of the Province of Ontario or not, until the Board has approved such sale, transfer, amalgamation or agreement."

By Section 5, subsection (4) of the Act (R. S. O. Cap. 186) constituting the Board, it is declared that the Board shall have all the powers of a Court of Record. Section 107 of "The Ontario Telephone Act" (omitting as irrelevant Paragraphs (a) and (b) reads thus:

"107. The Board shall have jurisdiction to enquire into, hear and determine any application by or on behalf of any person interested.

(c) requesting the Board to make any Order, or give any direction, sanction or approval which by law it is authorized to make or give."

In view of the foregoing the proper conclusion seems to be that the Board has jurisdiction to entertain the application, and has a discretion in exercising its powers in the premises, and that the Board is not bound, as suggested by Mr. Wegenast, to exclude from consideration as a determining factor the price agreed upon by the contracting parties. The authorities cited against the exercise of such a discretion do not seem to conclude the matter. In the English case cited (Julius v. Lord Bishop of Oxford V. A. C. 214) the Bishop of Oxford was held to have a discretion to exercise or not exercise a power conferred on him by the enacting words "It shall be lawful." In that case after referring at some length to the authorities in which mandamus had issued, and amongst them to the case Macdougall v. Paterson in which occurs the dictum of Chief Justice Jervis cited by Mr. Wegenast, Lord Penzance says: "In all these instances the Courts decided that the power conferred was one which was intended by the Legislature to be exercised; and that although the Statute in terms had only conferred a power, the circumstances were such as to create a duty. In other words the conclusion arrived at by the Courts in these cases was this—that regard being had to the subject matter—to the position and character of the person empowered—to the general objects of the statute—and above all to the position and rights of the person or class of persons for whose benefit the power was conferred, the exercise of any discretion of the person empowered could not have been intended. The question then arises whether in the present case there are any considerations sufficiently cogent to exclude the idea that the Legislature intended a discretion." After an analysis of the enactment he states his conclusion that the Bishop had a discretion in those words: "The conclusion, then, at which I arrived is, that the Appellant has not established his case. The words "it shall be lawful" are permissive and enabling only. It devolved upon him to show that the Legislature intended the exercise of the power, thus conferred, to be a duty, in the performance of which the Bishop was not intended to have any discretion, and he has, in my opinion, failed to show it."

The conclusion from this seems obviously to be that it depends on the circumstances of each particular case whether enabling words which vest power in a person or tribunal give rise to a duty enforceable by mandamus. The general jurisdiction conferred on the Board by Section 102 of "The Ontario Telephone Act" to superintend the carrying out of the Act, and for that purpose to have and exercise all necessary powers and authority over and in respect of any person, company, municipal corporation or Board of Commissioners seem to vest in the Board a discretion limited only by the express provisions of the Act. Section 24, which requires the approval of the Board to a purchase of the kind in question here, places no express limitation upon the discretion of the Board to approve or withhold its approval. Besides this there is a class of persons vitally interested in the success of the proposed municipal telephone systems, whose success will be conjectural if the sale goes through, and these are the Petitioners for the establishment of the systems. These Petitioners have to the number of some 150 from the Township of Caledon, and of some 40 from the Township of Erin, applied to the Board to have their names struck off the Petition on various grounds. These latter applications have not as yet been heard, though Counsel for the Applicants attended at the Sitting on the 6th and 13th of February instant. These numerous applications are symptomatic of the widespread dissatisfaction at the proposed purchase on the part of the very persons whose support is essential to the success of the proposed municipal systems. The Board has a duty to protect this large class of interested persons (who are otherwise remediless) from the consequences of this improvident bargain. The Board has not refused to hear and determine the applications but has functioned in that it has through the Chairman held two all day sessions at which the transaction was exhaustively considered, and as a result the conclusion reached is that approval should be withheld.

The disposition of the matter proposed at the hearing seems amply supported by authority as a reference to Smith v. Chorley Rural Council (1897). 1 K.B. 678 will show. "In this case" (quoting the words of the Master of the Rolls) "the defendants were a local authority who had power to approve or disapprove plans relating to houses proposed to be erected in their district. The plaintiff submitted plans of proposed houses to the defendants, whose duty was not merely ministerially to put "approved" or "disapproved" on the plans, but to determine whether they would or would not approve them." At p. 680 Lord Justice Lopes says, "Many points have been argued in this case; but the one we have to deal with is this. Plans were laid before the District Council, who did not refuse or neglect to consider them, but, exercising their discretion, they disapproved of them thinking that the street in which the houses were to be built was a new street. The rule applicable to such a case is that the exercise of the discretion of a tribunal, however erroneous it may be, upon a question within its jurisdiction and when honestly exercised cannot be questioned. Any other conclusion would lead to this—that though the Legislature has entrusted to a local tribunal a discretion as to a particular matter which they consider, and as to which they honestly exercise their discretion, still the court could direct them to exercise their discretion in a different way—a result which in my opinion would be absurd."

The Chairman is of the opinion that the Board has a discretion in the exercise of its power to approve or disapprove of the proposed purchase and sale upon the grounds intimated at the hearing, and he will report to the Board recommending that the purchase and sale be not approved.

D. M. McINTYRE,
Chairman.

Dated at Toronto, the Twenty-third day of February, A.D., 1920.

The Board's Order following receipt and consideration of the Chairman's report, is set forth in the following terms:—

HEALTH IS PERFECT NOW, SAYS BROWN

Suffered Ten Years—Is Relieved by Tanlac, Says St. John Man.

"I had suffered from indigestion for ten years before I began taking Tanlac, and the way it has built me up is something remarkable for I am feeling like a young man again," was the statement made recently by T. H. Brown, proprietor of the Valley Meat and Fish Market, who lives at 41 Winter Street, St. John, N. B.

"I have certainly had my share of suffering in this world for I have been bothered for the past ten years with the worst sort of stomach trouble," Mr. Brown continued, "I had nearly lost my appetite and when I did force myself to eat a little something it was almost impossible for me to retain it. I even hated the sight of food because everything I ate would sour on my stomach and give me an awful distressing feeling afterwards. My sleep was restless and when morning came I always got up feeling tired and worn-out.

"Here is how I got hold of Tanlac and started taking it: A customer of mine had been trying to get me to take Tanlac, as he had tried it and with remarkable results, but I kept putting it off. One day he walked into my shop and put a bottle of Tanlac down on the counter and said: "Try that". I took his advice and I want to tell you that proved to be the turning point of my life. That very first bottle hit the spot and I kept taking it until now I am in absolutely perfect health. I eat heartily now and enjoy every meal. My digestion was never better and I am not troubled afterwards at all. I sleep sound at night and get up in the morning feeling brimful of life and energy. Yes, sir, I am a new man to-day and feel years younger."

"Tanlac is sold in Orangeville by C. V. Jeffers, in Grand Valley by G. E. Morrow and W. T. Edmonson, and in Shelburne by J. E. A. White."

ANNUAL BANQUET.

Dufferin County Old Boys Make Merry in Winnipeg.

Again did the former residents of Dufferin County gather round the festive board in the Fort Garry Hotel, Winnipeg, and with song and story well flavored with Irish Melodies recall the early pioneer days in this famous Old County, that can count within its borders as many Orange Lodges as Churches, and can with pride point to larger prohibition majorities than any other County in Ontario.

The Banquet was scheduled for seven o'clock, but before six-thirty the guests began to arrive in large numbers and were received by Messrs James Rooney, Barber, Modeland, Watson, Fisher, McNabb, Graham, Stark and Maxwell.

Promptly at seven the assembled guests repaired to the famous Rose Room where each one was presented with an attractive souvenir program, which included in addition to a list of the officers, the menu and toast list, a page of humorous sayings and another page of famous Irish Melodies. These were sung between the various courses.

J. J. Rooney acted as Toast Master and the following toasts were duly honored:

"The King," "Canada," "Ireland," "Dufferin," "The Ladies," "St. Patrick" and "The Land We Live In."

The musical part of the program was provided by Miss Vera Graham, Mrs. R. Neely and Mr. Chester McClellan.

As was to be expected the numerous after dinner speeches were both humorous and reminiscent.

The first speaker was Col. Geo. Clingan, M. D., M. P. P., of Virden, who had as his text, the "Hockley Wolves." a topic to which ample justice was done, and every one present who ever had occasion to visit on Fair Day, Manasseh Leeson's Hostel, The Hicks and Dufferin Houses. to say nothing of the Paisley House and Harshaw's had no trouble in picturing Emery McLean's Bee Hive Auction Sales and Sopha Donner's Grocery and Crockery display. To "Eddie" August now the sedate member of parliament for New Dufferin, was given the Redickville stage coach as a subject. He drew a vivid picture of Melancthon in the early days when James Brown. Jim McCue, John McGee, Vickers Bates and many other pioneers scouted the idea that Melancthon was a big swamp and set out to carve homes in the unblazed forest.

Professor George Sproul with "Crombies Crossing" placed opposite his name appeared to have a White Elephant on his hands, but before he got through dilating on the amount of pleasure that could be got out of 25 cents in Shelburne on Dufferin's National holiday, July 12th., and the trials of the C. P. R. snow plow in that particular district, many of those present declared that they preferred the old days with their kindly sociability even though money was scarce, to the present era of high finance and seeking after pleasure at any cost.

"When the Banshee Cried" was the subject that bid fair to floor the audience, but by the time Rev. John Maxwell and the Rev. Wm. Graham got through recounting the days when the women discarded their corsets every time a thunder storm came up, so that the steel in the armour worn in those days would not attract the lightning, and other superstitious customs of the days when Short Tom always carried an umbrella for fear a squall would come up, most of those present understood what was meant by the banshee.

Professor Charlie Lee kept the audience on its toes while he dilated on the hospitality of Dufferin's old time taverns. They were institutions that served their day in a peculiar fashion, and will for all time have thrown around them a halo of revelry, superstition and romance.

The Committee in charge of the affair was Mrs. H. W. Watson, Mrs. J. T Fisher, Dr McCarten, R. M. Neely, C. E. Graham, J. J. Rooney and S. T. Newton.

ST. ANDREW'S Y. P. S.

St. Andrew's Young People's Society held a very successful meeting in the auditorium of the church on Monday night. About seventy young people attended the meeting, which was in charge of the Missionary Committee. The important item of the program was an address by Rev. Capt. T. H. Stewart, rector of St. Mark's Church, who gave a very interesting talk on Missions. Capt. Stewart related a number of experiences on the Western battle front and spoke of thegreat mission work there. He also showed the great need and the great appeal there is for missionaries on the foreign field. The musical program included an organ solo by Miss Browne. Next Monday night a fine program will be provided by members of the Society outside of the High School pupils. This will be the last night of the membership contest which has now been running for a number of weeks. Everybody should therefore endeavor to be present at this meeting. All made welcome.

EDITORIAL NOTES.

The announcement that the Centre and Prince of Wales Roads will become part of a Provincial highway extending from Port Credit right through to Owen Sound brings Orangeville right up against the sewerage problem. It goes without saying that when the Government gets to work to bring this highway up to the standard set for through roads of this class the municipality of Orangeville will be obliged to bring the connecting link passing through the town up to the same standard. This will mean a first-class macadam road with a bound surface, possibly a paved street, along Broadway and up the Prince of Wales Road for some distance. It would hardly be wise to incur the expense of a highway of this class without first making some provision for the sewerage requirements of the town. If there is ever to be a trunk sewer along Broadway it should certainly be laid before the street is either macadamized or paved.

The smaller urban municipalities along the Provincial highways will fare rather better than places of the size of Orangeville and Brampton. In towns under 1500 population the Government will build the road right through and maintain it in the same way as in the rural municipalities. In towns having more than 1500 people the Government, instead of building the road, will pay the municipality an equivalent per mile to the average cost per mile of five miles of highway on each side of the town. This means that if the average cost of the five miles of the highway immediately outside of Orangeville to the south and the five miles immediately outside to the north should happen to be $7,000 a mile Orangeville would receive $7,000 a mile from the Government toward the cost of imvroving the portions of Broadway and the Prince of Wales Road lying within the boundaries of the municipality. This would bring the road inside the town limits up to the same standard as other parts of the highway. If the town wanted anything better than this it would of course require to foot the bill for the additional cost. The concession means a good deal to the urban municipalities, which formerly appeared to be in a fair way to be left to bear the full cost of improving the connecting links within their boundaries.

The Orange Sentinel argues convincingly that when a city reaches a population of 200,000 efforts should be made to curtail its further growth. Ten cities, the Sentinel holds, of 100,000 population each would be better than one city of a million or two cities of half a million each. This is an unusual position for a city newspaper to take, but our cotem is on safe ground and can advance plenty of sound arguments in support of its position. Overcrowding and insufficient housing accommodation are two great evils that are always found in an aggravated form in the large centres of population. The larger the city the more closely are the poorer classes crowded together. Why should the industries of a country be concentrated in a few large cities? Overhead expenses are bound to be heavier than they would be in the smaller places. These will offset any transportation advantages. If the factories were distributed over the country it would be much easier for their operatives to secure comfortable homes and the advantages of a clean, healthful home life. The small cities and towns would be more prosperous if they had their share of the manufacturing industries and their prosperity would give the agricultural community a better market right at its doors. It requires very little argument to prove that the country as a whole would be more prosperous and enjoy a larger measure of contentment if such a condition could be brought about.

MRS. WM. M'CONNELL

Mrs. William McConnell, a highly esteemed resident of Orangeville for thirty years, passed away at her home on West Broadway early on Thursday afternoon after a long illness, which she had borne with true Christian patience and fortitude. Deceased had been an invalid for the last six years, being seldom well enough to leave the house in all that time. Mrs. McConnell, whose maiden name was Annie McCartney, was a daughter of the late William McCartney, of Caledon, where she was born and spent her girlhood. She came to Orangeville with her husband about seven years after their marriage. She was a faithful and consistent member of the Methodist church and a regular attendant at the Sabbath Day services as long as her health permitted. A loving, dutiful wife and a tender, devoted mother, her loss will be keenly felt by her husband and daughters, who have the heartfelt sympathy of the many friends of the family in their bereavement. Besides her husband she leaves two daughters, Miss Alma of the staff of the Orangeville Public School, and Mrs. W. J. Gillespie, wife of Deputy-Reeve Gillespie, of Orangeville. An only son, Howard, died about thirteen years ago. Messrs. George and John McCartney in Manitoba, Mr. William and Misses Hannah and Emma McCartney and Mrs. T. T. King of Toronto, and Mrs. S A. McCartney, of Orangeville, are the surviving brothers and sisters. There was a large attendance of sorrowing friends and neighbors at the funeral, which was held to the Forest Lawn Cemetery on Saturday afternoon. Rev. E. R. Young, the family pastor, conducted the services at the house and grave and was assisted by Rev. W. M. Morris, pastor of St. Andrew's church. Messrs. Robert, Walter and John McConnell, S. A. McCartney, M. Varcoe and B. McGuire were the pallbearers. Numerous beautiful floral tributes bore silent testimony to the sorrow and esteem of the friends of the departed woman. Amongst these were:—A pillow "Mother" from the daughters; pillow, Mr. and Mrs. Wm. McCartney, and family, Toronto; wreaths, the sisters and Mr. and Mrs. R. J. McConnell; sprays, Mr. and Mrs. S. A. McCartney, Miss. M. S. Hunter, Mrs. (Rev.) J. A. Donnell, of Haileybury, Mrs. E. Peavoy and Miss Doris McDonald, of Toronto, the Orangeville Public School Board, the Epworth League of the Orangeville Methodist Church, the Methodist Church Women's Missionary Society and the Busy Bee Club, and a basket of flowers from Misses E. and M. King and Mr. R. H. King, of Toronto.

Among the friends present from outside of town were Mr. and Mrs. Wm. McCartney and their daughters, Misses Lila and Olive, of Toronto; Mrs. T. T. King, Mr. Reginald and Miss Mildred King, of Toronto; Misses Hannah and Emma McCartney, of Toronto; Mr. and Mrs. Albert Lindsay and Mr. Geo. Laughlin, of Caledon; Mr. and Mrs. W. H. Laughlin and Miss Reta Laughlin, of Belfountain, and Mr. and Mrs. Jos. Chambers, of Caledon.

JOHN SPENCE.

John Spence, an old man who had made his home with Mr. and Mrs. Addison Ladd, near Mono Centre, for the last twelve years, passed away quite suddenly on Friday morning. Other members of the household heard him moving about in his room about seven o'clock in the morning and naturally supposed that he had arisen and was dressing. When he failed to appear within a reasonable time a visit was made to his room where his lifeless body was found. He had evidently been overcome by heart collapse. Deceased was 83 years and 5 months of age. His only known relative is a married daughter living in Toronto. The funeral was held from Mrs. Ladd's residence to Burns' Church cemetery on Sunday forenoon, Rev. Wm. Coutts, of Camilla, conducting the burial service.

MRS. MARY DICK.

Mrs. Mary Dick, wife of Mr. Arch. Dick, a onetime resident of Alton, died at her residence in Toronto on Saturday. Deceased was born in Caledon township, but had lived in Toronto for the last 25 years. She was in her 70th year and is survived by her husband and two married daughters, Mrs. A. H. McIntosh, of Winnipeg, and Mrs. A. B. Anderson, of Toronto. The remains were interred in Alton cemetery on Monday.

BOWLING GREEN.

We are very sorry to report that the roads are in such poor condition that they are almost impassable.

A very enjoyable evening was spent at the home of Mr. and Mrs. John Gilder, when a large number of their friends and neighbors gathered for the purpose of presenting them with a table and bible. Mrs. William Black read the address, to which Mr. Gilder made an appropriate reply. After a short program of speeches, the remainder of the night was spent in dancing. Everyone went home in the wee hours of the morning feeling that they had spent a good time.

Mr. and Mrs. Watson Garbutt are getting settled on their old farm again. We are very much pleased to have these good neighbors back in our midst again.

The farmers here are preparing for a very large flow of sap this spring.

THE METHODIST CHURCH.

A very interesting session of the Epworth League was held last Monday evening. The meeting was in charge of the Literary Committee whose Convenor is Mr. Ellis Liddy and he and his friends are to be congratulated upon the success of the evening's event. Mr. Graham Kearns made an efficient chairman. Musical selections were given by Mrs. Liddy and Messrs. Robinson and Morrow. Mr. C. R. McKeown gave a most instructive address upon the Constitutional Government of Canada and Ontario. He earnestly appealed to the young people present to be thoroughly informed as to the system under which we live and to take their full place as wise, intelligent and useful citizens.

Under the leadership of Mr. Jessop the musical part of the regular services on Sunday is beyond praise. Not only are the anthems rendered with great power but the whole musical service is reverent, beautiful and helpful; and the large audiences both morning and evening show how sincerely the services are appreciated.

Last Sunday evening Rev. E. R. Young gave the fourth in the series on the destructive power of evil and the necessity for a Saviour from sin. Evolution, said Mr. Young, was a comforting doctrine when applied to that which is good. It is a pleasant thing to contemplate that which is crude growing into that which is perfect, the bud into the apple, the child into the man, the penitent into the saint; but there is another side which shows us the development of evil, from the germ to the disease, the moth's egg to the corrupting worm, the evil thought to the vile and wicked sinner. Next Sunday evening the last of this series will be given :—"Dies Irae, or The Punishment of Sin."

There will be special service on Good Friday morning at 11 a. m.

CALEDON.

Capt. Rev. J. F. G. Morris preached a very helpful sermon on Sunday last on "The Trial before Pilate," using as a basis for his remarks the old text, but containing the same challenge, "What will ye do with Jesus." Next Sunday "The Cross" will be the subject for the sermon.

Caledon U. F. O. held a special meeting on Saturday night last and selected eight delegates to attend the Convention in Brampton on Wednesday next.

Owing to the bad roads and very unfavorable weather Mr. Dan McKim's sale was postponed until Thursday next, when we hope conditions will be better for all concerned.

We are glad to note that the Nesbitt family, who were all laid up with the flu, are now convalescing.

After holding the position of Township Councillor for a little over two months Mr. Harry Fudge has handed his resignation to Clerk Willis and a nomination meeting to fill the vacancy will be held in the near future. The lawsuit pending with the Consolidated Telephone Co. has no doubt something to do with causing Mr. Fudge to resign, and if the municipality is to be precipitated into a big legal fight we would suggest more resignations.

Mr. Ross Bates, who has spent the winter with his father after returning from France, left for the West on Tuesday.

Mr. Jas. Warnock has purchased the west half of lot 10 on the 1st line, east, known as "the seventy-five." Success, Fraser.

Mr. Jas. Clark, mail Courier on R. R. No. 2, is again under the weather. We hope to see him making his rounds as usual before long.

Mr. and Mrs. Samuel Patterson and family have all been flu sufferers for the past week, but we are pleased to say that all are now on the mend.

BIG REAL ESTATE DEAL.

Hugh Carson Co., of Ottawa, Buy $100,000 Property.

An Ottawa despatch of a recent date has the following item regarding the purchase of a new site by the Hugh Carson Co. of that place. Mr. Carson, who is head of the firm, is an old Orangeville boy:

Negotiations involving the sale of the building and property occupied for many years by the Eclipse Manufacturing Company and the Steel Equipment Company, at 72 and 74 Slater street, to the Hugh Carson Company, harness, leather and trunk manufacturers, at a price of $100,000 have just about been completed.

The property in question belonged to the Edward Seybold estate, Messrs. F. L. Bronson, Walter Bronson and James Gibson. It occupies a frontage of 66 feet on the south side of Albert streets and 99 feet on Slater street. A three storey brick building, 45 ft. by 120 ft., fronts on Albert street, while a two storey building, 45 feet by 99 feet, faces on Slater street. The buildings have been occupied during the war by the inspection branch of the Department of Militia and Defence.

The price paid for the property is considered very reasonable, as the buildings are admirably suited to manufacturing purposes. In addition to the buildings and land, the Carson Company acquires a boiler, an electric light plant, a fifty horse-power steam engine, and a japanning oven, which the company will be able to use in connection with the trunk and bag department.

While no particulars are available as to the intentions of the Department of Militia in regard to the use of the building until the expiry of the lease, it is not expected that the Government will put any obstacles in the way of the company acquiring the building at an early date.

As soon as the Carson Company secures possession of the building, it will transfer and merge into one the harness manufacturing business on Elgin street, and the trunk business which occupies a building on Sparks street. The merging of the business under one roof will enable the company to expand.

The company is experimenting in an export trade with the British West Indies, and hopes to make a strong bid for business which was previously going to the United States. Orders placed with the company in the last few weeks indicate that the export trade with the British West Indies will compel the company to increase its manufacturing facilities at the earliest date.

HAUL BODY SIX MILES.

Sullivan Farmer Died While Roads Were Impassable.

Mr. Peter Kincaid, of the township of Sullivan, died at the age of 94 years and his funeral was held a week ago Friday afternoon. The minister was unable to reach the home which was six miles from Chesley. The undertaker could only get there by walking. The friends and neighbors were unable to take their horses on the road. The casket was taken on a light sleigh and was drawn by long ropes by 15 neighbors six miles to the Chesley cemetery. Other friends steadied the sleigh to keep it on the road. At times the gangs changed. The mourners walked behind. The procession occupied more than two hours on the way. They arrived at the cemetery wet through and worn out and with their clothes freezing. They were taken to a restaurant and served with hot tea and coffee. Not a single horse was on the road.

The undertaker, who set out with a single horse and light sleigh to meet the procession, was obliged to leave his horse a few miles out of town and draw the sleigh back to Chesley with a broken shaft. The horse could go no farther.

A SPRING TONIC AIDS EFFICIENCY

Lay Foundation of Good Health Now by Building Your Blood and Strengthening Your Nerves.

The good old fashion of taking a tonic in the springtime, like most of the customs of our grandparents, is based upon sound common sense and good medical practice. Winter is always a trying time, for those who are not in rugged physical health. Many men, women and children go through the winter on reserve strength they have stored up during the sunny summer months, and grow increasingly pale and languid as the spring days approach. A tonic for the blood and nerves at this time will do much for such people, by putting color in the cheeks and banishing that tired feeling that worries thousands of people at this season of the year.

It is impossible to be energetic if your blood is thin and weak, or if your nerves are frayed or shattered. You cannot compete with others if you do not get refreshing sleep at night, or if your appetite is poor or you are losing weight. You need a tonic at this time to add to your efficiency now, as well as to save you from suffering later on. And in all the realm of medicine, there is no safer or better tonic than Dr. William's Pink Pills. These pills tone and enrich the blood which circulates through every portion of the body, strengthening jaded nerves and run down organs, bringing a feeling of new strength and energy to weak, easily tired, despondent men, women and children.

Mrs. J. N. McNeil, Glace Bay, N. S., says: "For years past my home has never been without Dr. William's Pink Pills, and I have good reason to praise them highly. Following an attack of la grippe, I was left in a badly run down condition. I had no appetite and felt so weak I could scarcely go about the house. I was taking medicine, but it was not helping me, and a friend advised me to try Dr. Williams Pink Pills. I used them for a time with the most beneficial results. My appetite improved, my strength returned and I was soon able to do all my housework. I now use the pills every spring and find them a splendid strength bringing tonic. I have recommended the pills to other friends who have used them with good results."

Dr. Williams Pink Pills are a tonic, not a stimulant. They build up the blood and through their use not only the disastrous after effects of influenza but also the troubles due to poor blood, such as anaemia, rheumatism, indigestion and the generally worn-out feeling that affects so many people, disappear. You can get these pills through any dealer in medicine or by mail at 50 cents a box or six boxes for $2.50, from The Dr. Williams Medicine Co., Brockville, Ont.

BOWLING GREEN.

About one hundred neighbors and friends met at the home of Mr. and Mrs. John Gilder on Monday evening of last week to express in a tangible form the regret they felt at the departure of Mr. and Mrs. Gilder to Orangeville to make their future home. After an hour or so of social pleasure Mr. George Gier, as chairman, called the gathering to order, speaking very highly of Mr. and Mrs. Gilder's qualities as good neighbors. He then called on Mrs. Wm. Black, who read the following address:—

Dear Friends,—We have gathered here this evening to express in a small measure our appreciation of your value as one of our esteemed citizens and our extreme regret at your departure from our midst.

Your hearth has always had a ready welcome for us. You have ever shown your goodwill among your friends, lending a hand in the hour of adversity. Your absence will reflect the true loss of valued friends and neighbors, and although we are loath to part with you we feel that while it is our loss it is another's gain.

We ask you, Mr. and Mrs. Gilder, to accept this table and you, Mrs. Benham, this bible as a small token of our love for you. We all join in wishing you every happiness in your future home.

Signed on behalf of your friends and neighbors

WM. BLACK
GEO. GIER

At the opportune time Mr. Wm. Black presented Mr. and Mrs. Gilder with a quarter cut oak extension table and Mrs. Gier presented Mrs. Benham with a beautiful bible. Mr. Gilder made a very feeling reply on behalf of himself, Mrs. Gilder and Mrs. Benham, thanking all the friends for their gifts and good wishes. Councillor Harry Whaley and others made short speeches, after which the house was thrown open for dancing and other amusements.

AN ENEMY OF MANKIND

A Subtle Foe to Deal With

The subtle, unsuspected enemy, which, taking hold on the kidneys, saps them of their strength and vitality, rendering them inactive and unable to remove the poisons and waste substances from the blood, should immediately be dealt with. All who suffer from backache, pains in the sides, sciatica, rheumatism, neuralgia, constant headaches, constipation, that helpless feeling of lassitude; stiff, swollen joints, hands and ankles, sore muscles, sleeplessness, floating specks before the eyes, irritability, should at once begin treating the kidneys with Gin Pills, which are by far the most effective remedy for diseases of this vital organ.

The first sign of pain in the back or side is warning enough. Do not delay. Once the kidneys and bladder get out of order, most serious, and often fatal consequences are likely to follow in quick sequence. Get a box of Gin Pills today, and correct the derangement before it is too late. At all druggists or dealers, 50c. Money refunded if not satisfied. Free sample on request.

GUARD AGAINST THE 'FLU

Serious Outbreaks of Influenza all over Canada

GOOD HEALTH IS THE SUREST SAFEGUARD

"FRUIT-A-TIVES" Brings Vigor and Vitality and Thus Protects Against Disease

There can be no doubt that the situation regarding the spread of Influenza throughout Canada is one of grave concern. It is quite true that the number of cases does not constitute an epidemic such as caused the suffering and sorrow during the terrible days of 1918. Yet there is no disguising the fact that everyone should be on their guard against the disease.

In Montreal alone, from January 20th to February 21st, *three thousand, one hundred and twenty-two* cases of Influenza and 189 deaths from the disease were reported to the Health Department.

If the outbreak had come at the beginning of the winter instead of the end, we might reasonably feel that the very cold weather would check the spread of the disease. But coming as it has, at the end of the winter, there is grave fear that an epidemic may occur. For spring, with its slush and rain under foot, its dampness and chill, its constant changing from cold to warm and back again, is a prolific source of coughs and colds, pleurisy and pneumonia.

The best protection, in fact, the only safeguard against the 'Flu, is, GOOD HEALTH.

Those who are not as well and strong as they should be; those who are underweight; those who are "run-down" through overwork or sickness; should build up at once. What they need is a Blood-purifier, a body-builder, a strength-giver, like "Fruit-a-tives", the wonderful fruit medicine.

"Fruit-a-tives" regulates the kidneys and bowels, causing these organs to eliminate waste regularly and naturally as nature intended. "Fruit-a-tives" keeps the skin active, and insures an abundant supply of pure, rich blood. "Fruit-a-tives" tones up and strengthens the organs of digestion, sharpens the appetite, brings restful sleep and renews the vitality of the nervous system. "Fruit-a-tives" contains everything that an ideal tonic should have; to purify the blood, to build up strength and vigor, and to regulate the eliminating organs, so that the whole system would be in the best possible condition to resist disease.

Now is the time to build up your health and strength, not only as a precaution against the ravages of Influenza, but also to protect you against "spring fever" and the inevitable reaction which comes with the appearance of warmer weather. Get a box of "Fruit-a-tives" today and let this fruit medicine keep you well.

"Fruit-a-tives" is sold by all dealers at 50c a box, 6 boxes for $2.50, trial size 25c, or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

IN MEMORIAM

SPEERS—In loving memory of John Armstrong Speers, who died of influenza in Watrous, Sask., on Mar. 17th, 1919. Laid to rest in the Forest Lawn Cemetery, Orangeville, on March 24th:—

One year ago to-day
Our deepest sorrow came;
We almost sank beneath it,
So bitter was the strain.

None know the bitter headache,
None but those who lose can tell
The pain and grief in parting,
With one we loved so well.

Alone, so far from home and friends,
So far from all that's dear;
No loved one was there near him
To shed a farewell tear.

Your loved ones tried to reach you,
But the distance was so great;
When the Saviour's voice had called you,
We know you could not wait.

Our hearts were bruised and aching,
When we kissed that lovely brow;
But Jesus wept when Lazarus slept,
He will not blame us now.

Oh! Jack 'twas hard to part with you,
When you waved a last farewell,
Did we think so soon to Jesus,
You were going home to dwell?

Sweetest memories you have left us;
None on earth could fill your place,
We shall ne'er forget that footstep,
Or that happy, smiling face.

God knows how much we miss you,
He counts the tears we shed.
And whispers, "Hush, he only sleeps,
Your loved one is not dead."

Not dead to us, we love him still,
Not lost, but gone before,
Then let us live to meet him,
Where partings are no more.

Around the lonely grave we linger,
When the setting sun is low;
But our dearest brother liveth
In a better home we know.

So we leave thee with our Saviour,
Hoping, trusting in His love;
And we all shall try to meet thee
In that brighter world above.

Sadly missed,
Parents, Sisters and Brothers.

Mr. and Mrs. J. C. Scott, of Grand Valley, have gone to Elora where they will make their home in the future.

Barrie has purchased a motor fire truck. It is equipped with a chemical cal equipment and a rotary pump. The expectations are that the combination will provide highly effective in small fires and parts of the town where the water pressure is lowered by the elevation.

Two farmers were arguing one Saturday night at the corner grocery as to whether a hen sits or sets on her eggs. The matter was discussed earnestly, and the debate increased in warmth and keenness, when Farmer Brown said, "I don't care a continental whether a hen sits or whether she sets. What I want to know is this—when a hen cackles, has she laid or has she lied."

Mr. Bert Magee, of the 10th line, Artemesia, had rather a disconcerting experience one day last week—one that he would not like to have occur again. Upon leaving home for Flesherton he slipped a roll of bills into his pocket containing $270. After arriving in town he undertook to produce the money, but it was gone and he was in a quandary as to its whereabouts. It isn't every day that that amount of money is picked up and its loss would have been a serious blow to Bert in these days of high prices. He hiked back home as fast as the good road system would allow and after trailing himself for sometime found the roll intact in the barnyard, where he had dropped it in some mysterious manner.

ASSAULTED CONDUCTOR

Dundalk Drover Beat Up C. P. R. Conducter.

Conductor Scanlon, in charge of the C.P.R. train due here at 10.35 last night, was the victim of a murderous assault at Dundalk station last night. W. H. Thompson, a drover, is said by the conductor and other eye witnesses to have been the perpetrator, and it is also said that he was under the influence of liquor at the time. The trouble started very soon after the train left Toronto Union Station, when according to the conductor, Thompson got acting smart when asked to show his ticket, and did not show it. At West Toronto a C. P. R. constable was secured and then Thompson gave up his ticket, but he is said to have made threats as to what he would do when he got to Dundalk. Coming up on the train he made quite a nuisance of himself and some of the passengers were glad when Dundalk was reached and he got off. The conductor got off first with Thompson behind him, and it was then that the assault took place. Thompson is said to have struck the conductor from behind, hitting him behind the ear. He then repeatedly hit Scanlon in the face, breaking his glasses, cutting the face badly and probably breaking the bone of the nose. The lantern carried by the conductor was also smashed. When Thompson finally finished, the conductor was in very bad shape and before the train could proceed a doctor was called and dressed the injured man. This held the train about an hour and a half at Dundalk. At Owen Sound the injuries were again dressed by Dr. R. Howey, when the train arrived in here about half past two. A number of stitches were found to be necessary to close the wounds.

The offence is a very serious one and there is no doubt but that the C.P.R. officials will prosecute the offender to the limit. A conductor has charge of the passengers on his train and the train and all thereon are subject to his authority. An attack on him is almost in the same class as an attack on a captain of a boat, and the offender may find that he has got himself into very serious trouble.

Conductor Scanlon was able to take his train out this morning, but his face is pretty badly marked up.—Owen Sound Sun-Times.

The U. F. O. have bought a property on Woolwich Street, Guelph, and will open a store there.

At a meeting of Knox church, Gd. Valley, Missionary Society advantage was taken of the opportunity to thank Mrs. J. C. Scott for her untiring efforts in the past for the good of the organization. Mrs. J. A. Richardson and Mrs. F. Sargent presented Mrs. Scott with a silver tray in appreciation of her services and as a remembrance of old associations.

John Collins, an old watch repairer, who was taken to the House of Refuge, Walkerton, about six months ago from Southampton, passed away recently from pneumonia, aged 85 years. The deceased, who was a bachelor and a confirmed recluse, was familiarly known as "John the Hermit," owing to his peculiar habit of dwelling alone in a small shanty in the woods for many years.

Grafton & Co., of Owen Sound, had part of their stock damaged by water a week ago Sunday night. A waterpipe in a vacant room above the store froze and burst and when the store was opened Monday morning the water was found pouring down through the ceiling on the south side of the store. As a result about $500 of stock in men's furnishings was somewhat damaged.

With tragic suddenness, death came to Wilfred Kaiser, a week ago Sunday morning while he was attending to his duties as G. T. R. brakeman in the Palmerston yards. About 2 a.m. he was assisting with the making up of a large freight train to which two engines were attached. The train was about ready to pull out, and after making some connection, Mr. Kaiser stepped out from between the cars to the next track where he was struck and almost instantly killed by the yard engine.

WHY IS IT

that chronic skin diseases which have defied all other treatments yield to Zam-Buk?

It is because Zam-Buk is germicidal, and also has such power of penetration that it reaches diseases in the underlying tissues and cures from the "root" up. That is the only way a permanent cure can be effected.

Mr. H. C. Buckley of 405 E. Broadway, Portland, Oregon, says: "For chronic skin diseases there is nothing like Zam-Buk. For fifteen years I had eczema, and I tried an endless number of so-called 'eczema cures,' but nothing was capable of curing me permanently until I used Zam-Buk. Ten months' use of Zam-Buk has effected a complete cure."

For ulcers, abscesses, boils, ringworm, blood-poisoning, piles, burns, scalds and cuts, Zam-Buk is equally good. All dealers or Zam-Buk Co., Toronto. 50c. box, 3 for $1.25.

On Wednesday evening, March 3, a number of neighbors and friends of Mr. and Mrs. Neil McTavish met at their old home in West Luther and presented them with a library table and chairs, as a slight token of the esteem in which they are held.

David Savage, of Listowel, son of Mr. and Mrs. W. J. Savage, formerly of Chesley, is the heaviest boy in Canada under sixteen years of age. He weighs 365 pounds. Dave is over six feet high and strong as an ox. He is head clerk in McDonald's grocery store in Listowel and a very popular young man.

On Monday evening, March 1st, the members of the Methodist church, Whitfield, met at the home of Mr. and Mrs. Geo. Best and presented their daughter, Mrs. Leonard Halbert, who had been organist and choir leader of the church up to the time of her marriage, with an appreciative address and a beautiful mantel clock.

O. H. S. LITERARY.

With a "top o' the mornin' to yez" the High School opened on St. Patrick's Day with good cheer and green favors much in evidence. Many of the older boys of the school donned green bows, turn down collars and Irish emblems in honor of the day. In the afternoon the Literary Society held a St. Patrick's meeting in the Assembly Hall. All the numbers on the program were Irish. Arthur "Mac"pherson changed to a "Mic" and occupied the chair. After hearing the minutes read by Secretary Miss Edna Coulson the students were regaled by hearing the "Eye-Opener" read by Graham Kearns. This was followed by a well given selection, "The Irish Philosopher" by Wilson McConnell, who took the platform and the audience in Irish costume. Eight of the pupils gave the popular Irish song, "Come back to Erin." This was followed by a Joke contest, which occasioned much hilarity. Principal Hackett, who hails from the Emerald Isle, contributed a much appreciated Talk on Ireland and its inhabitants, tracing the history of the little island from the time of St. Patrick. The meeting closed with the singing of the National Anthem.

IN MEMORIAM.

In loving memory of our dear mother. Mrs. William McCabe, who departed this life on March 16th.. 1920.

She has gone, dear mother,
She has left us to be among God's lambs,
Where no sorrow can ever reach her,
In that beautiful heavenly land.

No more on earth we see her smiling face,
Or hear her welcome voice,
But if we only look to God
We shall with her rejoice.

Days of sadness still come o'er us,
Tears of sorrow often flow,
For our kind and loving mother,
Whom God claimed one year ago.

Just one year before, dear father left us,
We deeply mourn both parents dear,
We miss them in the dear old home,
We miss them everywhere,

It is hard to say, "Thy will be done"
And with our loved ones part,
They are gone, but not from memory,
But to their heavenly home above,

THE FAMILY

IN MEMORIAM.

In sad but loving memory of John Armstrong Speers, who passed away March 17th., 1919, at Watrous, Sask.

Just one year ago we lost him,
Words would fail our grief to tell;
But in Heaven we hope to meet him,
Never more to part again.

SISTER

Prelate, Sask.

G. W. V. A. NOTES

The last general meeting was held on March 11th., with an average attendance. The electric sign with the G. W. V. crest painted on it is still waiting patiently to be put in its place. Long and arduous have been the labours of the House Committee and we are at last able to state with some truth that every effort will be put forth to place the sign where all weary veterans may see it and profit.

A motion was passed thanking Mr. E. C. Clark for his donation of a cord of wood for the rooms. The bugle band will have the use of the club-rooms for an hour every Monday and Thursday evening.

Col. Preston is now attending the Peterboro convention after which he will attend the Dominion convention at Montreal as a delegate of the Orangeville branch.

Allan W. Fisher was duly initiated into the mysteries of the organization and the manner in which he was led to slaughter was original. Entire credit is due Comrade Henderson for his ingenuity.

The I. O. D. E. extended an invitation to the branch to attend a lecture on War Memorials. It proved very interesting and the idea enlarged upon deserves the greatest support.

COUNCILLOR RESIGNS.

Councillor Harry Fudge, of Caledon, has resigned. Those familiar with the situation in Caledon connect his resignation with the recent action of the township council in taking steps to secure an injunction to prevent the Consolidated Telephone Co., which recently went into liquidation, from distributing its assets. The Council's interest in the distribution arises from the fact that the assets include the money that the municipality paid for the telephone system, under the terms of a sale, which the Ontario Railway and Municipal Board subsequently refused to confirm. We understand that the Council secured an injunction until the matter can be tried in the Courts, unless some settlement is reached in the meantime.

—Mr. John Lyness has sold his 50 acre farm, part of lot 37, con. 2 Albion township, to Mr. William Mason, of the same locality.

HOSPITAL NOTES

We are glad to report that a movement is now under way which we hope will give us greatly improved Hospital accommodation. Though plans are as yet, naturally, immature, there is an intense and growing feeling that something must be done, and soon, to improve present conditions. With this object in view a committee of representative business and professional men has been named to devise ways and means. Only one serious objection to prompt action could be taken, namely, the high prices of labour and material. However as money is available in unlimited amounts for practically every other purpose, amusement, investment, pleasure, dress, living, why then neglect the opportunity of doing lasting good by providing a really up-to-date Hospital where urgent cases of sickness and accident may be given proper and prompt attention. We have sufficient faith in that spirit of Brotherhood and Service to believe that the funds necessary can be secured as soon as they are gone after.

GREENSLADE – NICHOLSON.

At the residence of the bride's father, 45 Fairview Boulevard, Toronto, on Tuesday afternoon, March 16th., 1920, the Rev. Stanley H. Greenslade, B. A., formerly of Laurel, was united in marriage to Nora, daughter of Mrs. Joseph Nicholson, by Rev. W. E. Wilson. The groom was before the war and is at present assistant pastor of King Street Methodist Church.

A MISLEADING ITEM.

Last week The Banner stated that Mr. Alex. Conley had been appointed weighmaster at the C. P. R. stock scales at a salary of $25. The item was rather misleading. What Mr. Conley does is pay $25 a year rental for the scales. He of course collects the weighing fees, which amount to a very considerable sum annually.

Prominent Minister Endorses Hacking's Heart and Nerve Remedy

Was almost a Nervous Wreck from Overwork; this wonderful remedy brought back his old time Vigor and Vitality. Read the story of a Great Medicine, in three letters. $100 in cash will be paid to anyone who can prove that these letters are not genuine. The name of Minister will be given to anyone who doubts these remarkable statements.

Here is Letter Number One

"Please send me one box of HACKING'S HEART and NERVE REMEDY, I am suffering from a bad attack and have been unable to fill my pulpit for three months, doctors say that it may be six months or more before I am well again. I used to be able to hold my large congregation from start to finish, now, I can scarcely hold my own thoughts.

My Heart Action is bad and I am subject to Faintings and Dizziness, and am very despondent, I hope that your remedy will help me."

We sent on the one box of Hacking's Heart and Nerve Remedy and 11 days later we receive this letter.

Letter Number Two

"Please send me 6 boxes of Hacking's Heart and Nerve Remedy. I have used the box you sent me and I feel that it has already helped me. My head is clearer and the pain that has followed the preparation of my sermons has been greatly relieved and I feel that with proper treatment I will again be restored to my old-time vigor.

I am so pleased with the success of your remedy that I am giving part of it to some of my friends."

Now comes the proof in letter number three, a few weeks later.

Letter Number Three

"Having used your medicine,Hacking's Heart and Nerve Remedy for a few weeks for Neurasthenia (Nervous Breakdown) I have become as a new man. For five months I have suffered from Sleeplessness, Nervous Chills, Fainting Spells, Severe Headaches and I could not place my mind on the preparation of my sermons. To-day, my old ambition and strength is renewed—thanks to the use of your remedy, which I am pleased to recommend to anyone suffering from Nervous Diseases."

This testimonial comes voluntarily from one whose reputation is unassailable and is given for the sole purpose of helping others. The above statements are true—or as near to the truth "as the men of Benjamin could throw a stone" Jud. 20 18.

If YOU are broken down in health from any cause whatever we will guarantee that a six box treatment of HACKING'S HEART AND NERVE REMEDY will make a wonderful improvement in your health, but you must be sure to get HACKING'S. Price 50c a box, 6 boxes for $2.50. Sold by all dealers, or by mail. Hacking's Limited, Listowel.

THERE'S A HOME FOR LITTLE CHILDREN

NOT an orphanage, or an institution—a home.

THE children there are not all total orphans. Some have fathers; some have mothers.

IT'S a heart-warming sight to see fathers come there on Saturdays and Sundays to spend happy hours with their motherless bairns.

EQUALLY comforting is the appreciation of widows whose little ones are well taken care of while they are at work.

MANY totally orphaned little ones are very early placed in good homes where they may renew the love of father and mether.

TO preserve the atmosphere of home; that's the guiding spirit of the Orphan Children's work of the Salvation Army.

DECORATED BY KING ALBERT

Vancouver Lady Did Splendid Service For Plucky Little Kingdom.

While Vancouver women have earned a creditable share of honors for war work, they are enjoying further recognition. Mrs. J. F. Harper of this city has received the Order of Queen Elizabeth from the King of the Belgians for her services in relief work.

Mrs. Harper conceived the idea, and organized in aid of the Belgians, the first Flag Day of the world. This was in the autumn of 1914, when she was a resident of Hamilton, Ont., where her husband was formerly the Manager of the Bank of Hamilton and Treasurer of the Belgian Relief Fund.

Since coming to Vancouver Mrs. Harper published at her own expense a small volume of verse entitled "Patriotic and Other Poems," which were sold in aid of the Belgian Orphans Fund, realizing the sum of nearly five thousand francs for these unfortunate children.

Mrs. Harper has done much patriotic work in addition to Belgian relief, and the recognition she has received is a source of much gratification to her friends.—Vancouver B. C. Daily Province.

Mrs. Harper is a former Alton girl and will be remembered by some of our readers as Miss Constance Ward, daughter of Mr. Benj. Ward, of Toronto, formerly of Alton. She is a sister of Mrs. Phebe Algie, of Worcester, Mass., formerly of Alton, and an aunt of Mrs. Wm. Dorrington, of Alton.

Mr. David Lennox, caretaker at the County Court House at Guelph, for the past two years, has purchased a farm near Arthur. Mr. Lennox has had considerable experience in farming.

Mr. Sam Vance, a Derby farmer, pleaded guilty in Owen Sound Police Court to a charge of drinking intoxicating liquor in a public place and paid a fine of $200 and costs. Vance, came into town and acquired a couple of bottles of "firewater" from somebody.

A RECORD PROFIT.

Wm. Elson, a farmer living near Wingham, is believed to have established a Western Ontario record for profits in the timber business as the result of the recent felling of a huge soft elm tree. The trunk of the tree was cut into three twelve-foot logs and converted into lumber at a Wingham mill. They yielded 2,804 feet of lumber, for which Mr. Elson was paid $98.14 at $35 a thousand. In the top of the tree he found a coon's nest with three coons, whose pelts, worth $70, raised the profits to $168.14.

William Long, a respected resident of Honeywood, and father of Mrs. William Miller, of Flesherton, died on Thursday, March 4, at the age of 65 years.

Hanover claims to have made rapid strides in the use of Hydro power. When Hanover was introduced to the Hydro two years ago 300 horse power was contracted for; now they use 1493 horse power with expectations of reaching the 2000 mark before the end of 1920. They have 117 street lights which cost $18 a year.

USED FOR SHAVING.

Many men are troubled, more particularly in the cold weather, with a sort of roughness of the skin or eczema caused by shaving. The application of Dr. Chase's Ointment after the shave soon cures the trouble and by using it after each shave you keep the skin soft and prevent irritation and soreness. Because of its antiseptic qualities this ointment prevents and cures Barber's itch.

"Sight Unseen" Trade Is Gamble

CONSUMER TAKES LONG CHANCE WHEN HE BUYS FROM MAIL ORDER HOUSE.

GENERALLY IS LOSING GAME

METHOD OF DOING BUSINESS IS VERY DIFFERENT WHEN YOU PURCHASE GOODS FROM YOUR HOME MERCHANT.

(Copyright.)

When you were a youngster, did you ever make a trade, "sight unseen?" Of course you did. What boy has not risked his jackknife or his choicest marble on such a proposition and how often has he repented of his rash deed when he discovered what he got in the trade. He generally found that the deal turned out to the advantage of the one who made the proposition.

There is a little of the gambling instinct in the blood of nearly every man, woman and child, but even the hardened gambler likes to get a "run for his money." The "sight unseen" proposition doesn't appeal to him in the least. There are thousands of people, however, who would be properly indignant if they were accused of being gamblers, who every day take a chance on the greatest gambling game in the world. And worse than that, they are risking their money on a "sight unseen" proposition.

When one of the thousands of persons who build up and keep up the great mail order houses of the country sends his money away to pay for some article that he has selected from the mail order catalogue, he is taking a chance on getting what he expects to get. The mail order house may be perfectly honest and still the purchaser stands a good chance of not getting what he expects to get. The mail order catalogues are filled with pictures that catch the eye. The descriptions are brief, as they must be when thousands of articles are to be described within the confines of one book. No matter how hard the mail order house might try to tell the truth, the whole truth and nothing but the truth, it would be an impossibility. The buyer is simply taking a chance.

BUYING "SIGHT UNSEEN."

How much more satisfactory it is to walk into a store in your home town and ask to see an article which you may have seen advertised in your home paper. What would anyone think of your business ability or your common sense if you walked into a store at home and said: "I saw a picture in the paper today of a suit which I liked very much. Please wrap up one for me. Here's the money." The merchant would think that you were crazy, but that is exactly what you do every time you send an order to a mail order house. You buy "sight unseen" and you haven't a ghost of a chance of getting your money back if the article is unsatisfactory when it reaches you.

How different is the proceeding when you go into the store in your own home town to buy a suit of clothes, or a stove, or a yard of ribbon. You may have seen a picture of it in the merchant's advertisement in the home paper and you know that, as the merchant is reliable, you can count on the goods being as he represents them in his advertisement. But does he ask you to take his word for everything? Does he hide the article behind the counter and tell you that you can't even see it until you buy it and pay over the money for it? Hardly. If the article is not already in plain sight on the counter, the merchant produces it for your inspection. If it does not exactly suit you, he has others that are a little different and that he is glad to have you inspect.

GET MERCHANT'S GUARANTEE.

Then, if it is a suit of clothes you are buying, or a piece of dress goods or a pair of socks, you may ask if the merchant will guarantee that it will wear as long as an article of that kind could be expected to wear and he will tell you either that he will guarantee it or that he will not. If he tells you that he will guarantee it you will know that you will get your money back or another suit or another pair of socks in its place if it doesn't wear like it should, for the merchant, besides being an honest man in most cases, cannot afford not to make his word good. He is dependent upon your business and that of others in his own community and he cannot afford to misrepresent his goods.

After having all this opportunity to see what you are buying, you take your suit or your stove, or whatever it is you buy home or it is sent home for you without any delivery charges, and after you get home and take another look at it and decide you don't want it after all, you send it back.

You are not buying something "sight unseen" when you buy from your home merchant. You don't look at a picture of an article in a newspaper, read a short description of it, go to the post office and buy a money order and send it to the merchant with the instructions, "Send me a suit of clothes"—or a stove or whatever it may be—"and I'll pay your delivery man 50 cents for delivering it to me."

There's a world of difference in the two methods of doing business and its not hard to figure out which is the best for the man who is doing the buying.

MRS. VAUGHAN HAS GAINED 17 POUNDS

Was All Run Down After Influenza. Is Well and Happy Now.

"I have gained seventeen Pounds since I started taking Tanlac and I am well and happy now," was the statement made the other day by Mrs. James Vaughan, of 128 Erin St., St. John, N. B.

"It was about a year ago that I was taken down with a severe case of Influenza," she continued, "and for several days I scarcely recognized anybody and my chances of recovery looked slight. But after I did manage to get up you can just imagine what a weakened condition I found myself in. I was so nervous that I would jump if anybody closed the door hard, and headaches would come on me often. My stomach was so upset that nearly everything I ate disagreed with me and I could hardly retain the little I did force myself to eat. I was continually belching up an acid liquid that kept a bad taste in my mouth and I was gradually losing weight and what little strength I had. I had neuralgia badly in my head and face and the pains felt just like nails sticking in me. I could not get much sleep or rest for I would lie awake half the night and would feel so weak that it was hard for me to get about.

"The statements in the papers about Tanlac seemed so sincere that I made up my mind to try it. In all I took four bottles and my recovery has been so complete that I am never troubled in any way any longer. The headaches and nervousness have left me entirely and so has the neuralgia in my head and face. Everything I eat agrees with me perfectly and my appetite is so fine that my biggest trouble is trying to satisfy it. I get sound, restful sleep at night and I have been built up so wonderfully that I feel as fine and strong as I ever did before I had the flu. I consider Tanlac the best medicine in the whole world and I am giving this statement because I want others to benefit by my experience."

"Tanlac is sold in Orangeville by C. V. Jeffers, in Grand Valley by G. E. Morrow and W. T. Edmonson, and in Shelburne by J. E. A. White."

TWO STABLES BURNED

Fire broke out in a frame stable back of the double house on First Ave., occupied by Principal Hackett and Mr. W. C. Hopkins, between 3 and 4 o'clock on Friday afternoon. The blaze speedily developed into a dangerous looking fire, the flames being fanned into fury by the high wind. A stable on the north side of the lane belonging to Mrs. McArthur also caught fire and both buildings were destroyed by the time the fire brigade had the conflagration under control. A number of adjoining buildings were on fire but the good work of the brigade prevented further serious damage. Principal Hackett had a number of garden tools and a couple of auto tires destroyed. Mr. Hopkins valued the contents of his part of the stable at $45. Mrs. McArthur's horse and buggy and harness were removed to a place of safety, but a ton of hay bought and stored only a couple of days previously was consumed.

EASTER OPENING

The Spring Term of the Orangeville Business College begins Tuesday, April 6th, at which time a large number of new students have decided to enter. Students entering then will be ready to take positions in the Fall when positions are plentiful. In fact this school absolutely guarantees positions to all worthy graduates within ten days of their graduation. A recent lady graduate was earning Thirty Dollars per week within two months of the date she received her diploma.

Forty per cent. of the students attending this year are the second, third or fourth from the same family; this, coupled with the fact that after fourteen years' service in this community, we are able to enrol over one hundred students per year speaks volumes for the efficiency of this school and its ability to place its graduates.

Ambitious young people who cannot attend day school can arrange for the same instruction at night school or by Home study. We have special Home Study Courses in Farm Bookkeeping, also in Salesmanship and Matriculation. This popular school is affiliated with the Canada Business College, Toronto, Guelph, Kitchener, Stratford, Oshawa, and Spotton Colleges everywhere.

ORDER OF MOOSE

Steps are being taken to organize a Lodge of the Loyal Order of Moose in Orangeville. An open meeting will be held in L. O. L. No. 635 Hall on Monday evening, April 12th, when Mr. Norman G. Heyd, a well-known Toronto lawyer, will speak on "The School that Trains for Life." All men over 18 years of age will be made welcome. We understand that the new Lodge will be formally instituted at the close of the meeting.

REV. J. J. HAYLOCK

Mrs. J. W. Glover, Zina St., was called to Chatham last week by the death on Thursday of her father, Rev. J. J. Haylock, for many years one of the best known ministers of the London Methodist Conference. Deceased was born in London, Eng., in 1844, but came to Canada at an early age. He was in charge of a church at the age of 18 years and continued in the active ministry until about 9 years ago. The funeral on Sunday afternoon was one of the largest held in Chatham for years. Services were held in Park St. Methodist Church by Rev. Dr. Daniel, assisted by other resident ministers. Parthenon Lodge, A. F. & A. M. had charge of the services. Mrs. Glover's Orangeville friends extend their sympathy in her bereavement.

NORMAN F. SPEERS

His numerous Orangeville friends learned with very real sorrow of the death on Wednesday of last week of Norman Forster Speers, a salesman in the Adamson Hardware Co's store for the last two years. The regrettable event took place at the home of his parents, Mr. and Mrs. Alexander Speers, lot 26, 9th line, Erin, after a long and severe illness, which the young man bore with patience and courage. Six weeks ago Mr. Speers was stricken down with influenza and was rushed to Lord Dufferin Hospital. After a critical illness he recovered and became well enough to remove to his home about four weeks ago. A week later he had the misfortune to suffer a relapse, which culminated in double pneumonia. The unfortunate young man was only 23 years and 9 months of age. Before entering the service of the Adamson Hardware Co. he had taken a course in the Orangeville Business College and was therefore well fitted for the duties of a business life. He was genial, courteous and anxious to oblige and by his attention to his duties had won the goodwill and confidence of his employers and their customers, who unite in deploring his untimely demise. He is survived by his parents and six brothers and sisters, namely, Mrs. Geo. H. McKee and Vernet Speers, of Star City, Sask., Mrs. Robt. McKibben, of Orangeville, at present critically ill in Lord Dufferin Hospital, Willis and Almer and Miss Ida, at home. There was a large attendance of sorrowing friends and neighbors at the funeral, which was held from the home of the young man's parents to the Forest Lawn Cemetery on Tuesday afternoon. Rev. Frank C. Harper, of Hillsburg, conducted an impressive service at the house and Rev. Capt. Stewart officiated at the grave. The pallbearers were Messrs. Holly Simpson, Herb Jenkins, Jack MacLachlan, Elgin Stubbs, John Young, and Elmer Armstrong. Among the numerous tributes were the following: Wreath from the family; sprays from Mr. and Mrs. Robt. McKibben, Orangeville, Mr. and Mrs. Geo. H. McKee, Star City, Sask., Mr. and Mrs. Wm. Crawford, Sleswick, Miss Carmichael, nurse, Hillsburg, Misses Olive and Ruby Speers and the Adamson Hardware Co. Profound sympathy is felt for the bereaved parents and relatives.

Among the friends at the funeral from a distance were Mr. and Mrs. Geo. H. McKee, of Star City, Sask., Mr. and Mrs. Jos. Duke and daughter, of Laurel, and Mr. and Mrs. Wm. Crawford, of Sleswick.

JOHN PRIOR

A sadness has fallen over the community caused by the death of Mr. John Prior, who departed this life on Tuesday, March 23rd, at the home of his daughter, Mrs. Geo. W. Hepton, of Shelburne. Deceased was widely and favorably known as a local preacher and S. S. teacher and many a person has been helped to a better life by his earnest sermons. He was born in East Stratton, Hampshire, England, on December 24th, 1843 and was therefore in his 76th year. In June 1866 he was married to Miss Martha Miles and in 1875 they emigrated to Canada, locating first at Bondhead, then at Laurel and finally at Jessopville. After retiring from farm life Mr. and Mrs. Prior spent two summers in the West among their children who had settled out there. After their return they lived with their daughter, Mrs. Geo. Hepton, now of Shelburne. Mr. Prior was one of Nature's noblemen—a man whose word was counted as good as his bond—and we have no hesitancy in stating that no man possesed greater influence for good over those with whom he came in contact than did the subject of these few lines. His main object in life seemed to be the betterment of the world and the winning of souls for his Master. He suffered greatly for long months, and although life had its attractions, he willingly bowed to the inevitable and frequently asked Jesus "to come and take him to Himself." The last words his aged partner heard him articulate were, "Abide with me, fast falls"—part of his favorite hymn. The death of his son, John, some years ago was a sad blow to him—also that of Albert, who paid the supreme sacrifice overseas.

The remaining members of the family are William Prior, of Toronto, George, of Pathlow, Sask., Frank, of Hespeler, Mrs. Hepton, of Shelburne, and Arthur and James, of Riverview. There are also twenty-nine grandchildren. His funeral sermon was preached by Rev. Mr. Wallace, of Shelburne, after which his remains were laid to rest in Shelburne Cemetery on March 24th. The floral offerings, mute evidences of love and sympathy, were beautiful and included a pillow from the family, anchor from the grandchildren; wreaths, Laurel Methodist S. S. and Riverview Methodist Church and sprays, Mr. and Mrs. T. Hepton, Mr. and Mrs. Bennington, Shelburne, and Mr. and Mrs. Wm. Prior, Toronto.

Truly the words, "Mark the perfect man and behold the upright for the end of that man is peace" were applicable in his case and the influence of his Godly, upright life will be long felt among those who knew him. He possessed no man fearing spirit and if a disagreeable duty had to be done, or a reproof given, he did not shirk, but did it in such an honest, kindly way that no offence was taken. We trust that a double portion of his spirit may fall upon his children, so that when life's duties come to an end with them they may each hear the "Well done" which was surely accorded their father. His aged partner still survives him and we hope that the balmy spring days may bring strength to her again.

The sincere sympathy of a large circle of friends is extended to the mourners and in a special manner to Mrs. Prior in her loneliness.—Com.

MR. ABRAM MOSS

The death of Mr. Abram Moss, a respected resident of Albion township, occurred on Friday, March 26th, after an illness of two weeks. Mr. Moss contracted the influenza, which developed into acute pneumonia. The funeral on Sunday, March 28th, was in charge of Mr. J. A. Donaldson, of Caledon East. Rev. Alfred Laycock officiated at the home of Mr. Wilbert Moss, where the service was held, and also at the cemetery at Caledon East. Mr. Moss was a hard-working man, who rose from humble circumstances to an honorable position in Albion. Strictly honest in his dealings he had won the respect and esteem of a large number of friends in the township. The large gathering at the funeral was in itself a tribute to his memory. The sympathy of the people of Albion and district is extended to the bereaved relatives.

LAUREL.

Hello! Hello! Here I am again, back just in time to resume my travels and read the contribution by the Laurel scribe in The Banner two weeks ago. We note the writer wants something original. He did very well at the start, but he weakened terribly as he proceeded with his epistle. It must have staggered him when he looked up his Encyclopaedia Britannica for some of the words. By the way we might suggest that he cut out the hyphen in his words as hyphens and hyphenated people are not popular in this country since the war.

Upon resuming my travels upon the sideroad I was overtaken by Bert Allen and Clarence Bryan. They informed me that they were going to the 8th line by way of Joe McConachie's. Just then I met Clarence Menary, who stated that he wished the cars were running again as he would then be able to make Orangeville in so much less time. I decided after parting with Clarence that I would go down the 7th line and call on my friend, Wilfrid Grosskurth. I was overtaken on the road by Joe McGowan, who gave me a lift as far as John Bryan's. When I got to Grosskurth's Wilfrid was all ready to go down to Carney's school. In view of this I decided not to remain and started to return to Laurel. I may resume the notes on my travels later, after Mr. Reporter of two weeks ago, has had a chance to send in something original instead of merely repeating announcements that had appeared the preceding week.

ALTON.

Shortly before his departure from town the employees of the Beaver Knitting Mills presented Mr. George Ward, foreman in the Mills for a number of years, with a fine Club Bag and the following address:-

Alton, March 12, 1920.

Mr. Geo. Ward,

Dear Sir,-

Having learned that you are leaving Alton, we, some of the employees of The Beaver Knitting Mills Co. who have worked under you for some years, now beg you to accept this Club Bag as a small token of our appreciation of your interest in us and our work. We believe you have been considerate of us in every way, just and fair to everyone and without partiality to any. SPRING IMPURITIES MEAN WEAK BLOOD

A Tonic Medicine is a Necessity At This Season.

Dr. Williams Pink Pills are an all year round tonic, blood builder and nerve strengthener. But they are especially valuable in the spring when the system is clogged with impurities as the result of the indoor life of the winter months. There is no other season when the blood is so much in need of purifying and enriching. In the spring one feels weak and tired—Dr. Williams Pink Pills give strength. In the spring the appetite is often poor—Dr. Williams Pink Pills improve the appetite, tone the stomach and aid weak digestion. It is in the spring that poisons in the blood most often find an outlet in disfiguring pimples, eruptions and boils. Dr. Williams Pink Pills speedily clear the skin because they go to the root of the trouble in the blood. In the spring anaemia, indigestion, neuralgia, rheumatism and many other troubles are most persistent because of weak, watery blood and it is at this time when all nature takes on new life that the blood most seriously needs attention. Among those who have proved the value of Dr. Williams Pink Pills is Mr. Archie D. Carmicael, Tarbot, N. S., who says:—"For a number of years I was bothered with pimples which would break out on my face and body. The trouble was always worse in the spring, and although I tried different treatments, it was without much success. In the spring of two years ago, the trouble was worse than usual, and although I was taking medicine it did not help me until I finally decided to try Dr. Williams Pink Pills. Under this treatment the pimples disappeared, and there has since been absolutely no return of the trouble."

Dr. Williams Pink Pills can be obtained from any dealer in medicine or by mail at 50 cents a box, or six boxes for $2.50 from the Dr. Williams Medicine Co., Brockville, Ont.

W. C. T. U. NOTES.

The Parlor Social held at the home of Mr. and Mrs. Elmer Still, on Tuesday night, March 23rd, under the auspices of the Orangeville Branch of the W. T. C. U. was quite a successful affair. The weather being fine there was a good attendance, and the programme provided was apparently enjoyed by all. The musical part was composed of the following numbers:- A piano solo by Miss Alice McGuire, instrumental duets by Mesdames Liddy and Bowles and Misses Dorothy Wright and Muriel Torrie, vocal solos by Misses Hogg and Bernice Leighton, and a vocal duet by Mrs. J. S. Robertson and Miss Harshaw. The accompanists were Miss Browne and Miss Edith Anderson. The other numbers were a reading by Mrs. Endacott, a recitation by Mrs. Beswick and a report of the W. C. T. U. Convention recently held in Toronto. Mrs. (Rev.) E. R. Young, the speaker, said it was the feeling of the Convention that the greatest need at the present time was to educate the people along temperance lines—education by the pulpit, by the press, education in the Sunday Schools and in the day schools and in every other way possible—so that when the struggle is on again the people will understand more fully the benefits of temperance. By the use of charts the speaker also showed the indisputable fact that in efficiency, whether mental or physical, the total abstainer ranks much higher than those who indulge in the drinking habit.

Mrs. T. Henderson presided in a very capable manner and at the close expressed the sincere thanks of the Society to those who had so generously assisted in the program and also to Mr. and Mrs. Still for their hospitality. Refreshments were afterwards served. There was a generous contribution to the funds of the Society.

WEST MONO PARISH.

Services will be held as follows:-

Good Friday—St. Matthew's, 3 p. m., Herald Angel, 7. 30 p. m.

Easter Day—Herald Angel, 11 a. m.; St. Matthew's, 3 p. m.

BOWLING GREEN.

The Grand River was very quiet during the spring thaw, and little damage was done by the freshets, except to the house belonging to the Bowling Green Skating Rink, which was carried away.

Master Harold Berry, of Toronto, is visiting at the home of Mr. and Mrs. W. J. Jelly, this week.

We would like to know when Wally Clark and Wm. Hill intend taking their cars out.

Also if there was any insurance on the house belonging to the Skating Rink.

We are very glad to report that Mr. Chester Patton is making fairly good progress towards recovery.

Mr. Bert Gier made a business trip to London last week.

Much excitement prevailed here a week ago Monday night, on account of the brilliant lights seen in the sky. The phones were kept busy for an hour or two, and some people thought the world was coming to an end.

On the sunny streets of Laurel,
Three concessions east of Bowling Green,
There's a general store that looks bright as day;
And the people all declare
They can buy much cheaper there.

W. R. Grosskurth is the man,
Who is foremost in the band,
And the people like to patronize his store;
They will never go elsewhere,
For good values they get there,
Goods and prices can be seen all around the store.

MONO MILLS.

On Wednesday evening, March 17th, the members of Mono Mills Methodist church showed their regard for Mr. and Mrs. Richard McCandless and the regret so generally felt at their removal from the community by presenting them with a purse and the following address:

Mr. and Mrs. Richard McCandless.

Dear Friends:-

It is with the deepest regret that we learn of your departure from our midst. We wish to remind you that you will be missed by all of us. Your friendly and neighborly ways have endeared you to us. You have been loyal to the church and staunch supporters of every good cause for the uplift and benefit of the community. We feel that we are parting with old friends, but we wish to remain your friends and wish to have you with us whenever you can.

As a token of our esteem and friendship we ask you to accept this small gift and we wish you God's richest blessings in your new place of residence.

Signed on behalf of the congregation of Mono Mills Methodist Church.

Alfred Laycock, Pastor
Wesley Kee, Steward.

Mrs. Laycock read the address and Mrs. Wesley Kee made the presentation. Mr. and Mrs. McCandless have moved to Dr. Dunning's farm a short distance west of Orangeville. Their neigbors and many friends here wish them success and happiness in their new home.

Mono Mills kept St. Patrick's Day by a farewell party to Mr. and Mrs. Richard McCandless. Quite a number of old friends gathered at the Methodist Parsonage, and presented them with an address and a purse. A very enjoyable evening was spent, gramaphone music being furnished by Master James Haffey. We all wish Mr. and Mrs. McCandless every blessing in their new place of residence near Orangeville.

An Easter memorial service will be held in Mitchell's Methodist church at 7 o'clock next Sunday evening in memory of the Mitchell's boys, who made the supreme sacrifice, and also the loved ones who have passed away during the year. Special Easter music will be rendered by the Mono Mills and Mitchell's choirs and the church will be suitably decorated with flowers and plants. Members of the True Blue and Orange Societies are invited to attend.

There will be special Easter service in Raney's church at 11 a. m. Easter Sunday and at Crawford's church at 3 p. m., when the boys who made the supreme sacrifice will be remembered.

IN MEMORIAM

In loving memory of our dear father and mother, Mr. and Mrs. Hugh McKenna, who departed this life, the former on Sept. 9th, 1918, and the latter on March 29th, 1919.

Days of sadness still come o'er us,
Tears of sorrow often flow,
For our kind and loving mother,
Whom God claimed one year ago.

Just six months before, dear father left us,
We deeply mourn both parents dear,
We miss them in the dear old home,
We miss them everywhere.

Dear is the place where they are laid,
Sweet is the memory that ne'er will fade,
Flowers will wither, leaves fade and die,
Though some have forgotten, never will I.

Some day, some time, our eyes shall see,
The faces kept in memory,
Some day their hands shall clasp our hands,
Just over in the morning land.

Home to Jesus, Home to Glory,
Every wave of trouble o'er,
'Tis sweet to know we'll meet again
Where partings are no more;
And that the one we loved so well,
Has only gone before.

The Standard of Motor Quality

Everywhere, now, you find cars compared with the Gray-Dort for value.

Because the Gray-Dort has become the standard—a new and higher standard—giving more for the money than ever was given before—and setting new standards of strength and quality for light cars.

Here's What You Get in the Gray-Dort at $1365 (plus war tax) Compare it with Other Cars.

The Gray-Dort Motor is big, and finely built, like a watch. 40 pound crankshaft; non-warping, quiet valves; light, *three*-ringed pistons; Carter carburetor, Connecticut ignition, Westinghouse starting and lighting; cellular radiator and big water jackets.

The leadership of the Gray-Dort motor is paralleled by the leadership of the Gray-Dort chassis. Here is a strong, solid frame of heavy channel steel; a big, husky rear axle, designed and built exclusively for us here in Chatham; Chatham-built springs, full cantilever in the rear; big brakes, with Thermoid lining; a new steering gear, 50% bigger and stronger than has been used for light cars; a big gas-tank in the rear, with vacuum feed system.

Nothing can take away your pride in the smooth, flowing lines of your Gray-Dort. No other car can equal the wonderful Gray-Dort finish, which we have spent 60 years in developing.

And there is the smart, new top, hand-tailored in our own shops; French-pleated upholstery; a new hood, with many long, narrow louvres; snug side-curtains, which open with the doors; a shorter, smarter cowl which gives more room in the driving compartment; seats tilted at the most comfortable angle; increased leg-room in the tonneau; lamps raised to give size to the front of the car.

Once you know the Gray-Dort, you will be too critical to accept any other light car. There will be thousands who will agree with you—probably several thousand more purchasers than there will be Gray-Dorts. We urge you to see the Gray-Dort dealer now.

Prices

The Gray-Dort 5-passenger car, finished in Gray-Dort green and black and with standard equipment is $1365 f.o.b. Chatham. War tax extra.

The roomy 2-passenger roadster is the same price.

The Gray-Dort Special

For the man who wishes something a little extra in his car, we have built the Gray-Dort Special. Maroon body, with brown rayntite top. Plate glass rear window. Gipsy curtains. Rookie tan wheels. Motometer. Tilting steering wheel. Real leather upholstery. Mahogany instrument board. Just the touches which lift this car above the ordinary. $150 extra on the standard.

And the Ace!

The Gray-Dort Ace—the most beautiful light car of to-day. Sapper green body with handsome California top to match.

Trouble lamp and bulls-eye flashlight. Electric cigar lighter. Rear-vision mirror. Plate glass windows. Oversize grooved-tread tires. This is the *de luxe* car for the man who does not wish to pile up a tremendous operating cost. $255 extra on the standard.

Save the surface and you save all Paint & Varnish

Add years to the life of your house

TIME was when the "appearance" of a freshly painted house was the only thing that counted, but now we must also realize the importance of the protection good paint affords against wear and tear. Any paint will give some protection, but if you want paint protection for years — not merely months—use

B-H PAINT "English" 70% Pure White Lead (Brandram's Genuine B.B.) 30% Pure White Zinc 100% Pure Paint

A 100% formula (70% of which is Brandram's Genuine B. B. White Lead) providing a coat of such body, brilliance and "toughness" as to defy rain, sun or snow, where cheaper paints will chip, peel and crack.

If your house is painted this Spring with B-H it actually has a surface-protection which renders it impervious to the decay of passing years.

You have the choice of 36 atttractive colours as shown on color card which is supplied on application.

"We are reorganizing the police department to make it more efficient and to speed it up in its operations, but I think this would be just a little bit too fast for Indianapolis," remarked George V. Coffin, chief of police, as he handed over a letter he had received from an eastern corporation urging the Indianapolis police department to put in an aviation section in connection with its other departments.

The letter explained how a machine equipped with a wireless telephone, and operated by a police aviator, could keep the chief informed of conditions at all points within a radius of twenty miles of his office. It also said that many lives and millions of dollars would be saved in such catastrophies as the Minnesota forest fires, the Dayton and San Diego floods, by the use of airplane communication.

DROVER COMMITTED.

Man who assaulted C. P. R. Conductor sent up for trial.

Mr. Wm. Thompson, the drover from Dundalk who assaulted the C. P. R. conductor at Dundalk on Thursday, March 11th, was brought to Owen Sound on Friday night and appeared in Police Court Saturday morning charged with "assaulting and causing grievous bodily harm." As the magistrate was ill the case was remanded till this morning, Thompson being allowed out on $1000 bail.

The case was opened in Police Court this morning by the evidence of Mr. P. J.Scanlon, the conductor assaulted. Mr. Scanlon, according to his evidence, was in charge of train 707 which left Union Station, Toronto, at 5.25 p. m. on Thursday, March the 11th. Thompson got on the train at Parkdale and sat in the "smoker." As the car was full he was leaning on the arm of one of the seats when Scanlon came by collecting the tickets. Wen asked for his ticket Thompson wanted to know if Scanlon would "take it now or wait till you get it." Scanlon said he would like it then as he was busy. Thompson said Scanlon knew where he was going. Scanlon said he did but he would like his ticket. The conductor then went on to the front of the smoker and on his way back again asked Thompson for his ticket, Thompson asked him if he would take it then or wait till he got it. By this time the train was drawing into West Toronto. When it stopped Scanlon beckoned a C. P. R. policeman into the car and pointing to Thompson said he had refused to give up his ticket. Thompson then found his ticket and gave it to the conductor.

Nohing further happened till the train arrived at Dundalk about 11.45. Scanlon got off between the first and second class passenger cars and walked toward the front of the train. He passed Thompson near the front of the second class car, or "smoker," and stopped obout ten yards farther on at the door of the baggage car. As he was standing there he heard some one come up from behind on his right. As he turned his head he saw Thompson and at the same time received a punch in the face. The next thing he remembered is being supported by the baggagemen, Edwards and Faulkner, while blood flowed down his face from his nose and lip over his uniform. Dr. Martin, of Dundalk, was called and dressed the hurt and about fifty minutes later the train pulled out for Owen Sound. At the time Scanlon felt a pain just above his heart but did not find he had a broken rib till he saw a doctor in Toronto.

Dr. Howey was called and told of dressing Scanlon's injuries on his arrival in Owen Sound.

The two baggagemen testified as to the blow struck. Faulkner said that Thompson said after Scanlon was down that he could lick any man on the C. P. R.

This concluded the evidence and Thompson was sent to the Assizes for trial. Bail was renewed.—Owen Sound Sun.

BLOUNT.

The Blount Womens' Institute will hold its next regular meeting at the home of Mrs. Chas. Crombie. All members are requested to be present.

M'MULLIN – M'DONALD

The marriage took place at the home of the bride's mother, on Wednesday, March 24th, of Miss Agnes Louise McDonald, daughter of Mrs. G. McDonald, to Mr. Samuel Herbert McMullin, son of Mr. and Mrs. J. J. McMullin, all of Albion, Rev. Alfred Laycock, of Mono Mills, officiating. The bride, who was given away by her brother, entered the parlor, to the strains of the wedding march, tastefully gowned in grey charmouse veiled in georgette, trimmed with corals. She carried a bouquet of white carnations and wore the groom's gift, a pearl and amethyst necklace. During the signing of the register, Mrs. (Rev.) A. Laycock sang, "Only You." After receiving the hearty congratulations of the assembled friends the happy couple led the way to the dining room, where a dainty wedding breakfast was served, the tables being prettily decorated with Easter lillies and carnations. The groom's gift to the pianiste, Mrs. A. Laycock, was a cut glass salad bowl and server. Amid a shower of rice and good wishes, Mr. and Mrs. McMullin left on their wedding trip, the bride travelling in a smart tailored suit and hat to match. They will be at home to their friends on the 3rd line, Albion, on May 1st.

JOY AND GLADNESS FOR THE CHILDREN.

Every child—whether it be poor or rich is entitled to joy and gladness. Health is the birthright of all and there is absolutely no doubt that the healthy baby is a happy baby. It is the baby's nature to be happy—not cross. Only the sickly baby is cross. The well child is a joy to the home—it is a laughing, gurgling, happy little piece of humanity which drives dull care from the household. The sickly baby is the opposite—he is cross and peevish; cries a great deal and is a source of constant worry to the mother. But mothers there is no need of your little ones being sickly. Regulate the baby's bowels and sweeten his stomach with a gentle but thorough laxative and baby will soon be well and happy again. Thousands of mothers have proved this through their use of Baby's Own Tablets—there is a smile in every dose of the Tablets. Give them to your baby and make him happy. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

DUFFERINS REORGANIZE

Outlook Favorable for another Strong Intermediate Team this Year.

A well-attended and enthusiastic meeting was held in the Auditorium of the Public Library on Tuesday night for the purpose of reorganizing the Dufferin Lacrosse Club. Dr. G. H. Campbell, last year's President, occupied the chair. Officers were elected as follows:

Hon.-Presidents, C. R. McKeown, B. McGuire, J. W. Allan, Dr. T. H. Henry and Dr. G. H. Campbell; President, Jas. Armstrong; 1st. Vice-President, Dr. R. W. Rooney; 2nd Vice-President, Bert Booth; Secretary, T. J. Dawson; Treasurer, E. H. Sproule; Executive, W. C. Hopkins, Frank Crowe, R. Scott, W. L. Ewing; Delegates to Good Friday Convention, Jas. Armstrong, Dr. G. H. Campbell, T. J. Dawson.

The report of last year's Treasurer, Mr. Jas. Armstrong, showed a balance of $200 in the treasury with which to start the season. The Club will place intermediate, junior and juvenile teams in the field and steps will also be taken to organize a Public and High School league for the purpose of encouraging the younger players. It is expected that the intermediate team will be quite as strong as last year's team, which was good enough to go through to the finals in the intermediate series. There is also abundant material in town for a fast junior team. The juniors will be under the management of Mr. W. C. Hopkins, who is quite enthusiastic over the prospects provided the youngsters are given the encouragement they deserve. The Club will use whatever influence it can in behalf of Bert Booth for the Presidency of the O. A. L. A. If Booth is elected, and there is good reason to believe he will be, he will be the first playing President of the big lacrosse governing body.

The meeting decided by a unanimous vote to hold a big Dominion Day celebration in Orangeville this year. This will probably be arranged for under the joint auspices of the Lacrosse Club and a strong Citizens' Committee.

Prominent Minister Endorses Hacking's Heart and Nerve Remedy

Was almost a Nervous Wreck from Overwork; this wonderful remedy brought back his old time Vigor and Vitality. Read the story of a Great Medicine, in three letters. $100 in cash will be paid to anyone who can prove that these letters are not genuine. The name of Minister will be given to anyone who doubts these remarkable statements.

Here is Letter Number One

"Please send me one box of HACKING'S HEART and NERVE REMEDY, I am suffering from a bad attack and have been unable to fill my pulpit for three months, doctors say that it may be six months or more before I am well again. I used to be able to hold my large congregation from start to finish, now, I can scarcely hold my own thoughts.

My Heart Action is bad and I am subject to Faintings and Dizziness, and am very despondent, I hope that your remedy will help me."

We sent on the one box of Hacking's Heart and Nerve Remedy and 21 days later we receive this letter.

Letter Number Two

"Please send me 6 boxes of Hacking's Heart and Nerve Remedy. I have used the box you sent me and I feel that it has already helped me. My head is clearer and the pain that has followed the preparation of my sermons has been greatly relieved and I feel that with proper treatment I will again be restored to my old-time vigor.

I am so pleased with the success of your remedy that I am giving part of it to some of my friends."

Now comes the proof in letter number three, a few weeks later.

Letter Number Three

"Having used your medicine,Hacking's Heart and Nerve Remedy for a few weeks for Neurasthenia (Nervous Breakdown) I have become as a new man. For five months I have suffered from Sleeplessness, Nervous Chills, Fainting Spells, Severe Headaches and I could not place my mind on the preparation of my sermons. To-day, my old ambition and strength is renewed—thanks to the use of your remedy, which I am pleased to recommend to anyone suffering from Nervous Diseases."

This testimontial comes voluntarily from one whose reputation is unassailable and is given for the sole purpose of helping others. The above statements are true—or as near to the truth "as the men of Benjamin could throw a stone" Jud. 20 18.

If YOU are broken down in health from any cause whatever we will guarantee that a six box treatment of HACKING'S HEART AND NERVE REMEDY will make a wonderful improvement in your health, but you must be sure to get HACKING'S. Price 50c a box, 6 boxes for $2.50. Sold by all dealers, or by mail. Hacking's Limited, Listowel.

GOD FIRST

THEY have been called a people of one idea—God first.

WHATEVER happens, their work goes on, serving God and their fellowmen.

EMPIRES may rise and fall, the world may seem to be enveloped in blood and strife, but they still see God's sunshine and love, still do the nearest work of mercy. Still praise God for the saving of souls.

JUDGE if you will from what you know of their work, whether the world has not cause to rejoice with them in their adherence to this one idea—"Seek first the Kingdom of God."

THE ONTARIO HOUSING SCHEME.

Citizens who are interested in the Housing Scheme may get some useful pointers from the report of Mr. J. A. Ellis, Director of Housing for the province. The construction and cost of the 1,184 houses built last year under the housing act were as follows:

No. of Houses.	Description	Av. loan per house
14—4	room, frame ..	$1,987 57
3—9	room, solid const.	2,525 00
43—5	room, frame ..	2,685 79
26—5	room, frame, stucco	2,924 78
44—5	room, solid const.	2,832 50
237—6	room, frame ...	2,749 00
88—6	room, frame, stucco	2,923 57
230—6	room, brick veneer	2,948 82
332—6	room, solid const.	3,569 28
13—	over 6 rooms frame	2,854 61
27—	over 5 rooms, frame stucco, ...	3,000 00
23—	over 6 rooms, brick veneer	2,464 13
81—	over 6 rooms, solid const.	3,712 16

Over 62 per cent. of the houses have been built either of solid construction or brick veneer. Of the total, 1,065 houses are detached and only 124 semi-detached. It will be seen that the six-roomed solid construction house is the favorite.

DON'T BE DYSPEPTIC.

The dyspeptic has thought only of the stomach when the real source of trouble is in the Liver, Kidneys and Bowels. Dr. Chase's Kidney-Liver Pills thoroughly cleanse and purify the digestive and excretory system and in this way put the organs of digestion into splendid working condition. A little patient urging on of these organs when sluggish will restore the habit of healthful digestion.

NORTHERN ALBERTA LAND DISTRICTS MAP, 1919.

A third edition of the Land Districts Map of Northern Alberta has just been issued by the Natural Resources Intelligence Branch of the Department of the Interior. This map which is in great and increasing demand has been brought up to date and is one which nobody looking for Alberta lands between Lat. 52" 50' and Lat. 60', that is to say from a little below the parallel of Edmonton to that of Fort Smith on the Slave River, north of Athabasca, should be without.

Beyond the material found on most maps, colours clearly define the areas specially reserved for soldier settlement, Dominion Land Districts with the offices of the Government Agencies, and also the area in which lands becoming vacant by cancellation or abandonment are reserved for further soldier settlement. The number of quarter-sections in each surveyed township that are available for homestead entry whether in lands specially reserved for Soldiers or not is also definitely stated.

The areas shown on this map as already set apart for returned soldiers lie mainly north and west of Edmonton and through the districts of Peace River, Grande Prairie and the Peace River Block in British Columbia. These lands are included in the great northward loop of the summer isotherm of 55" Fahr., the line of greatest heat passing two degrees further north through Fort Vermilion on the Peace River, 350 miles north of Edmonton. This climatic fact, taken together with large areas of fertile soil and a sufficient rainfall even in a dry year such as this, makes the country well suited to grain growing, stock raising and general farming. The result is an increasing stream of intending settlers. As a publication which might be described as a map of the vacant lands in Northern Alberta, it is valuable and timely.

A copy of this map may be obtained free by applying to the Superintendent, Natural Resources Intelligence Branch, Department of the Interior, Ottawa, Canada.

Dr. Martin walked from Dundalk to Riverview to officiate at the introduction of twins into this vale of joys.

SUNDAY MORNING FIRE

Miss Elizabeth Richardson, of Elora, Very Seriously Burned.

Residents of Elora were startled shortly before nine o'clock on Sunday morning last by the clanging of the fire alarm. The cause was a blaze in the kitchen of Mr. Wm. McKenna's residence, near Knox Church. It seems Miss E. A. Richardson, who rooms there, was alone in the house over the week-end, Mr. and Mrs. McKenna having gone to Guelph. On Sunday morning she went to look after the fires, and had attended to the furnace. In looking after the range, where the fire was low, in some manner her clothing caught fire. She first ran into the cellar, then to the front door, her light clothing in a blaze. Here she rolled in the snow in an effort to extinguish the flames, and was observed by one of the neighbors, who went to her assistance, and she was able to walk to the home of Miss Harris, near by. Another neighbor was aroused and the fire alarm was rung. Those first on the scene managed to extinguish the fire in the kitchen, and it was not necessary to run the hose from the engine into the house, though all was in readiness. The woodwork was charred and some of the furnishings and furniture damaged. In spite of her intense suffering, Miss Richardson had closed the door between the kitchen and the main house, thus confining the damage and probably saving the residence from destruction. Her injuries are very serious, her head, arms and other parts of the body suffering from the flames. Everything possible is being done for her by local and outside professional skill; but her life hangs in a balance as a result of her terrible experience. —Elora Express.

Power of Dollar is Easily Shown

KEEP ONE MOVING AND SEE WHAT IT WILL DO FOR YOUR COMMUNITY.

PAYS MULTITUDE OF DEBTS

WHEN IT IS OUT OF TOWN, HOWEVER, TO PAY FOR WHAT CAN BE BOUGHT AT HOME IT IS GONE FOREVER.

(Copyright.)

It is a rather wonderful thing, when you stop to think about it what one lone dollar will do, if it is kept at work. This has been illustrated in a striking manner on several occasions by means of a very simple experiment. If you want to see just how important a role a silver dollar or a dollar bill plays in the life of a community here is the way to do it. Just attach a tag to the dollar and turn it loose, with the request that every person who receives the dollar make a note on the tag as to how he received it. The result will be an eye-opener.

Here is the way it works: Smith the lumber dealer, who first possessed the dollar, buys some groceries from Brown and pays for them with the dollar. About that time Jones, the plumber, who had done some work for Brown, sends his collector around and Brown pays the bill with this dollar. Jones owes Green the printer, a small advertising bill, so he sends this dollar with possibly some others, to Green to pay his bill. Green had just put the dollar in his cash drawer when in comes Black, the milkman, to whom Green owes a dollar for milk delivered at his house. Green takes the dollar out of his cash drawer and pays Black. For some time, Black has owed White, the carpenter, for some work done on his dairy house, so now he takes the dollar that Green has paid him and pays up what he owes White. White still owes for some lumber that he bought from Smith, the lumber dealer, so he takes the dollar and squares up his account with Smith. Smith now has his dollar back. Brown has been able to pay his plumbing bill, Jones has squared up with the printer, and so on, all around the circle.

WHAT MIGHT HAVE HAPPENED.

Now suppose that Smith, instead of buying his groceries from Brown, had purchased them from a mail order house in a far distant city and sent his dollar to pay for them, Brown would not have had that dollar to pay Jones the plumber; Jones could not have paid his printing bill; the printer would have had to stand off the milkman; White, the carpenter, would not have got the money for the work he had done for the milkman and Smith would not have got the money which White owed him for lumber.

This is all so simple that it required no student of economics or professor of mathematics to figure it out. Anyone can see that when Smith sends that dollar to Chicago or some other city where the mail order houses flourish, that dollar is gone so far as Smith and Jones and Green and the rest of the people in Smith's town are concerned. That dollar will never come back to pay any bills in Smith's town. And the thing that stands out most striking, but is most often overlooked, is that Smith, the man who first spends the dollar, is hurt just as much as when he sends that dollar out of town as is the home grocer from whom he might have bought his groceries.

Now just multiply this one dollar by a hundred or a thousand or ten thousand. One dollar may not seem to make much difference in the average town, but a thousand or even a hundred dollars does make a difference. Just as one dollar will pay a dozen or a hundred small bills, a hundred or a thousand dollars will pay a dozen or a hundred big bills. When Brown, the grocery man, owes a thousand dollars and can't pay it, he is headed for the bankruptcy courts. When Jones, the plumber, can't collect the money which is due him from Brown or maybe a dozen Browns, he is headed in the same direction as Brown. And so it goes all around the circle until it hits Smith or a dozen Smiths who have sent their money out of town to add to the fortunes of the mail order men.

BUYER ONE WHO IS HURT.

Thus it will be seen that this buy-at-home proposition is really a selfish one with the man who buys the goods. He is not hurting the home merchant when he sends his money out of town, any more than he is hurting himself.

Every sensible man knows that his livelihood depends upon whether business in town is good or not. If business is not good, he cannot make a good living for himself and his family, no matter how hard he may work, and business cannot be good if the business men in the town are not making money. This is a plain business proposition for every man and woman in the community. By spending their money at home they are helping the home merchant only incidentally. They are buttering their own bread. When they send their money to the mail order house, they are not only hurting the home merchant incidentally but a thing more important to them—they are likely to be taking the bread out of the mouths of their own children.

WAS FORCED TO QUIT HIS WORK

Winnipeg Man Gains Fifteen Pounds and Is Back On Job Every Day, Now.

"My work was more than I could stand and I had to give it up, but since taking Tanlac I have gained fifteen pounds and am working all day long without the least trouble," said J. J. De Crugenaere, of 181 Dubus St., Winnipeg, a few days ago. Mr. De Crugenaere served for three years with the Canadian expeditionary forces in France where he received the Distinguished Conduct Medal; he now is employed in the government shops at Transcona.

"It is nearly a year ago that my health failed," continued Mr. De Crugenaere, "and I kept going down hill until I became almost a physical wreck. Nothing tasted good to me and my appetite was so poor that I ate hardly enough to keep me going. My stomach was terribly upset and for hours after every meal I was so bloated up with gas that I felt miserable. My heart palpitated so bad I could hardly stand it and at times I was so weak I could not lift my sledge hammer. I had a continual pain right between my shoulder blades and often it was so severe I had to stop in my work and draw my shoulders up hard to try and ease it. My sleep was restless and I would lie awake for hours at a time even though I was exhausted when I went to bed. I got up of mornings so weak and worn-out I just had to drag myself off to work. Finally I gave out completely and had to quit work.

"I had heard so many of the boys down at the shop talking about Tanlac that I decided to try it. Well, sir, it has fixed me up the finest kind and now I am back at my work and never miss a day. My appetite is fine and I can eat three big meals a day and never suffer one bit afterwards. I don't have that bloated feeling any more and my heart-action is normal and regular. The pain between my shoulder blades has left me and when I go to bed at night I sleep like a log. My strength and energy have come back and, as I said, I have picked up fifteen pounds in weight and just go about feeling fine all the time."

"Tanlac is sold in Orangeville by C. V. Jeffers, in Grand Valley by G. E. Morrow and W. T. Edmonson, and in Shelburne by J. E. A. White."

Owen Sound may soon become the most important fish centre on the Canadian Lakes. Last week the Dominion Fish Company purchased the corner of 11th St. and 1st Ave., East, from Mr. H. B. The Principals were given an increase of $300 at the end of their year, and the janitors were also advanced.

At the Spring sitting of the Supreme Court, in Owen Sound last week before Mr. Justice Middleton, the only criminal case was that of the King vs. Wm. H. Thompson, charged with aggravated assault on Conductor P. J. Scanlan. The jury found a verdict of guilty; and the accused was fined $100. He had already written a letter of apology to Mr. Scanlan, in which he sent $100 to help pay for his lost time and doctors' bills; and this was considered by His Lordship in imposing sentence.

SHE FEELS SHE OWES HER LIFE TO THEM

WHAT MISS EAGLE SAYS OF DODD'S KIDNEY PILLS.

Ormsby lady who suffered from Diabetes for five years tells of the benefit she received from Dodd's Kidney Pills.

Ormsby, Ont., April 5th, (Special)—"I feel I owe my life to Dodd's Kidney Pills." This strong statement comes from the lips of Miss Gertrude Eagle, a well known and highly respected resident of this place. And Miss Eagle gives her reasons for speaking out in terms that none can fail to understand.

"I have been suffering from Diabetes for five years" she states. "I tried the doctors but they could do nothing for me.

"A friends told me of Dodd's Kidney Pills and of their great value. I tried one box and they helped me. I have now taken three boxes and they have done me so much good I feel I owe my life to them."

Diabetes is one of the most advanced and dangerous forms of Kidney trouble. A remedy that will relieve Diabetes will act much more quickly on minor Kidney ills. Ask your neighbors if Dodd's Kidney Pills are not the sovereign remedy for all forms of kidney trouble.

ADVERTISING PAYS

At least one Broadway firm has had convincing proof that advertising in The Banner is a paying proposition. As the result of one of their advertisements the McMillan Clothing Co. sold a lady's fur coat to a farmer's wife in Saskatchewan. Another advertisement brought them an order from Sault Ste Marie, Ont. These two instances go to show the value of The Banner as an advertising medium. They also show the attractive nature of the values our local merchants offer the buying public.

ORANGEVILLE GIRL HONORED

Before leaving Toronto at Easter for her home here Miss Mary McGillivray, daughter of Mr. and Mrs. A. W. McGillivray, received a great surprise in the form of a miscellaneous shower given her by Miss Gladys Taylor at the latter's home, 71 Laws St., on March 25th, when some of Miss McGillivray's girl friends took the opportunity of wishing her much happiness and showing their love by presenting her with a number of beautiful gifts.

On March 30th, a miscellaneous shower was given at the home of Mr. and Mrs. Robt. Sproule, 775 Indian Road, Toronto, by Misses Muriel and Ivez Napier in honor of Miss McGillivray, who was made the recipient of many useful gifts.

Before severing her connection with the Canadian National Railways, Miss McGillivray was the raison d'etre of a farewell luncheon given in her honor by her fellow-workers, who testified to their esteem and the regret felt over her departure by presenting her with a beautiful tea service of four pieces.

A splendid program is being prepared, consisting of songs, readings and contests. An extra fine gramaphone has been secured for the occasion and some particularly good records will be used. There will be no admission. Come and enjoy a Social evening. Bring your boxes and buy that girl a box.

Miss Cardwell Stubbs has gone on a visit to her sister at Coppercliffe.

Miss L. Pilcher is visiting at her parental home in Owen Sound during Eastertide.

Miss Watson, of Niagara Falls, is visiting her friend, Mrs. R. J. Galbraith, during the Easter holidays.

HOSPITAL NOTES

The Daughters of the Empire wish to gratefully acknowledge the receipt of a cheque for $700 from the Dufferin County Council.

We are happy to record our appreciation of the presentation on Friday last by Mr. G. A. Campbell of a verandah set, consisting of a rocking chair, table, settee and jardiniere stand. There are also two book rests, one for the patient when in bed and another for use while in a chair. At Christmas Mr. Campbell presented the Hospital with a chair. In the making of these beautiful gifts the donor has spent three months and says he hopes the patients will enjoy them as much as he did the making of them. These gifts are serviceable and so much appreciated that they will encourage Miss Barclay and her efficient staff to go cheerfully and faithfully on in their many arduous duties.

The next meeting of the I. O. D. E. is called for 7.30 Friday evening, April 9th, at the home of Miss A. L. Clark, Prince of Wales St.

A CLERGYMAN'S RECOMMENDATION

The Zam-Buk Co.

Dear Sirs:

Appreciating what your balm has done for me, I should like an opportunity of recommending it to others who may be similarly afflicted.

For the last forty years I have had a patch of eczema on my right hand. I tried in every possible way to get rid of it—had treatment from several doctors and tried innumerable remedies, but received no lasting benefit. If a remedy eased it or cured it for a time, it always returned as bad as ever. One of my friends is a great believer in Zam-Buk, so I decided to give it a trial and sent first for a sample. You can imagine my amazement when even this small quantity brought me more relief than anything I had ever before used. I continued the use of Zam-Buk for two weeks, by which time the eczema, although of forty years standing, had entirely disappeared. That was one year ago, and there has been no return of it.

Yours sincerely.

(Name of clergyman, from whom the above letter was received, will be given upon request)

MONO MILLS.

Last Sunday evening Mitchell's church in Mono was the scene of a well-attended Easter memorial service for the Mitchell's boys who made the supreme sacrifice during the war and for the other loved ones who have passed away during the year. The church was beautifully decorated with plants and flowers. Mrs. John Crozier and family placed a plant of Easter lillies on the table before the pulpit in memory of Chester Crozier, R. A. F., who made the supreme sacrifice. Mr. and Mrs. George Crozier placed another plant of lillies in memory of Mr. John Crozier and Miss Margueretta Crozier, who recently passed away and Mr. and Mrs. Albert Dowling placed a plant of lillies on the table in memory of Mr. William Welwood, who gave his life for his country during the great war. The pastor, Rev. A. Laycock, preached an appropriate sermon on the certainty of the Life Beyond. The choir, which was assisted by Mrs. (Rev.) A. Laycock, Mr. Austin Fagin and Master Edward Dowling, rendered excellent service. Mrs Alfred McEwan, Mrs. William Allen, Mr. John Vance and the pastor sang a suitable quartette. Mrs. John Reid officiated as organist.

THE LATE W. J. PRICE

The funeral of the late W. J. Price, whose death was noted in last week's Banner, took place from Hulse's Undertaking Parlors to the Forest Lawn Cemetery on Good Friday afternoon. Before proceeding to the cemetery a short service was held in the Methodist church, conducted by Rev. Alfred Laycock, of Mono Mills. Mrs. Price, the widow, was especially grateful to the members of the Orangeville Methodist choir, who so kindly assisted in the service. Mr. Price was an old member of the Orangeville Methodist church, but left this town about thirty years ago. Previous to an attack of paralysis about six years ago, he had been farming at Nanton, a short distance from Calgary. As the seizure rendered him unfit to farm, the family moved to Calgary, where they have since resided. Mrs Price has the sympathy of her friends in Orangeville in her bereavement especially because of the noble way in which she attended and nursed her sick husband during over six years of comparative helplessness. There are two sons and a daughter living in Calgary, to which city the widow expects to return for a time at least. She is at present visiting relatives in Shelburne.

WILLIAM C. TAYLOR

Prominent Battleford Farmer Receives Sudden Call.

The community was deeply shocked on Saturday last to learn of the very sudden death of a prominent and highly respected resident of the district in the person of William C. Taylor.

About 10 a. m. that day the deceased left on horseback to visit E. J. Redding, who was ill with the flu. Stopping en-route at the home of Wm Griffiths, Mr. Taylor talked for a few moments with Mrs. Griffiths, who was alone at the time. After going to the door with the intention of taking his departure, he returned and sat down and immediately afterwards slipped to the floor. Thinking that he had merely fainted, Mrs. Griffiths tried the usual means of revival, but soon made the sorrowful discovery that life was extinct.

Although the victim was known to have a weak heart and to suffer considerably from rheumatism, there was no indication that the end was so near. In fact he had but recently returned from an inspection of his cattle being wintered at Wadena, and on the day before his death he was in town, apparently in the enjoyment of his usual health and spirits.

The body was brought to town on Sunday to the home of G. H. Clouston, and on Monday at 2 p. m. the funeral service was conducted by Rev. J. C. MacLeod in the presence of a large number of friends from both town and country.

Among the floral offerings were contributions from the Ladies' Aid of Gardiner church and from the Grain Growers. The pallbearers were all immediate neighbors of the deceased, viz.; Messrs. Jas. Cameron, Robt. Cathrow, Wm. Griffiths, C. G. I Smith, Alex. and Hutton Speers. Interment took place at Battleford cemetery.

The late Wm. C. Taylor was but 39 years of age, and came to Battleford from Corbetton, Ont., in 1903. In the interval he had been one of the most industrious and enterprising farmers of this district, and universally popular and respected. He enlisted during the war, but was later discharged on the score of physical imperfections.

He is survived by a deeply sorrowing wife and one daughter, other near local relatives being one brother, Thos. E. Taylor, and one sister, Mrs. (Dr) Norquay. The father of deceased and two other surviving brothers were formerly residents of this district. — Battleford, Sask., Press.

Mrs. Taylor was Miss Nanie Atkinson before marriage and is a sister of Mr. Chas. Atkinson and Mrs. Alex. S. McLeish, of Caledon.

DEATH OF BANKER

Mr. J. A. M. Alley, Well-Known in Orangeville, Succumbs to Pneumonia

Mr. J. A. M. Alley, for many years Inspector of the Royal Bank and for the last three years manager of the Toronto office of that institution, died very unexpectedly on Thursday last after a short illness from pneumonia following influenza. The funeral was held from the family residence, 16 Foxbar Road, Toronto, on Saturday afternoon, interment taking place in St. James' Cemetery. Rev. Jas. Broughall was the officiating clergyman and Major Herbert Alley, Herbert Secord, Percy Secord and Norman Hillary were the pallbearers.

The late Mr. Alley was born in Quebec sixty-five years ago., but came to Toronto when a child. He was a brother of the late Mr. Henry R. Alley who was accidentally drowned in 1915. He early became identified with the Traders Bank, of which he was secretary when the amalgamation with the Royal Bank took place. After the amalgamation he became Manager of the Toronto branch of the Royal.

The late Mr. Alley was well-known in athletic circles in Toronto. An enthusiastic amature lacrosse player, he also achieved distinction on the track as a pole vaulter and jumper. Joining the Queen's Own Rifles in the ranks, he received his commission and served for some time as a subaltern until unable to give his time to the regiment. He was for some time a member of the Royal Canadian Yacht Club and of the Argonaut Rowing Club.

Mr. Alley's first wife died in 1893, leaving two daughters, Mrs. Wallace Judd and Mrs. H. Secord. He later married Miss Netta Marshall, daughter of Mrs. and the late Mr. Fred Marshall, of Orangeville, who with two daughters, Armine and Margaret, survives. Mr. Alley was in town about two months ago at the time of the death and funeral of the late Mr. Marshall.

ANOTHER VICTIM OF RHEUMATISM

Entirely Well After Six Weeks' Treatment With "FRUIT-A-TIVES"

MR. AMEDEE GARCEAU

32 Hickory St., Ottawa, Ont.

"I was for many years a victim of that terrible disease, Rheumatism. In 1912, I was laid up for four months with Rheumatism in the joints of the knees, hips and shoulders and was prevented from following my work, that of Electrician.

I tried many remedies and was under the care of a physician; but nothing did me any good. Then I began to take 'Fruit-a-tives' and in a week I was easier, and in six weeks I was so well I went to work again.

I look upon this fruit medicine, 'Fruit-a-tives', as simply marvellous in the cure of Rheumatism, and strongly advise everyone suffering with Rheumatism to give 'Fruit-a-tives' a trial."

BELL CO. BENEFITS

Sickness Disability Benefits, $111,065.68; Death Benefits, $19,991.97; Accident Disability Benefits, $15,016.53; Pensions, $6,109.28—these are some of the payments made for the year 1919 from the Employees' Benefit Fund of the Bell Telephone Company.

The Benefit Fund Committee's report just published is an interesting document It shows gross payments to employees from the benefit fund in 1919 of $158,602.02.

"During the year," says the report, "there was a total of 1,665 sickness cases in which benefits were paid. This is 523 cases less than in 1918. The total days of disability was 68,488 days uring 1919—only 273 days less than in 1918—which indicates that the sickness cases in 1919 were of longer duration, and that in the large number of influenza cases which helped to swell the total in 1918, the absence was of a very short duration. In 1918, with 2,188 sickness cases, $102,962.67 was paid in benefits. In 1919, with only 1,665 sickness cases, $111,065.68 was paid in benefits. The increase is due to the higher average wage of employees."

In accordance with the recommendation of the committee, the company has established a Medical Department in connection with Employees' Pension and Benefit Plan, and Dr. G. A. Winters has been appointed to take charge of it as "Medical Adviser," with headquarters at Montreal. Dr. Winters will review all medical certificates and medical examination forms

It is the intention of the company to inaugurate some form of physical or medical examination of new employees. It is considered that such procedure is very desirable, both for the protection of the employees already in the service and to ensure new employees being given work for which they are physically fitted. Should such examination disclose minor ailments or a tendency thereto, the new employee would be made aware of the conditions and advised to consult his or her physician, in order that early treatment might prevent the ailment becoming serious. Valuable and disinterested advice has already been given to employees through this channel.

The fund, which now stands at $500,000, is maintained by the company without contributions of any kind from employees.

BROWN – STEWART

Ethel, daughter of Mr. and Mrs. James M. Stewart, was married to David D. Brown this afternoon at the home of the bride's parents, 178 Lansdowne Ave. Rev. J. P. Jones conducted the ceremony and Miss Ina Polson played the wedding marches. During the signing of the register Mrs. James Waugh sang "Because." The bride, who was given in marriage by her father, wore a gown of white crepe de chine and georgette with the regulation veil and orange blossoms and carried a shower bouquet of bridal roses. After the ceremony an informal reception was held. The bride's table was centred with the wedding cake and decorated with pink and white roses. Later, Mr and Mrs. Brown left for Vancouver on their way to California. The bride wore a suit of brown velour opening over a blouse of flesh colored georgette. Her hat was a tailored model of brown and sand satin. A Hudson seal stole, the gift of the bridegroom, completed her costume. Upon their return Mr. and Mrs. Brown will make their home in Winnipeg.—Winnipeg Free Press.

The groom is a brother of Mr. Robert Brown, of Glencross.

Mr. and Mrs. Herb Gardiner and family arrived here the latter part of last week. They are staying among their friends until they get possession of their farm which they recently purchased.

Mr. Dougal Stewart and daughters arrived here the last of the week from White Cloud Island. They are visiting their friends until the first of April.

We hope that Mrs. Dougal Stewart, who is confined in Owen Sound Hospital suffering from a severe attack of the flu, will soon be able to join her husband and the rest of the family, who are moving to the farm recently occupied by Mrs. Stephen Allan.

Mrs. Fred Stewart and her mother, Mrs. Bowles, were up to Owen Sound to see Mrs. Dougal Stewart, who is a sister of Mrs. Fred Stewart.

Miss Hazel Demmans, who has been working at Mr. Duncan Stewart's for the past three months, was absent last week attending the funeral of her sister, who died very suddenly at the home of her father after a long illness.

There was a large Auction Sale at McCabe Bros. on Thursday, March 25th. Everything sold at high prices.

Mr. Wm. Allan moved to his new home last week, at Proton, where he has rented a farm.

Mr. John Stewart left last week for his home at Fort William, after visiting friends here.

Mr. George Hogg will soon be taking a spin in his car, as he has been busy painting and overhauling it this last few days. We will also hear the hum of his tractor, when it gets dry enough to plough.

BACK FROM HELL

Hillsboro, Ill., Sept. 13—Many are the following from the "State Register," of Springfield, Ill., sends it to The Ford Man:

Hillsoro, Ill., Sept.13—Many are the stories of Henry Ford and his popular automobile, but Hillsboro today is relating what it calls the best of the season, and the facts in the case are true. It happened in one of the leading churches of the city that the pastor took for the text of his sermon, "Better Church Attendance."

The pastor held that the automobile has taken more people away from the church than any other thing. He concluded with the exclamation:

"The Ford car has taken more people to hell than any other thing that I can mention.

An old lady in the congregation began to clap her hands and shout "Praise the Lord."

"What's the matter, sister?" the pastor asked.

"The Ford never went any place that it couldn't make the round trip, and I am sure that all those people in Hell will be back," she answered. "So praise the Lord."

TAYLOR THE CHOICE

Peel United Farmers Nominate Cheltenham Man as their Candidate at the Next Federal Election.

At a conention in Brampton of Wednesday afternoon of last week, the United Farmers of the County of Peel unanimously nominated Herbert Taylor, of Cheltenham, to be their standard-bearer at the next Federal election. Of the thirteen persons nominated only two besides Mr. Taylor remained in the contest. They were George Downey, of Albion, and W. J. Sanderson, of Streetsville, "Bert" Taylor as the nomination paper designated him, was however, selected upon the first ballot. His two opponents thereupon asked that his nomination be made unanimous.

Brampton Concert Hall was well filled for the Convention. There were about two hundred delegates present and perhaps an equal number of sympathetic spectators. In accepting the nomination Mr. Taylor warned the delegates not to be too over confident. The election would be won or lost according to the measure of work effected during the many months that were likely to elapse before the election writs were issued.

Mr. Taylor told the Convention that under the old party organization he had been a Liberal, but added "I felt hedged about by customs that I often doubted the honesty of." This hedging he described as that something which such parties brought down from the past and "which could not stand the test of modern ideals." Such ideals were based primarily on the hypothesis that "all political action should be guided and determined by the same principles that govern our personal lives." Hence on that account it behoved the U. F. O. "to keep clear of the vices we deplored in the past."

Those placed in nomination were Cecil Gott, Albion; W. J. McKinley, Caledon East; E. A. Orr, Streetsville; W. J. Jameson, Inglewood; John Newhouse, Snelgrove; W. J. Sanderson, Streetsville; George Downey, Albion; Thomas Coulter, Caledon East; Rev. R. M. Segsworth, Cheltenham; W. D. Bowles, H. H. Hodgson, Bert Mellow and W. H. Taylor.

The successful nominee is 38 years of age and runs a 250 acre dairy farm in Chinguacousy township a short distance from Cheltenham.

Paying Toll for Neglect

Needless exposure to damp and cold frequently result in a derangement of the Kidneys and Bladder.

When these important organs fail to do their duty, various evils arise, such as rheumatism, swollen hands and ankles, stiff joints, lumbago, sciatic neuralgia, stone in the bladder or gravel, excruciating pains in the back and sides, constant headaches, dizziness, specks floating before the eyes, uneasiness of mind without reason, and general debility.

These are signs of serious kidney and bladder trouble, which require immediate attention. The most dependable remedy is found in Gin Pills. They often prevent the operations which constant neglect may render necessary. They quickly and safely relieve congested kidneys, passing stone and gravel, healing and soothing inflamed organs and restoring them to normal. Thousands of letters from people who have been relieved are continually coming to us. Their writers often beg us to spread the good news to other sufferers that Gin Pills certainly and surely will bring the help they need. Send for free sample or go direct to your druggist or dealer 50c a box. Money refunded if relief not given.

Dan. Theobold was killed at the farm of Mr. Nelson Hewson, lot 22, fifth line, east, Chinguacousy, Wednesday of last week. The young man is the proprietor of a Ford tractor and threshing machine outfit. He was backing the tractor down the runway to Mr. Hewson's barn, when he got the machine too close to the edge of the planks and they broke precipitating tractor and man into a sort of pit twelve feet deep. The poor fellow was instantly killed, his neck having been broken in the fall. As he fell away from the tractor his body was not cut or bruised by the machine.

Safeguard Your Roof

THE roof is an important item—it "makes" or "mars" the whole structure. In shingle-roofed houses it is even more necessary to see that it is in good regular repair, because once a roof commences to decay a general deterioration of house-value is the immediate result.

To ensure a permanent durability, as well as an added appearance, use

B-H Shingle Stain

either as a mixture in which shingles are dipped or as a stain to apply to the completed roof.

It comes in all colors, and gives a tough, durable "seasoning," besides contributing largely to the artistic effect of your home.

Like every other B-H product, the B-H Shingle Stain is first choice among people who know good paint.

LAUREL.

We note from last week's Banner that our Western friend is again looming up on the horizon, doubtless with his courage fortified by his recent visit to Montreal. We beg to offer a few comments on his latest article. From a perusal of its contents we would judge that it was written while he was yet under the influence of the "liquid joy" that flows so freely in the Quebec metropolis. Under the influence of this stimulus, he no doubt accepted our plea for greater originality and wrote his first paragraph, but presently he lapsed back into the rambling remarks of the slightly inebriated or in plain English, "soused." We would suggest that our learned friend cultivate more cordial relations with English grammer before continuing his articles.

UNUSUAL CAST IN MOORE'S NEWEST GOLDWYN PICTURE

Seena Owen, A. E. Francis, A Rocco and O. Hoffman support Star in "The City of Comrades."

The cast of Tom Moore's newest Goldwyn Picture, "The City of Comrades," a picturization of Basil King's widely-read novel of the same name, is in keeping with the dignity and beauty of the story. Tom Moore assumes the role of Frank Melbury, the young man of fine family who sinks to the lowest depths and makes his way up again through force of will.

As Regina Barry, the girl whose home is robbed by Frank, and who later falls in love with him, beautiful Seena Owen finds her third opportunity as the star's leading side. Her capital work with Tom Moore in "A Man and His Money" and "One of The Finest" established her as his ideal foil; but in the Basil King story, she surpasses her previous characterizations.

The part demands refinement, distinction and sympathy besides exquisite feeling and emotional force. Miss Owen acquits herself superbly and at all times is an uncommonly lovely, carefully-nurtured American girl.

Otto Hoffman as Lovey, the curious old man who embodies a strange combination of good and evil—good in his devotion to Frank and evil in his influence over the young man—contributes a splendid study to his gallery of screen portraits. Although well known for his capital work with Charles Ray, his performance as Lovey is his finest achievement.

Dr. Cantyre is played by Albert Roscoe, who sheds the sandals and goatskins of John The Baptist in "Salome" and similar productions to play an everyday gentleman. He does it with unassuming dignity and appeal; while Robert Walker, as Ralph Coningsby, acts a small role with finesse and intelligence. Mary Warren, who, with Miss Owen, also appeared with Tom Moore in "One Of The Finest," plays a totally dissimilar role in the new play. She is seen as Elsie Coningsby. Alec B. Francis and Kate Lester, both of whom bring a vast experience and a degree of sympathy only to be found in veterans of a score of Goldwyn Pictures, complete the distinguished ensemble.

A GOOD MEDICINE FOR SPRING USE

Harsh Purgatives Should be Avoided—A Tonic Will Restore Your Energy.

Not exactly sick but not feeling quite well. That is the way thousands of people feel in the spring. It is a sign that the trying indoor life of winter has left its mark upon you. Easily tired, appetite fickle, sometimes headaches and a feeling of depression. Pimples or eruptions may appear on the skin, or there may be twinges of rheumatism or neuralgia. Any of these indicate that the blood is out of order, and these symptoms may easily develope into more serious trouble.

Do not dose yourself with purgatives as so many people do, in the hope that you can put your blood right. Purgatives gallop through the system and weaken instead of giving strength. Any doctor will tell you that this is true. What you need in the spring is a tonic that will build up the blood and nerves. Dr. Williams Pink Pills can do this speedily and surely. This medicine enriches the blood, clears the skin, improves the appetite and makes tired, depressed men, women and children bright, active and strong. As an example of the value of these pills we give the statement of Mrs. S. McBurnie, Tatamabouche, N. S., who says:—"I have good reason to speak in the highest terms of Dr. Williams Pink Pills. I was badly run down, failing in weight, and suffering from dizzy spells and weakness. In fact my condition was such that I was hardly able to do my housework. A friend advised me to try Dr. Williams Pink Pills and after using several boxes there was a noticeable improvment. I continued using the pills for some time longer and found that I had fully regained my old time health and strength and was able to do my housework without feeling weak and worn out as I did before I began using the pills."

Dr. Williams Pink Pills can be obtained from any dealer in medicine or by mail at 50 cents a box or six boxes for $2.50 from The Dr. Williams Medicine Co., Brockville, Ont.

Mr. Booth is receiving the hearty congratulations of his numerous friends here and elsewhere upon his election to the office of President of the Association. Bert was given the position by acclamation, a fitting tribute to his services and interest in the game. We understand he has the distinction of being the first playing President in the history of organized lacrosse in the province.

MOVED TO TORONTO

Mr. Ed. Darraugh, a former Orangeville boy, who has been with the Copeland-Chatterson Co., of Brampton, for the last eight years, has given up his position with that firm and is moving to Toronto, where he has bought a home. Mr. Darraugh was at one time publisher of the Dufferin Post. The compositors of the Copeland-Chatterson firm presented him with a handsome fountain pen on the eve of his departure. Mr. and Mrs Darraugh will both be greatly missed by their large circle of Brampton friends.

PEEL COUNTY COUNCIL

Adds Fourteen Miles of Roadway to County Good Roads System.

The March session of the county council finished Friday afternoon. On Thursday fourteen miles of roadway were taken over by the council and accepted as part of the County Good Roads system.

The council had a further delegation of engineers with their applications for Superintendent of the County Good roads, but this appointment has been left over and will be made by the committee on Good Roads.

A special committee recommended the payment of the county insurance to Mrs. John Bass, her husband having been killed in France in 1917. Mrs. Bass is now residing in England and her claim for her husband's insurance after being investigated carefully by the committee, they recommend payment and the insurance will be forwarded to Mrs. Bass.

The Equalization Committee at last arrived at an amicable understanding and presented their report to the council on Friday morning. P. H. Elliott is chairman of this committee and the assessment this year shows an increase of $483,400 over last year. This year's total is $16,276,300 and last year's $15,837,900. Chinguacousy is assessed at $4,266,000 and Brampton $2,000,000.

Reports were received from the chairmen of the Roads and Bridges Finance and Good Roads Committees.

The report of the Finance Committee shows the county liable for $11,203.23 for bridges over the Etobicoke and Credit rivers on the Toronto-Hamilton Highway.

A by-law was passed to assess the county for $63,351.60 for the construction and maintenance of public highways.

Reports were heard from Chairman A. H. Milner of the Property Committee and J. Anderson on the special committe on Good Roads.

No action was taken re the purchase of the Laughlin gravel pit at Cataract. The appointment of a nurse for the medical attention and inspection of pupils of Peel's public schools was referred to the township councils for their consideration.

A by-law was passed taking over the Streetsville main street as a county road and this roadway will receive improvements that are estimated to cost $25,000. The village will subscribe $15,000, the county to make up the difference and assume responsibility.—Peel Banner

NO MORE DIRECT LOANS

For Housing Purposes.—Province Instead to Guarantee Bonds Issued by Municipalities.

Municipalities will get no more direct loans from the Ontario Government for house-building. In future they may issue their own bonds for that purpose, and the Government will guarantee them. New legislation covering these two points was introduced in the Legislature Tuesday afternoon of last week by Hon. H. C. Nixon, Provincial Secretary.

Mr. Nixon informed the House that ten days before, word had been received from the Dominion Government that there would be no further loans to the Provincial authorities for housing purposes. In view of this, his amendment was to wind up the work under the present act at the end of this year.

The amendment to the municipal act allows municipalities to issue their own bonds, which will be guaranteed by the Government. The money raised in such a way will then be expended for housing.

During the year seventy Municipalities in Ontario were carrying on active work under the act. For the completion of the work now under way there is a revised list of amounts which may be loaned.

GRAY-DORT Dealers Lead

Most good automobile dealers know motor cars inside and out. They've watched the business from its infancy. They've seen cars come and go. Above all they know motor car values. They have to.

You will find in practically every city and town in Canada, that the leading motor car dealer is a Gray-Dort dealer.

Every motor car dealer knows the reason for this. Every Gray-Dort owner knows the reason. *The Gray-Dort offers unequalled value to motor car purchasers.*

The $1365 (PLUS WAR TAX) GRAY-DORT is Dominant Value

What other car at anywhere near $1365 offers you these Gray-Dort qualities?

A motor larger and finer than usual for light cars—3½" bore and 5" stroke—built from flawless castings and tough, high-carbon steel—and finely finished. The crankshaft weighs *40 pounds*. The radiator is cellular type and the water jackets are extra large. An improved carburetor marks this car, and a better electrical system. Starting and lighting are Westinghouse, as in the most expensive cars.

There's over-strength in the Gray-Dort frame of heavy channel steel; in the husky, Chatham-built rear axle; in the long, cantilever rear springs; in the specially designed, new steering gear; in the big brakes, now lined with Thermoid. The front wheels now have roller bearings. There is a new gas tank—larger, and in the rear.

Convenience of riding and driving is in the Gray-Dort. The steering wheel is of the height and size for tireless driving. The gears can be shifted with two fingers' pressure. The horn, the ignition and light switches, the clutch and brakes, all are placed for greatest ease in driving.

A shorter and smarter cowl now gives more room in the driving compartment. A new Gray-Dort feature has greatly increased the leg-room in the tonneau. Seats are tilted at just the proper angle for comfort. As in cars costing $2000 and upwards, the Gray-Dort now has side-curtains opening with the doors.

CLEAN-CUT GOOD-LOOKS

The Gray-Dort is not startlingly extreme, the Gray-Dort is a car of quiet beauty—smooth lines and perfect proportions. The smart, new top is hand-tailored in our own shops. The new hood, with its many long, narrow louvres lends just a touch of European style. French-pleated upholstery, too.

And completing the picture—the wonderful Gray-Dort finish—development of 60 years' coach-building—applied by master craftsmen, Gray-Dort trained.

Unquestionably there will be a shortage of these cars at $1365. You had better see the Gray-Dort dealer now.

PRICES

The Gray-Dort 5-passenger car, finished in Gray-Dort green and black and with standard equipment is $1365 f.o.b. Chatham. War tax extra.

The roomy 2-passenger roadster is the same price.

THE GRAY-DORT SPECIAL

For the man who wishes something a little extra in his car, we have built the Gray-Dort Special. Maroon body, with brown rayntite top. Plate glass rear window. Gipsy curtains. Rookie tan wheels. Motometer. Tilting steering wheel. Real leather upholstery. Mahogany instrument board. Just the touches which lift this car above the ordinary. $150 extra on the standard.

AND THE ACE!

The Gray-Dort Ace—the most beautiful light car of to-day. Sapper green body with handsome California top to match.

Trouble lamp and bull's-eye flashlight. Electric cigar lighter. Rear-vision mirror. Plate glass windows. Oversize, grooved-tread tires. This is the *de luxe* car for the man who does not wish to pile up a tremendous operating cost. $255 extra on the standard.

20 YEARS SEARCH IS SUCCESSFUL

Halifax Man Gains Twenty-Five Pounds and Ends Trouble.

"When a man has had stomach trouble for years so bad he couldn't eat anything without suffering agony and then finds a medicine that fixes him up in a few weeks time so nothing hurts him, I think it's time for him to talk for the benefit of others. Well, that is what Tanlac has done for me and more, for I am twenty-five pounds heavier than I was when I began taking it and am feeling just like a man made over."

The above statement was recently made by Frank Walsh, a stationary engineer living at 62 West Street, Halifax, Nova Scotia, and although remarkable is by no means unusual, as many thousands in all parts of the American continent have testified to having used the medicine with the same wonderful results.

"For about five years," he continued, "I have sugered almost continually with my stomach. I had no appetite and it seemed that everything I would eat disagreed with me. There was a feeling like a lump of lead in the pit of my stomach ant I would bloat up so with sour gas that I could scarcely get my breath. I would have terrible cramping pains and vomiting spells after meals and would be in misery for hours. Some nights I could hardly close my eyes to sleep, my stomach hurt me so, and I have had to get out of bed and walk the floor for hours, trying to get relief and a little rest. I have gone for weeks at a time with such an awful pain in the pit of my stomach that I could hardly stand it and I could hardly retain enough of what I could eat to keep soul and body together. I was constipated all the time and had splitting headaches, and was so weak and played out that I had to lay off from work two and three days at a time.

"It would be almost impossible to tell just how bad I did suffer before I got Tanlac. Why, I simply dreaded to eat and had fallen off nearly thirty pounds in weight, but Tanlac has changed things completely around for me. I have been taking it now for a little more than thirty days and can eat just anything without having a sign of indigestion and I doubt if there's a man in Halifax with a better appetite. I haven't felt so well in years and haven't an ache or pain of any kind. I don't have any more of that tired, no account feeling and have been putting in full time every day since right soon after I began taking Tanlac. After Tanlac has done so much for me I would go out of my way to tell others about it; there's nothing too good to say for such a medicine."

"Tanlac is sold in Orangeville by C. V. Jeffers, in Grand Valley by G. E. Morrow and W. T. Edmonson, and in Shelburne by J. E. A. White."

The cost will be $5,000 and the contract was awarded to W. J. Welch, of Harriston.

In nine months the Ontario Government has made a profit of $526,000 out of the sale of liquor through its dispensaries. Chairman J. D. Flavelle, of the Board of License Commissioners, made the statement, tentatively, before the Public Accounts Committee that 90 per cent. of the business done is through doctors' prescriptions and 80 per cent. of those sales are unnecessary under the Act.

THEN MRS. McNEIL USED DODD'S KIDNEY PILLS.

Nova Scotian Suffering from Rheumatism Tells of the Benefit She Got Through Using Dodd's Kidney Pills.

Hillsborough, N. S., April 12th, (Special.)—"For nearly two years I suffered the tortures of rheumatism and could get nothing to relieve me. At last I thought of Dodd's Kidney Pills and I commenced to take them.

"Before I had used two boxes I felt better. I have been using them for nearly six months and feel ever so much better. I will continue to use them until my rheumatism is gone."

Mrs. James McNeil, who lives here, makes the above statement. She feels that she owes it to other sufferers from rheumatism to tell them how she found relief from her sugering. She is always ready to say a good word for Dodd's Kidney Pills.

Other sufferers from rheumatism tell of pains relieved and health restored through the use of Dodd's Kidney Pills. They act directly on the kidneys. They strengthen the kidneys and put them in shape to strain the uric acid out of the blood. Uric acid crystallizing in the muscles causes the pains known as rheumatism.

Ask your neighbors if Dodd's Kidney Pills do not heal and strengthen the kidneys.

While on a visit to her grandson at Preston, Mrs. J. Robson, aged 82, of Galt, died after a short illness.

J. Shipton, F. Xienkann and R. I. Griffin were arrested in Kitchener and charged with robbing J. Fischer of $45.

Guelph's tax rate for 1920 has been fixed at 32 mills. The public school rate this year is nearly three mills higher than last year.

During March, forty-eight building permits were issued at an estimated cost of $318,680 at Kitchener. Of these permits sixteen were for residences valued at $68,250.

A pile of ten or twelve thousand feet of lumber toppled over into the river at the Paisley Lumber Co.'s mill yard and started down stream. A large section of it grounded at the first turn and can be saved.

Mr. and Mrs. Robt May, of Elora, announce the engagement of their second daughter, Myrtle Mary, to Mr. J. C. Cassie, of Fergus, the marriage to take place the middle of April.

Mr. Wm. Seifred, who recently bought Mr. John Schmidt's 100 acre farm in Arthur Township, paying $7,600, has sold it again to a Mr. McDonald, from Egremont. The price is reported to have been $8,500.

Mr. Ainsley Sherman has sold the James C. Ward farm of 150 acres near Mono Road in Chinguacousy, to Mr. T. Johnston, of Albion, for $17,500. Mr. Sherman bought the farm for $14,000 and had it only a few days.

Mr. Ed. Carberry, of Brampton, met with an unfortunate accident. While sitting in his cart in front of the store, his horse became frightened and started suddenly, jerking Mr. Carberry out backwards. His collar bone was broken and he was otherwise shaken by the accident.

PASTMASTERS' NIGHT

Tuesday night was a red letter occasion in the annals of Harris Masonic Lodge. It was Pastmasters night and was also noteworthy for the official visit of the District Deputy Grand Master, R. W. Bro. A. N. Adams. The D. D. G. M. who is a skilled and experienced craftsman, is himself a member of Harris Lodge and this fact added to the interest that naturally attached to his official visit. About 75 members of the Lodge were present to join in the welcome to R. W. Bro. Adams. The work of the first degree was exemplified by the regular officers of the Lodge, under the direction of W. Bro. Capt. Firth, W. M., who occupied the Master's chair. The Lodge was then turned over to the Pastmasters, who gave the work of the Master Mason's degree, with R. W. Bro. Robt. Irvine, P. D. D. G. M., in the chair. A pleasing innovation in the working of the first degree was the introduction of a musical ritual, which added greatly to the beauty and impressiveness of the ceremony. After closing the Lodge the brethren adjourned to the refreshment hall, where a splendid banquet was served followed by a short toast list. W. Bro. Capt. Firth presided, Rt. W. Bro. R. Irvine proposed "The Grand Lodge of Canada" in a happy address brimful of interesting reminiscenses of the early days of Masonry in Orangeville and of Grand Lodge meetings and R. W. Bro. Adams, the D. D. G. M., responded in an address that contained much interesting information about the work of the Grand Lodge and the early history of Masonry. W. Bro. A. D. McKitrick proposed "The Pastmasters of Harris Lodge." W. Bro. C. R. McKeown and W. Bro. A. A. Hughson responding in bright and entertaining addresses. It was well past midnight when the gathering was brought to a close with the singing of "Auld Lang Syne."

A pleasing incident during the evening was the presentation of a fine Pastmasters' jewel to W. Bro. E. H. Sproule, in recognition of his valuable services to the Lodge. W. Bro. A. T. Howard made the presentation. W. Bro. Sproule made a modest but feeling response.

CALEDON.

The Caledon Agricultural Society is this year holding a Field Crop Competition in Potatoes and with spuds bringing $5.00 a bag there are already a number of enthusiastic applicants.

The lady directors of the Caledon Agricultural Society, whose names were inadvertently omitted from the published list, are Misses M. Nesbitt, L. Laughlin, M. McLeod and B. McQuarrie.

Mr Carroll, District Representative for Peel, will be in Caledon Thursday evening to complete arrangements for a joint School and Agricultural Society Fall Fair.

INCOME TAX RETURN

We wish to draw attention to the ad. in another column as to the necessity of income tax return. Special penalties have been provided for those who fail to make returns by April 30th, 1920, as to their income for 1919. Under legislation passed last year they will be fined twenty-five per cent, of the tax payable in addition to the tax itself. For persons who make a false statement there is a $10,000 fine, or imprisonment for six months, or both.

CONSOLIDATED SCHOOLS

Mr. William Iverack, a farmer from Manitoba, a past president of the Provincial Trustees' Association and an member of the Educational Council for Canada, will deliver two addresses, one at Laurel, Thursday, April 15th, and one at Corbetton, Friday, April 16th, at 1.30 p.m. on the subject of Consolidation of Rural Schools. Mr. Iverack has assisted in establishing over 100 such schools in Manitoba. Those who wish to hear this subject discussed by a man who knows his subject by actual experience should attend. This will be your only opportunity to hear Mr. Iverack.

RAISED RECTOR'S STIPEND

At the annual Vestry Meeting of St. Thomas' Church, St. Catharines, on Monday night of last week, it was decided to raise the stipend of the rector, Rev. A. H. Howitt, formerly rector of St. Mark's Church, Orangeville, to $2,500 a year and to allow him a bonus of $200 for last year. The congregation also voted to engage a curate to take charge of a new mission which is opening in the north end of the city. Lieut.-Col. R. W. Leonard, a wealthy member of the church, has offered the church a three years' lease of a five acre property for the new mission, with the provision that he will at the end of that time make a free gift of the property to the church if the work of the mission developes as he expects it will.

ARNOTT'S MATINEE

The Special Matinee given by Jas. A. Arnott to the children of Orangeville and surrounding country in the Gem Theatre on Thursday afternoon was a grand sucess. For an hour before the doors were open the kiddies were in waiting for the show to start and before the stated time the theatre was packed to the doors and many were turned away. The genial and painstaking manager of the Gem told the kiddies who were thus disappointed to come for the night show and he would admit them. In this we consider Mr. Pownall was both generous and considerate, as otherwise many of the children would not have been able to use their tickets. Now, boys and girls, when you want a new pair of shoes come to Arnott's Shoe Store.

PRESBYTERIAL W. M. S.

The sixth annual meeting of the Orangeville Presbyterial W. M. S. will be held in Knox Church, Shelburne, on Wednesday, April 21st. There will be morning and afternoon sessions, commencing at 10.45 a. m. and 1.30 p. m. respectively. The greater part of the morning session will be devoted to the receiving of reports, which will include the report of Miss Legate, of Orangeville, the delegate to the Geneva Park Summer School. In the afternoon Mrs. T. C. Glassford, of Caledon, the delegate to the Provincial Convention, will present her report and Miss B. Thompson, of Toronto, will give an address on the subject, "Leadership in the New Way." Luncheon and tea will be served to all visiting delegates in the basement of Knox Church.

HOSPITAL NOTES

Will all those who have saved tin cans kindly give in their names to the hospital as a final canvass is hoped for in the near future.

The Historical Records of the Dufferin County Enlistments are at the Public Library. They are most interesting and may be viewed by asking Mr. Macpherson for them. We hope those who have not yet given in their records will do so soon and also furnish a photo as the latter adds much to the interest and value of the record.

"Made in Canada" resolution passed at the National Executive meeting on January 7th, 1920:—"The financial situation in Canada and the Mother Country is such as to cause anxiety and whereas the need for thrift and economy is obvious, and whereas in order to readjust our adverse position we should encourage increased production in Canada;

"Therefore, be it resolved that the National Executive ask the members of the I. O. D. E. all over Canada to purchase articles of clothing, food or other necessities of life, which are manufactured or sold, or grown in Canada, or any other part of the British Empire."

The National Annual Meeting of the Imperial Order of the Daughters of the Empire will be held in Calgary, Alta., during the week beginning May 24th. Any member of the Order may attend. Perhaps some of our members may make an effort to attend at least some of the sessions.

HILLSBURG

What might have been a serious fire originated in the basement of the Union Bank last Saturday morning. Papers in a box caught from some hot ashes, but the prompt use of the fire extinguishers proved effective.

Some three hundred people, including a number of guests from a distance, attended a delightful dance in the Town Hall on Friday evening, April 9th. A noticeable feature was the number of middle aged people who were present and who appeared to thoroughly enjoy themselves. Mason's orchestra from Acton furnished excellent music. The proceeds approximated $133.

GONE TO WEST

On Monday Miss Ruth Darraugh, compositor on The Dufferin Post for a number of years and more recently with the Orangeville Sun, left for the West, where she was married in Winnipeg yesterday. The young lady has been a valued member of St. Mark's Church choir almost since childhood and at the close of the Sunday night service members of the congregation met in the Sunday School room and presented her with a handsome brass mounted oak tray as a slight recognition of her services. The rector, Capt. Stewart, presided and Capt. Firth made the presentation. Before leaving town Miss Darraugh was presented with a number of dainty gifts by girl friends and other well-wishers. The Banner wishes her every happiness in her Western home.

EPWORTH LEAGUE MEETING

A goodly number were present at the Epworth League meeting held in the Methodist church last Monday night, April 12th. The meeting was of a special nature and will long be remembered by those who were fortunate enough to be present. Previous to opening, slips of paper containing extracts and short poems from some of the most noted writers of the day were distributed and were read during the meeting. After the Rev. E. R. Young gave a very interesting Talk on the part played by dogs in the early days of this country, when the missionaries from dog-trains the only means of carrying goods and travelling about the country. The speaker told some amusing stories of the dogs owned by his father, who was a missionary in the Northland. Some of these dogs were particularly clever and incidents were related showing the different ways in which they used their cleverness, often causing some annoyance to their drivers. Mr. Young concluded his address by making an earnest appeal to all young people to have their full share in the great work of Christianizing the world. He pointed out that these dogs in the dog train of a missionary were doing a great work for the Master and that the young people of to-day should not let a dumb animal render a greater service to God than those upon whom he has showered so many blessings.

MRS. ROBT. A. M'KIBBON

Mrs. Robt. McKibbon, Margaret St., passed away in Lord Dufferin Hospital on Friday after a long and very trying illness. Shortly after Mr. and Mrs. McKibbon came to Orangeville from the West last November their children were taken ill with the measles. While nursing them the young mother contracted the malady. Ten weeks ago she was taken to the hospital where a baby daughter was born shortly afterwards. In her weakened condition the patient did not make a satisfactory recovery and was eventually stricken with a form of blood poisoning, which defied the skill of the nurses and attending physicians. Deceased, who was only 28 years and 11 months of age, was the second daughter of Mr. and Mrs. Alexander Speers, of Erin township, and a sister of the late Norman Speers, whose death was recorded in The Banner only a couple of weeks ago. She was married seven years ago and had lived at Star City, Sask., for four years, returning to Orangeville last autumn. Besides the sorely bereaved husband, she leaves a young family of five, four sons, Alex., Alvin, Melville and Elgin, and a daughter, Mary Edna, a babe of two months named after its mother. She is also survived by her parents and three brothers and two sisters, Vernet and Mrs. Geo. H. McKee, of Star City, Sask., and Willis, Almer and Ida at home. Deceased was well thought of and her untimely removal has occasioned widespread sorrow. There was a large attendance of sorrowing relatives and friends at the funeral, which was held from the family residence on Margaret St. to the Forest Lawn Cemetery on Sunday afternoon. Rev. Capt. Stewart was the officiating clergyman and six cousins, Alex. Walker, Alex. McMullin, Almer Armstrong, Dawson Gray, Jerry McKinney and Harry Speers acted as pallbearers. Among the floral tributes, which bore silent testimony to the sorrow and sympathy so generally felt, was a broken wheel from the husband, wreath from father and mother, Geo. H. McKee and brothers and sisters, a wreath from Mr. and Mrs. Ed. McKibbon and family and sprays from Mr. and Mrs. Wm Allen, Mr. and Mrs. Alex Walker, Mr. and Mrs. Jas. McKibbon and Mr. and Mrs. Harry Speers.

Friends present from a distance included Mr. Jerry McKibbon and daughter, of Bondhead, Geo. McKibbon, of Markdale, Adam and John McKibbon, Shelburne, William and Russell McKibbon, Toronto, Mrs. Thos. Hiley, Toronto, Mr. and Mrs. Jos. Duke, Laurel, Mr. and Mrs. Wm. Crawford, Mr. David McMullin and Mr. Arch. Speers, Sleswick, and Mr. and Mrs. Wm. Barbour, Hillsburg.

MRS. EMANUEL BELL

Another of Orangeville's old citizens passed to her reward last week in the person of Mrs. Bell, wife of Emanuel Bell, corner of Orange and Chisholm Sts. Deceased was in her 84th year, but despite her advanced age had been active and in the enjoyment of reasonably good health up to a couple of months ago. The late Mrs. Bell, whose maiden name was Martha Hannam, was born in Buckhorn Weston, Dorsetshire, England, on June 11th, 1837. She was the third daughter of Daniel and Charlotte Hannam, leaders in the early days of Primitive Methodism. Mrs. Bell came to Canada with her husband in 1876, settling in Orangeville, where she has resided ever since. She took a keen interest in religious matters and was a faithful and valued member of the Methodist church here. She was a bright, cheery woman, who lived an exemplary Christian life and was kindly and sympathetic in her judgments and in her intercourse with others. Possessed of a keenly retentive memory and very fond of reading she was unusually well informed on all current topics. In her home life Mrs. Bell was a tender, loving mother and a devoted wife, and the memory of her good and unselfish life will be tenderly cherished by the members of her family circle. As a neighbor she enjoyed the esteem and goodwill of the community, in which she had spent so many years of her long and useful life. Sincere sympathy is extended to the aged husband and the sons and daughters in their great loss. Of a family of nine children, seven survive, namely, Mrs. Stephen Spooner, Hardwich, Mass.; Mrs. N. Collins, Orangeville; Dr. Walter N. Bell, Principal of the High School in Paris, Ont.; Albert J. Bell, Erie, Pa.; Edwin E. Bell, a business man in Hamilton, Ont.; Henry G. Bell, of Weston, Manager and Director of the Canadian Fertilizer Association, and Miss Lottie H. at home. The sons and daughters out of town were all here for the funeral, which was held from the family residence to the Forest Lawn Cemetery on Monday afternoon, when quite a large number of old friends were present to pay their last mark of respect. The service at the home was taken by Rev. E. R. Young, assisted by Rev. C. J. Bailey, of Mansfield, an intimate friend of the family. The musical part of the service was taken by the choir of the Methodist church. The pallbearers were the four sons, Walter N., Albert J., Edwin and Henry G., the son-in-law, N. Collins, and a grandson, Norman Collins. The floral tributes were impressively beautiful and included a pillow, "Mother," from the family; wreath, staff of Edwin E. Bell, Limited, Hamilton; wreath, Mr. and Mrs. R. H. Robinson; and sprays, Mildred and Norman Collins, Mr. and Mrs. John Patterson, Orangeville Methodist church, the Methodist church W. M. S., Orangeville Methodist Epworth League, Westminster church choir, Weston, Mr. and Mrs. James Wise, Mr. and Mrs. Jos. Ogston and family, Mr. and Mrs. Geo. and Violet Salter and Mr. and Mrs. Geo. Wakefield.

A BUSY WEEK

Inspector Beckett Seized $3,500 Worth of Liquor at Kitchener.

Inspector Matthew Beckett, of Owen Sound, is a busy man. A week ago he was at Kitchener and in company with Inspector Elliott, of Stratford, made some big liquor seizures. Sixteen cases of booze shipped as smallwares, and addressed to Randall and Roos, were seized and will probably be confiscated. Sixteen more cases addressed to Knell & Co., as shoe findings, were also seized. Sixty more cases contained in 15 large packing cases, labelled "Cream Separators," addressed to the National Supply Co. (a fictitious name), were also sequestered. It is said that Kendall and Roos, and Knell & Co. both repudiate any connection with or knowledge of the shipment. The value of the wet goods seized during a week's operations, was $3,500.

MONO MILLS.

In our report of the Easter memorial service at Mitchell's Church, Mono, in last week's Banner we made a couple of inadvertent errors, which we now hasten to correct. Two of the lillies referred to in our report were placed in front of the altar as follows:— "In memory of my beloved nephew, Chester Crozier, R. A. F.," from Mrs. T. Henderson; "In memory of my brother and niece, Mr. John Crozier and Margueretta Crozier," from Mrs (Dr.) Price.

NO PROFITEERING WITH ZAM-BUK

Before the war, Zam-Buk was 50c. a box. All during the war, when the cost of production was rapidly advancing, the price of Zam-Buk to the consumer remained the same. Now, with the war over, while some prices continue to soar, Zam-Buk is still 50c. a box! Not only so, but the same high standard of quality has been maintained throughout.

There has been no profiteering in regard to Zam-Buk. For every box you have bought, you have been asked to pay fair value only.

Is this method of doing business not worthy of recognition? Answer this question by continuing to recommend, to appreciate, and to use Zam-Buk—the greatest household healer of modern times.

Use it for all skin troubles, eczema, ringworm, abscesses, ulcers, boils, pimples, piles, blood-poisoning, chapped hands, cold sores, cuts, bruises, burns, scalds, etc.

Make a real job of it.

PAINTING becomes necessary as your property increases in value, and as property was never so valuable as today there is a greater need than ever for that kind of paint which actually preserves the surface and thus saves the entire house.

This spring, to make a real job of it, use

B-H "ENGLISH" PAINT 70% Pure White Lead (Brandram's Genuine B.B.) 30% Pure White Zinc 100% Pure Paint

because it combines permanence, covering capacity and economy.

If B-H "English Paint" was dearer than it is, it would still be the most economical—the shorter life of other cheaper brands makes them more expensive in the end.

It contains the famous Brandram's Genuine B.B. finely-ground white lead—70%—to which is put 30% of pure zinc—a guaranteed formula that no other paint can boast. To this mixture is added fine turpentine and linseed oil from the B-H mills, which is of a quality in keeping with the other ingredients.

When you use B-H Paint you will notice its "body" and brilliance—you will compare the extreme covering capacity with other brands—the permanence you will be able to prove by other exteriors painted with B-H paint years ago.

REMINISCENCES OF LADY ASTOR TOLD BY VANCOUVER OFFICER

"Lady Astor radiates optimism. She never addresses an audience without leaving the people with the feeling that better times can and will come. It is fortunate for the women of England that a woman of Lady Astor's broad grasp of affairs and intuitive knowledge of human nature has been the first to enter the British Parliament, for though English women generally are far better informed than are many of our prominent politicians, and to listen to them is to be astounded at their insight, there are few like the new member from the Sutton Division, who have the marvelous ability to handle the rank and file, nor can the average woman stand as she does like a soldier and a sportsman, and take what comes her way."

This interesting sidelight on the personality of Lady Astor is given by Captain George Endacott, of this city, who went overseas with the first Canadian contingent, and while recovering from wounds in the Red Cross Hospital at Clivedon in 1915 and later in 1918 was closely associated with that intrepid campaigner, when she took platform in support of her husband previous to his return to the House by the last general election.

Lady Astor's Training.

The captain pointed out that her education had seemingly been preparatory to the important work that she had assumed. "Cliveden is a rendezvous for brilliant men and women. I have seen there Lord Balfour, the Duke of Connaught, Princess Patricia, Rudyard Kipling, Col. Lockhart and many others.

"I have heard Lady Astor day after day and night after night speaking during Lord Astor's campaign from a small run-about to rough seaman and chance crowds on the streets of Plymouth, and never," declared the Vancouver Officer, "was there any 'come back' to her response to the heckiers."

"When are you going back to America?" was shouted at her.

"I'm not going back. I came over here to better myself," was an answer that never failed to evoke a chorus of hoarse cheers and considerable jeering for the questioner.

Another considerable factor in her education has been the sturdy family of five boys and one girl whose contribution any mother cannot fail to appreciate. "I have seen Lady Astor on a bicycle," says Captain Endacott, "pedaling for dear life on her way to the convalescent hospital, to which she devoted a large share of her time, with the baby on the handle bars, and Billy, the heir, a fine little chap who was his grandfather's idol, standing astride the wheel at the rear."

This convalescent hospital, through which thousands of Canadians passed, was her special care, and immediately a man of note landed in London he usually came down and talked to the man at Lady Astor's request. Here Rudyard Kipling related a wonderful story, and Col. Lockhart, fresh from an interview with Lenine and Trotsky, in Russia, told his experiences.

People Love Her.

Lady Astor's reception among the poorer classes has been called "phenomenal," but it was soon found out by the officer that fine pre-election promises could not have won over these people. For years Lady Astor had been their benefactor, sympathizer and friend, interested in schemes for better housing, creche movements and everything else that made for their betterment.

Captain Endacott related an interesting incident showing her "holding power." A Plymouth audience had listened to perhaps half a dozen dull stereotyped speeches at a meeting which ended with "God Save the King," the electric signal for most sleepy, bored crowds to disperse instantly. It was announced, however, at the close that Lady Astor, who had been expected to speak at the meeting, would arrive in about twenty minutes, and not a person got up to leave the hall. "She looked as well as I ever saw her that night," said the narrator, "in a suit of rough Scotch cloth with a blue turban to match, the blue of her eyes sparkling and her cheeks glowing with color, and she simply swept that stolid audience off its feet.

Clever Story Teller

Both Lady Astor and her sister, Mrs. Phipps, are inimitable story tellers. The latter confines herself to those delightful stories of the South, but Lady Astor can mimic any type, and her apt "take off" of the superiorities of her housekeeper sent her guests into gales of laughter. "In the bromidic way of describing it," said Captain Endacott, "it's not what she says, but the way she says it, that makes her an artist. The opposition tried unsuccessfully to make capital of the words she used in addressing a certain audience as 'you villains' but she had obeyed the Virginian's order to 'smile when you say that word,' which made all the difference in the world to her hearers.

In her own campaign speeches Lady Astor declared: "Men have physical courage, but it's moral courage that works reforms and that is the strongest attribute of womankind." The people loved her ideas, her philosophy, her absolute disregard of party shiboleths, and her brave stand in the face of obstacles well-nigh insurmountable. She was American born; she was a prohibitionist; she was a government candidate in the time when the tide had turned; and above all, she was a woman.—Vancouver Daily World.

THE JUDGE'S BUSY DAY.

A discouraged counsellor remarked to the court, "My poor client is little likely to get justice done her until the judgment-day."

"Well, counsellor," said the judge, "If I have the opportunity I'll plead for the poor woman myself on that day."

"Your honor," replied the other, "will have troubles of your own upon that day."—Boston Transcript.

FERTILIZER VS. Barnyard Manure

The decision given by leading experimenters is that "Barnyard Manure supplemented by proper commercial fertilizer will give, not only the highest yield, but return the greatest net profit."

A farmer in Dundas County, using on a typical potato soil 10 tons of manure to the acre, raised 187 bus. of potatoes. But with only 5 tons of manure and 400 lbs. of fertilizer another acre gave the same man 306 bus.

To get the best results in Root, Grain or Fruit Crop, USE STONE'S HIGH GRADE FERTILIZER. There is a brand for every requirement.

REPORT OF THE G. W. V. A. CONVENTION

A splendid report was given by Col. Preston lately returned from the Provincial and Dominion Conventions in Peterboro and Montreal. Colonel Preston represented the Orangeville Branch only at Peterboro but had proxies from Shelburne, Grand Valley, and Owen Sound, at the Dominion Convention, a total of three hundred votes.

Great enthusiasm was supposed at both places, and the organization is proving itself the leading and most influential of its kind in Canada. The Resolutions Committee was greatly hampered in that the time allotted to it was quite insufficient for the number of resolutions, some three thousand, to be handled. This will be remedied next year when the Convention assembles in Port Arthur.

Outstanding characteristics were: The sincere spirit of loyalty to the British Crown and Canada; the marked feeling of good-will between the French and English representatives; the earnest desire to make a permanent and generous provision for the widows and orphans of those who died in the great war and for disabled comrades; unqualified disapproval of Bolshevism, class legislation or domination.

The President, Comrade Parney, was taken ill after delivering his address and was succeeded by First Vice-President, Comrade R. B. Maxwell, who was afterwards elected President.

Greetings were sent to His Majesty the King, H. R. H. the Prince of Wales, Sir Douglas Haig, and Marshall Foch.

The policy of the Association was set forth in a declaration of principles, a few of the most important being:

(1)That the foundation principle upon which this. our Association rests, is National Service, and that we unreservedly commit ourselves to a standard of service in Canada and the British Isles in the work of national development, as full as self-sacrificing and as free from personal motives as that rendered by our army overseas.

(2)That we pledge ourselves to the common service of our country acknowledging no pre-eminence in our Association except devotion in the building up of our national life.

(3)We view with alarm the increasing love of luxury which permeates all classes of our community and the riotous extravagance everywhere shown in gratifying this mania, thus courting, as a nation, final disaster. Our army fought and our men died to establish forever among us the ideals of sacrifice, unselfishness and brotherhood. We, therefore, protest with all our energy against this extravagance shown, in dress and manner of living, against the spending of money on unnecessary social affairs and against costly public functions which are of no real value. At this time of national stress when, as a nation, we are faced with enormous financial responsibility, we call upon our fellow-citizens for plain and economical habits of life. We summon our country to return to Spartan simplicity.

Many more principles of equal importance were adopted and it is to be hoped that a perusal of the above will convince the community that the G. W. V. A. is not an organization established merely for the purpose of obtaining the much discussed gratuity, although it occupies the centre of the stage at present.

Regarding the gratuity question, the final resolution which was presented to the Government was based upon an additional dollar a day to 100 per cent of the forces who served on a belligerent front, a minimum of one thousand dollars and a proportionate bonus to those who served only in Great Britain, Siberia, and Canada. Dependents of a fallen comrade were to receive not less than the amount he would have received had he returned at the date of the armistice, the total in both cases not to exceed $2,500.

A Toronto paper of April 10th, in a leading editorial, says, "Canada is a twentieth century country—It is up to us to do a great deal better in many things than has ever been done in the past, and a great deal better than older nations which are run on ideas very different from ours, are likely to do—Those who need a hand in bridging a gap of three to five years ought to get it—This country escaped many of the injuries of war which fell on other lands; most of the injuries Canada sustained fell on our soldiers abroad and on their relatives here rather than on the Canadian people as a whole. The widow and orphans of the soldier, the soldier himself who is maimed or who is unable to find a secure place back in civilian life, all these should have their welfare quietly and thoroughly insured by us as a nation.—As a people we ought to have some new conception of what a country owes to the men who fought for and defended it."

In the House of Commons, Sir George Foster said that the Government cannot change its mind regarding the cash bonus but that a new committee on pensions and re-establishment will see where the re-establishment scheme can be improved. Resolutions were passed at Montreal asking for the increase of the pension of a widow or dependent mother; of a widow with children to $100 a month plus the recognized allowances for children; $1 per one per cent. of disability for disabled; that total pension be paid to tubercular patients for two years after discharge from sanitarium; that the ratio of disability be fixed for one year without further medical examination; and that provision be made for the dependents of soldiers dying from causes due to the war within ten years after discharge. It is to be regretted that that for which soldiers are striving is regarded by the country in rather an indifferent manner. It is quite possible that the gratuity question will be put before the people soon. Canada must look ahead or forfeit her place as one of the strong new nations. The last war has not been fought. We have the nucleus of a new navy, our air force is growing swiftly and now as never before, is the time for a square deal to be given to the man who may be called upon to defend his country again.

SAFE AND EFFICIENT HOME TREATMENT

Many Weak and Ailing People Who Have Been Helped Strongly Recommend Dr. Williams Pink Pills.

There is only one way to build up a run down system if the blood is pale and thin. Many diseases are caused by thin blood. Other diseases such as influenza and rheumatism cause the blood to become thin and the wasting effect of these disorders cannot be combatted successfully until the blood is restored to its normal condition.

Pallor, nervousness, indigestion sleeplessness, headaches, dizzy spells, shortness of breath,palpitation of the heart, these are a few of the symptoms of an anaemic bloodless condition. Some of them are not naturally associated with thin blood, but the quickest way to overcome them is to make the blood rich and red.

Dr. Williams Pink Pills do one thing and do it well. They build up the blood increasing the number of red corpuscles. As this is done the blood becomes a richer red and is able to carry more oxygen, the great supporter of human life. As the blood improves in quality the tissues of the body are better nourished and the functions of the body are better performed. The glands of the stomach are stimulated and the first sign of improvement is usually a better appetite and better digestion.

Dr. Williams Pink Pills have been used for years as a bloodmaking tonic and system builder with such good results that in every community there are many people who are recommending this remedy to their friends and to others who are afflicted.

Here is the statement of one person among thousands who have used Dr. Williams Pink Pills to their own great advantage. Mrs. A. Veniot, Hemford, N. S., says:—"For about two years I was a great sufferer from indigestion, which seemed to carry with a complication of other troubles. Every meal I took brought with it misery, as it was followed by pain, and sometimes nausea and vomiting. At other times gas would form in the stomach to such an extent that my heart would palpitate at an alarming rate. These conditions brought on extreme nervousness and irritability and I found my general health so much affected that the least exertion would tire me and I slept but poorly. I had been doctoring for several months, with no result beyond slight temporary relief, when I was advised by a friend to try Dr. Williams Pink Pills. I decided to follow this advice and got a half dozen of boxes. Good results soon began to show from this treatment, and the further continued use of the pills have made me a well woman. I can cheerfully recommend Dr. Williams Pink Pills to similar sufferers."

The purpose of Dr. Williams Pink Pills is to build up the blood. They do this one thing and they do it well. They are an invaluable remedy in diseases arising from bad or deficient blood, as rheumatism, neuralgia, after effects of the grip and fevers. The pills are guaranteed to be free from opiates or any harmful drug and cannot injure the most delicate system.

You can get these pills through any dealer in medicine, or by mail at 50 cents a box or six boxes for $2.50 from The Dr. Williams Medicine Co., Brockville.

IN MEMORIAM.

COURTNEY—In proud and loving memory of Pte. W. J. Courtney, No. 928802, 18th Battalion, killed in action April 5th, 1918.

Two years have passed since that sad day
The one we loved was called away.
God took him Home, it was His will,
But in our hearts he liveth still.

An angel took my flower away,
But I will not repine;
For Jesus in His bosom wears
The flower that once was mine.
Sleep on, dear son, and take your rest,
We miss you most, who loved you best.

Somwhere in France in an unknown grave
Our dear soldier son lies sleeping;
For his King and Country his life he gave
Into his Saviour's keeping.

CASH AND CARRY

Orangeville Firm gives Notice of an Important Business Departure.

We wish to give notice that on and after May 1st our business will be strictly Cash and Carry, which means cash with order and no delivery. We find that, owing to the great increase in expenses of all kinds, this plan, which is being operated with marked success in other places, is the only alternative to a further advance in meat prices. By adopting the Cash and Carry system, our customers will no longer be paying for bookkeeping, credit and bad debt charges, nor for the services of a delivery man and two horses, who will then be released for more productive work. THUS OUR PRICES WILL BECOME THE VERY LOWEST POSSIBLE. Since there are members of nearly every household down town daily there will be little inconvenience in carrying a few pounds of meat. Cash with Order will banish the bogey of debt, while the necessity of planning your requirements somewhat in advance will but increase your foresight. Special arrangements will gladly be made in special cases.

To our patrons, with thanks for the past, we give an invitation for the future. From others we ask only a trial, and from all we invite hearty co-operation in our efforts to give the people of Orangeville cheaper meat.

Rev. H. F. Batteraby delivered an impressive address in St. James' Church on Sunday night from the words, "Remember the Sabbath Day to keep it Holy." The rev. gentleman deplored auto driving, Sunday visiting and other forms of Sabbath desecration, which were steadily depleting the congregations at the services in the Lord's House. These were perhaps quite innocent in themselves, but the trouble was that a great many people were placing these and other forms of amusement first and allowing them to interfere with their duties as church members and professing Christians. A large congregation heard the address, which made a profound impression.

MARRIED MEN COMING

Information has been received by the Salvation Army Immigration Department, Montreal, that a number of married men who desire to secure positions on farms, will arrive in Canada from Great Britain with the opening of the St. Lawrence river to navigation this season. These people are of a splendid type, men who have served their country during the Great War, and who are now coming to Canada to find a home on the land, with a view of learning Canadian methods and eventually securing farms for themselves and their children. Farmers who desire married help and have accommodation for a man with family should communicate with the Salvation Army at Montreal with a view of securing this very desirable class of help. We also understand that there will be a few single men in the party. During the month of June or July the Salvation Army will probably bring a number of Orphan Children of school age to Ontario for adoption.

A BOOK REST

Mr. G. A. Campbell, York St. has invented and presented Lord Dufferin Hospital with a very light and handy book rest for the use of bed patients. Unlike most inventors Mr. Campbell is not looking for any financial returns from his invention and has kindly offered to loan one of the rests to any sick person, who would like to have one of them for reading purposes. He is also willing to show any person how to make the rest, and will even go so far as to make one of the rests free of charge for any patient who cannot make it convenient to have one made otherwise. The Banner has seen and examined the rest and we consider it an ideal device for the purpose.

"The Most Exquisite Tone."

MISS HAZEL DAWN, the prima donna who plays the violin so wonderfully in "The Pink Lady," says: "The Vareni Violin has the most exquisite tone. It is one of the most perfect instruments that I have ever used."

Vareni Violins

fully deserve the high praise of this artist. The maker has succeeded in producing a well-balanced instrument with that full, round even tone that is the last test of value in a violin.

The VARENI VIOLINS are made in three models:
No. 23 is the Concert Model, selling at $45.00
No. 62 is for Orchestral Work. The price is $35.00
No. 61 is designed for Amateurs and sells for $25.00
Write for booklet 6 of Musical Instruments for description of the above models, and also Mandolins, Guitars, etc.

LEFT $111,667 ESTATE

An estate valued at $111,667 was disposed by the will of the late Benjamin Fletcher, a former Orangeville man, President of the Fletcher Manufacturing Company, of Toronto. To his widow, Mrs. Eleanor Fletcher, is bequeathed the household goods, part of the insurance money, cash in the bank, a life interest in 150 Carlton St., Toronto, and preferred stock in the Fletcher Manufacturing Company. The residue of the estate upon Mrs. Fletcher's death is to be divided among the family. $1,000 insurance is to be divided among Mr. Fletcher's brothers and sisters.

YOU BET HARRY WILL

One of our young rural mail curriers is wiser and sadder than he was on Monday, when his enthusiasm as a hunter for fur received a douche that will probably put fur gathering out of his mind altogether. While on his round Monday he spied an animal which his observant eye noted had a fine coat of fur on its back which he thought, judging by recent fur sales, could be turned into a nice pot of money. Seizing an axe he gave fight, but just as he was about to bring the weapon down on the unfortunate animal's back something struck him hard in the eye and nose, nearly blinding him and giving his olfactory machinery a shock such as it had never experienced before. Talk about ammonia! He does not know yet what became of the dear little animal, but consoles himself with the thought that if its fur smells as bad as its "bite" he doesn't want it, anyway. And when he arrived at the postoffice here with the mail Postmaster Trimble is said to have contemplated sending for the M. O. H. to disinfect the premises. Conundrum: Will Harry know a skunk the next time he meets one of these gentlemen?—Flesherton Advance.

TIRED AND DISCOURAGED

Mrs. Warren Randles, Rothesay, Kings County, N. B., writes: "I have three small children and had to stay in the house all winter. I decided to try Dr. Chase's Nerve Food and the results were most satisfactory. I feel fine now, and am recom-

A VERY SAD DEATH

The death of Thomas J. McDermott early Friday morning is one of the saddest in this vicinity for a long time. Some weeks ago he contracted influenza which developed into pneumonia, and from the first his condition was alarming. Three other members of the family were taken down, a girl, Edna, being rushed off to the local hospital for an operation for appendicitis and is still there. About twenty years ago Mr. McDermott came from Palmerston district and settled on the second con. of West Luther, and ten years later bought the McCune property on the fourth concession, which he transformed from a dense swamp to a good farm. He was a hard worker, industrious, a thoughtful neighbor, ever willing to help. His taking off under such pathetic circumstances touched the deepest sympathy of the district, many attending the funeral on Sunday to the Union cemetery. Rev. Mr. Lewis officiated at the house and grave, the closing ceremony being conducted by the Orange order of which deceased was a loyal and devoted member. Besides his widow he leaves the following family: Mrs. Warmington and Mrs. Hamilton, of Fergus, William, of Orangeville; and Melissa, Oliver, Edna and Priscilla, at home.—Star and Vidette.

Mr. and Mrs. John Davidson, of Whitfield, announce the engagement of their younger daughter, Ena Gertrude, to Arthur J. Butcher. The marriage will take place about the middle of April.

WELL DONE, BIDDY

A hen belonging to Mr. Andrew Robinson did the grand the other day by producing an egg, that taped 8½ inches by 7 inches in circumference and tipped the scales at 7 ounces. We fancy this must be pretty near a record both for size and weight. The producer has been laying large, double yoked eggs for some time. She is bred from a Minorca cock and Rock hen. Mr. Robinson has a flock of this particular breed and pronounces them splendid layers.

GRAY-DORT Dealers Lead

Most good automobile dealers know motor cars inside and out. They've watched the business from its infancy. They've seen cars come and go. Above all they know motor car values. They have to.

You will find in practically every city and town in Canada, that the leading motor car dealer is a Gray-Dort dealer.

Every motor car dealer knows the reason for this. Every Gray-Dort owner knows the reason. *The Gray-Dort offers unequalled value to motor car purchasers.*

The $1365 (PLUS WAR TAX) GRAY-DORT is Dominant Value

What other car at anywhere near $1365 offers you these Gray-Dort qualities?

A motor larger and finer than usual for light cars—3½" bore and 5" stroke—built from flawless castings and tough, high-carbon steel—and finely finished. The crankshaft weighs *40 pounds*. The radiator is cellular type and the water jackets are extra large. An improved carburetor marks this car, and a better electrical system. Starting and lighting are Westinghouse, as in the most expensive cars.

There's over-strength in the Gray-Dort frame of heavy channel steel; in the husky, Chatham-built rear axle; in the long, cantilever rear springs; in the specially designed, new steering gear; in the big brakes, now lined with Thermoid. The front wheels now have roller bearings. There is a new gas tank—larger, and in the rear.

Convenience of riding and driving is in the Gray-Dort. The steering wheel is of the height and size for tireless driving. The gears can be shifted with two fingers' pressure. The horn, the ignition and light switches, the clutch and brakes, all are placed for greatest ease in driving.

A shorter and smarter cowl now gives more room in the driving compartment. A new Gray-Dort feature has greatly increased the leg-room in the tonneau. Seats are tilted at just the proper angle for comfort. As in cars costing $2000 and upwards, the Gray-Dort now has side-curtains opening with the doors.

CLEAN-CUT GOOD-LOOKS

The Gray-Dort is not startlingly extreme, the Gray-Dort is a car of quiet beauty—smooth lines and perfect proportions. The smart, new top is hand-tailored in our own shops. The new hood, with its many long, narrow louvres lends just a touch of European style. French-pleated upholstery, too.

And completing the picture—the wonderful Gray-Dort finish—development of 60 years' coach-building—applied by master craftsmen, Gray-Dort trained.

Unquestionably there will be a shortage of these cars at $1365. You had better see the Gray-Dort dealer now.

PRICES

The Gray-Dort 5-passenger car, finished in Gray-Dort green and black and with standard equipment is $1365 f.o.b. Chatham. War tax extra.

The roomy 2-passenger roadster is the same price.

THE GRAY-DORT SPECIAL

For the man who wishes something a little extra in his car, we have built the Gray-Dort Special. Maroon body, with brown rayntite top. Plate glass rear window. Gipsy curtains. Rookie tan wheels. Motometer. Tilting steering wheel. Real leather upholstery. Mahogany instrument board. Just the touches which lift this car above the ordinary. $150 extra on the standard.

AND THE ACE!

The Gray-Dort Ace—the most beautiful light car of to-day. Sapper green body with handsome California top to match.

Trouble lamp and bull's-eye flashlight. Electric cigar lighter. Rear-vision mirror. Plate glass windows. Oversize, grooved-tread tires. This is the *de luxe* car for the man who does not wish to pile up a tremendous operating cost. $255 extra on the standard.

BROWN WAS FAST GOING DOWN HILL

About To Quit Work But Takes Tanlac And Feels Fine Now.

"I told my wife one day that if I didn't find something pretty soon that would help me I would just have to quit work," said Bertram Brown, familiarly known to his friends as "Bert," who is employed by the Piercery Supply Company, and resides at 46 Maynard Street, Halifax, N. S., while describing his condition before taking Tanlac. Continuing he said:

"For the past two years I suffered from the worst sort of stomach trouble, and finally became so weak and felt so tired all the time I could hardly get about. I had no appetite to speak of and could not eat the least thing without simply forcing it down, and for a long time I could not even do this at breakfast, and would go for weeks without eating a single mouthful in the morning, for I knew if I did I would suffer from it all day long. What little I did manage to eat would sour and ferment and I would bloat terribly and my heart would palpitate dreadfully. I also had such cramping pains they would almost draw me double and such a burnig sensation that I felt like there was a coal of fire in my stomach. I would have such severe attacks of heartburn they would nearly drive me wild. I would have blinding headaches and would sometimes become so dizzy I would just have to catch hold of something to keep from falling. I was extremely nervous and could get but little sleep, I would roll and toss from one side of the bed to the other all night long and would get up in the morning completely tired out. I also suffered from constipation and was simply in a bad fix every day, and for two months before I started taking Tanlac there was hardly a minute when I was free from pain and I was so weak I could hardly stand on my feet.

"One day I was talking to a friend of mine and telling him how I felt, when he told me how much good Tanlac had done him and advised me to go right down to the drug store and get a bottle, as he felt sure it would do me good also. Well, I took his advice and I hadn't taken but a few doses when I could notice it was helping me. I have taken six bottles altogether and I am entirely over my stomach trouble. I have a fine appetite and never suffer any bad after effects from anything I eat. My nerves are in such good condition I sleep as sound as a log all night long and always get up feeling greatly refreshed. I am regaining my lost weight and strength and my work is a pleasure to me. I have not had a headache since I began taking Tanlac and never become dizzy and I think Tanlac is the greatest medicine ever put on sale in Canada and I am always recommending it whenever I get an opportunity."

"Tanlac is sold in Orangeville by C. V. Jeffers, in Grand Valley by G. E. Morrow and W. T. Edmonson, and in Shelburne by J. E. A. White."

WHY A. J. MACLEOD PRAISES DODD'S KIDNEY PILLS.

Nova Scotia Man Gives the Reason Why he advises Sufferers from Kidney Trouble to Use Dodd's Kidney Pills.

River Dennis, N. S., April 19th, (Special.)—Dodd's Kidney Pills helped me wonderfully. My back is better and as I haven't taken any other medicine since starting to take them, they must have done me a lot of good."

In these words Alexander J. MacLeod, a well-known resident here, gives his reason why he praises Dodd's Kidney Pills and why he says, "I would advise anybody who has kidney trouble to give Dodd's Kidney Pills a trial."

The reason Dodd's Kidney Pills are popular all over Canada is that people have tried them and found them good. Dodd's Kidney Pills have been in use in Canada for more than thirty years. They have been used by thousands of people suffering various forms of kidney trouble, such as rheumatism, dropsy, sore back, weakness, diabetes and Bright's disease.

Ask any one of these thousands to give you his opinion of Dodd's Kidney Pills. It is on the relief afforded sufferers from kidney trouble that Dodd's Kidney Pills have built their reputation as the sovereign remedy for sick kidneys.

HEALTH MATTERS

Claims That Local Board of Health Should Take a More Active Interest in Matters Affecting the Health of the Community.

Dr. R. E. Wodehouse, Provincial District Medical Officer of Health, visited Orangeville on Monday and spent the day looking into sanitary and health conditions in the town. His impressions were set forth in a lengthy report, which was laid before the Council at its meeting on Monday night. Dr. Wodehouse was not unduly impressed by the activities of the local Board of Health or the manner in which the municipality remunerates its Medical Officer of Health. The portion of his report dealing with this subject reads as follows:—

"I visited the Town Clerk's office and viewed the minutes of the local Board of Health for the year 1919. I found they comprised one meeting with two motions. I further found these minutes recorded in a book with miscellaneous other office materials not pertaining to the work of the Board of Health. I feel that this is somewhat of an index of the importance and activities of the Board of Health's work in this community. It is strongly recommended that the Board be more active. Meetings should be held at least quarterly and the health index of the community studied and improved where possible. I learned that the Health Officer's salary is $25.00. This at least should be $250.00 for a community the size of this, as it is not right to expect a busy medical man to give the necessary time to the supervision and administration of the necessary health measures for the pittance of $25.00. I viewed the vital statistics for 1919 and found the birth rate to be 1933.1 per one hundred thousand population. This is one of the lowest birth rates I have found in any Ontario community. The death rate under one year of age per thousand births is 95.5. This is fair considering that there has been no local effort along the line of child welfare work to endeavor to save the children. The death rate from cancer is alarming, numbering ten adults in all and giving a rate of 460.1 per one hundred thousand population. Still births number three, or one in every fourteen children born."

Dr. Wodehouse suggests that the Sanitary Inspector should make at least monthly inspections of local food providing establishments, that he should take samples of milk from the dairymen and that he should be provided with a dirt tester so that he could stop a milk wagon at any time, procure a pint of milk, strain it on the spot and show the dirt contents to the vendor. The local Officer of Health should be provided with a Babcock butterfat tester, so that he would be in a position to certify as to the butterfat contents of samples of milk taken from time to time. The district Medical Officer of Health condemned the condition of some of the open drains in residential parts of the town and virtually told the Council that it was its duty to remedy matters forthwith by taking the necessary steps to construct a proper sewerage system. To aid in overcoming any financial obstacle to the heavy expenditure that this step would involve Dr. Wodehouse suggested that the Council pass a motion requesting him to ask the assistance of the Provincial Board of Health in finding a solution for the necessary financing.

EDITORIAL NOTES.

J. W. Bengough, the famous cartoonist, is giving one of his unique entertainments in the Opera House on April 28th, under the auspices of the Orangeville Branch of the G. W. V. A. Bengough has never failed to drive the blues away by his clever caricatures. He is too well known to require any extended introduction to the people of Orangeville and will doubtless be greeted by a large audience. Tickets are on sale at The Banner Office now. Reserved seats, 50 cents; general admission, 35 cents. Now is the time to make sure of a good entertainment and by attending you can at the same time assist the returned men.

HARD TO UNDERSTAND

Dear Mr. Editor.

Have just finished reading the annual report and financial statement of the Camilla Cheese Factory for 1919 and some of the items struck me as rather unusual. I see the total value of the cheese was $7,934.78. By that, I understand that is what it sold for. What I cannot understand though is, the etc. $17.00, making a total amount amount paid to patrons was $7,899.-63, the cost of manufacturing was $1,165.63, and the cost of insurance paid out of $9,082.26. Yet there is a balance of 80 cents on hand. How that amount could be paid out of the amount received for cheese and still leave a balance is something that I cannot understand, because by simply subtracting $9,082.25 from $7,984.78 leaves a deficit of $1,147.48.

JUNIOR LACROSSISTS

A largely attended and enthusiastic lacrosse meeting was held by the junior lacrosse club in the Public Library auditorium on Wednesday evening, April 14th. The following were elected officers for 1920:—

Manager, W. C. Hopkins; Committee, A. Robinson, convener, T. McKeown, A. Macpherson, W. Stewart; Secretary, G. Kearns; Treasurer, C. Robinson.

Very encouraging reports were given from all departments and the outlook for the season of 1920 is very bright. If the Orangeville junior team receives the support it should, some high-class lacrosse is assured to the fans of the town and vicinity.

RUNAWAY ACCIDENT

Haldin Smith, a Young East Garry Farmer, Seriously Injured on Monday Morning.

Haldin Smith, a son of Mr. and Mrs. William Smith, 17th line, East Garafraxa, was the victim of a serious accident at Watt's grist and chopping mill Monday forenoon. The young man had brought in a load of grain for chopping, which he was unloading at the door of the mill, when something startled his horses causing them to make a sudden bolt. Smith, who was in the front of the wagon, called to the team and then sprang over the front of the box on the tongue to seize the lines. Unfortunately he only managed to grasp one line, with which he pulled the now frightened horses around toward the north. The wagon collided with the flower bed in the centre of the street and upset throwing Smith under the wheels. The vehicle turned completely over and in this position the horses dragged it into one of the nearby hotel sheds. Hilliard Anderson, who was an eye-witness of the unfortunate occurrence, picked the young man up in an unconscious condition and with the assistance of Chief Ewing and the mill hands placed him in Mr. Watt's delivery wagon in which he was rushed to Dr. T. H. Henry's office and subsequently to Lord Dufferin Hospital, where his injuries were attended to by Drs. Henry, Rooney and Kyles. The doctors found that he had sustained a bad fracture of the collar bone, severe concussion of the brain and a number of ugly bruises about the head and upper part of the body. A portion of the broken bone had also pierced the right lung, further aggravating the serious condition of the patient. Smith remained unconscious nearly all day Monday, becoming partially conscious at short intervals about nightfall. His parents reached town a couple of hours after the accident and spent the day at the hospital. A brother, Mr. W. E. Smith, of the telegraph staff of the Daily Star, arrived from Toronto on the night train and is also staying with the injured man. Much sympathy is felt for the parents, who are advanced in years and depended largely on their son for the management of their farm. This is the second serious accident in the family, the other brother, W. E. having had one of his hands maimed in a cutting box a few years ago.

THE METHODIST CHURCH.

The Ladies' Aid of the Methodist Church met last Thursday and elected officers for the ensuing year as follows:—President, Mrs. Hilliard Anderson; Vice-President, Mrs. A. E. Annis; Secretary, Mrs. T. G. Legate; Treasurer, Mrs. Benj. Bradley.

Last Monday evening the Epworth League meeting was in the hands of the Missionary Committee and Miss Gladys Ewing occupied the chair. The life of Griffith John, the great Welsh missionary to China, was taken up. Mr. John translated the New and parts of the Old Testament into the Chinese language and opened up the way for many of his followers in China. The musical part of the programme consisted of a solo by Mr. Clarence McConnell and a vocal duet by Misses Alberta Kearns and Margaret Rowan. An interesting session is anticapated next Monday night, so be on hand.

The annual congregational meeting of the Methodist Church will be held on Thursday evening, April 29.

ORANGEMEN AT ORILLIA

Dufferin County was fairly well represented at the annual meeting of the Grand Black Chapter and the Grand Orange Lodge of Ontario West in Orillia from April 12th to April 17th. The local delegation was headed by J. A. Hughes, of Laurel, County Master, and included the Deputy County Master, Thos. H. Bullock, Jas. A. Patterson, A. Porterfield, D. Still, Jas. Langtree, W. Bagnall, G. H. Hunt, Grand Valley, and other members of the Order from Shelburne, Laurel, Mansfield and other places. They report a large attendance and a very successful series of meetings. The Forward Movement of the Orange Association was heartily and unanimously endorsed. The Legislative joint committee was urged to carefully watch the action of both Dominion and Provincial Governments in matters relating to the Civil Service Commission, Immigration, the Schools of the country and other matters, so as to secure that now and in the future there shall be one flag, one language and one school. Dufferin County fared very well in the election of officers, Rev. T. R. White, formerly of Alton, being elected Provincial Grand Master of the Black. Thos. Bullock, of Mono Mills, was elected Grand Lecturer on the first ballot, G. H. Hunt, of Grand Valley, Grand Censor, and Jas. A. Patterson, of Orangeville, secured a place on the Grand Committee. The Grand Orange Lodge voted $2,000 to the building fund and $500 to the maintenance fund of the Loyal True Blue and Orange Orphanage.

HE'S COMING, HIMSELF!

Mr. J. W. Bengough, the widely known cartoonist, will be seen and heard in one of his inimitable programmes of cartoon drawings, recitals, stories, poems, dialect sketches, songs and humor in the Orangeville Opera House on Wednesday night, April 28th. Mr. Bengough will visit Orangeville under the auspices of the local Branch of the G. W. V. A. and should be greeted by an overflowing house. Reserved seats, 50 cents; general admission, 35 cents; children, 25 cents. Tickets may be reserved at The Banner Office, where the reserve plan is now open.

DIGESTIVE TROUBLES CAUSE DISTRESS

But They Are Nearly Always Due to Thin Watery Blood.

Do not think that because your stomach is easily upset you are the victim of some serious malady. One of the most common predisposing causes of indigestion is anaemia, or thin, watery blood. In fact it has become generally recognized that healthy activity of the stomach is impossible unless the blood is rich and red.

Dr. Williams Pink Pills have been found most valuable in cases of indigestion, nervous dyspepsia and stomach weakness, just because they are a blood builder and nerve tonic. The rich, red blood they make not only imparts a healthy digestion, but carries color to the cheeks and lips and gives vigor to the muscles. One important point to remember is that Dr. Williams Pink Pills contain no harmful drugs or opiates and are thus to be preferred to preparations that merely stimulate for a time. Before you begin worrying unnecessarily about your state of health, try the tonic treatment of Dr. Williams Pink Pills. You will be surprised to see how rapidly your appetite returns and your whole debilitated system revives, as the new, rich blood courses through your body. Here is the statement of one person among thousands who have used Dr. Williams Pink Pills to their own great advantage. Mrs. A. Veniot, Homford, N. S., says: "For about two years I was a great sufferer from indigestion, which seemed to carry with it a complication of other troubles. Every meal I took brought with it misery, as it was followed by pain, and sometimes nausea and vomiting. At other times gas would form in the stomach to such an extent that my heart would palpitate at an alarming rate. These conditions brought on extreme nervousness and irritability, and I found my general health so much affected that the least exertion would tire me, and I slept but poorly. I had been doctoring for several months with no result beyond slight temporary relief, when I was advised by a friend to try Dr. Williams Pink Pills. I decided to follow this advice, and got a half dozen boxes. Good results soon began to show from this treatment ,and the further continued use of the pills have made me a well woman. I can cheerfully recommend Dr. Williams Pink Pills to similar sufferers."

You can procure Dr. Williams Pink Pills through any dealer in medicine or they will be sent you by mail at 50 cents a box or six boxes for $2.50 by writing direct to The Dr. Williams Medicine Co., Brockville, Ont.

THE TOWN COUNCIL.

The Town Council transacted conconsiderable business at Monday night's meeting. The session was probably the most lengthy the 1920 Council has held, it being after 11 o'clock when the meeting adjourned.

Payment of the following accounts was authorized:—Isaac Hughson, $6.00; Gillespie Bros., $18.50; Bell Telephone Co., $9.63; The Globe Printing Co., $5.00; E. M. MacLachlan, $1.15; E. C .Clark, $21.75; John Norris, $8.00; F. Webb, $2.00; W. J. Curry, $14.00; Jas. McKibbon, $6.30; W. O. Thomas, $8.10; Orangeville Hydro, $28.95; D. A. Hogg, $57.30; Orangeville Hydro Commission, street lighting, $159.15.

Accounts passed for snow shovelling opposite vacant lots were:—W. O. Thomas, $1.50; Ed. Delaney, $2.50, $10.00 and $5.00; Hilliard Anderson $3.00; Sam Street $7.85 and $2.50; Geo. King $4.20.

Dr. Wodehouse's report, which is referred to elsewhere, was read and considered at some length. Eventually the Council passed a motion instructing the Clerk to write Dr. Wodehouse and the Provincial Board of Health stating that the Council is sympathetic toward a sewerage scheme, but that the financial condition of the town is such that it has at present to levy a tax rate up to the statutory limit and asking the Board for suggestions as to the manner in which financial difficulties in the way of proceeding with the construction of the system may best be met and overcome.

Dr. W. H. Rooney, Dr. Campbell, Frank Crowe and J. D. Torrie were the members of a deputation that waited on the Council in the interests of the Dufferin Lacrosse Club. The deputation asked the Council to grade and gravel the street leading to the lacrosse grounds, repair the culverts at the entrance and extend the 3rd St. sidewalk as far as the entrance. The matter was referred to the Streets Committee.

An application from R. H. Flint for permission to put in a gasoline tank in front of his place of business on Broadway was also referred to the Streets Committee.

Ed. Delaney was given the contract of doing the street watering at the rate of 60 cents an hour for himself and team.

Council turned down a motion to authorize the purchase of 5,000 gallons of street oil from the Western Ontario Refining Co. at the price of 15 cents a gallon. The purchase would have involved an expenditure of $750 exclusive of the cost of applying it to the street. Had the motion carried the oil would have been used on Broadway from the Market Building as far west as the Fire Hall.

Mayor Parkinson and Reeve Jeffers were appointed a committee to meet a Committee from the Mono Council to arrange for a division of the hospital bill and medical expenses re Thomas Perry, whose place of residence prior to his illness is somewhat in doubt.

Chief Ewing was charged with the duties of overseer of roads, bridges and sidewalks, dating from April 1st. For these extra duties the Chief will receive a salary of $100 a year, payable in equal monthly instalments.

The Ontario Railway and Municipal Board has given the municipality permission to issue debentures to the amount of $10,000 to clean up a floating debt of that amount, which successive councils have been carrying along from year to year. The Council wanted to spread the debentures over a twenty year term, but the Board insisted that they be limited to a five year period, which means that the whole debt will have to be cleaned up in the next five years. The debentures will bear 6 and possibly 6½ per cent. An effort will be made to save brokerage by selling them locally. As they will bear at least 6 per cent. and will be guaranteed by the County they should make an attractive investment for some of our monied citizens.

HOSPITAL NOTES

The Hospital has undergone a thorough fumigation and disinfecting, painting and general housecleaning. The patients are enjoying its freshness and brightness these glorious spring days.

S. S. No. 13, Caledon, held a dance during Easter week, the proceeds, $21.00, being donated to the Hospital Building Fund. Residents of Peel county appreciate the accommodations and convenience of such an institution and are prepared for the canvass.

Millinery

The volume of business in this Department, thus far this season, has been truly remarkable, and this, notwithstanding unfavorable weather conditions. When bright spring sunshine and warmth arrives, we expect to greatly surpass all former seasons and with this—a possibility of the near future in view—we are preparing as many Hats as possible so that customers who cannot wait for an order to be filled, can choose one from stock that will be entirely to their liking.

Over 100 Trimmed Hats to Choose From.

House Furnishings

There are so many good things in this department that with limited space, it's difficult to give even a summary of the stock. Suffice it to say, therefore that we believe the most complete stock of Housefurnishings to be found in Dufferin is on our 2nd floor, and much of it marked at lower prices than we could replace it for to-day.

Axminster Rugs, Brussels Rugs, Tapestry Rugs, Velvet Rugs, Japanese Mat Rugs, Linoleum and Oil Cloth, Sanitol and Congoleum, Lace and Novelty Curtains, Window Shades and Rods, China, Crockery and Glassware.

SHOES

We have Shoes—**Good Shoes**—for every member of the family. Scores of pairs of up-to-the-minute styles that, were they marked $2.00 per pair higher, would not be out of proportion to today's values. This difference is the result of judicious, early buying and our customers are every day benefitting to that extent.

All Kinds of Good Rubber Footwear

SEEDS

We have sold and are yet selling Seeds of the highest standard of Purity and Germination that, to our personal knowledge, were all grown in Ontario. These, any practical farmer will admit, are safer to plant than those imported from points further south. Our prices too, are now, and all season have been less than most Wholesale Houses were charging for similar grades.

Ontario Grown Red Clover Seed
Ontario Grown Mammoth Clover Seed
Ontario Grown Sweet Clover Seed
Ontario Grown Timothy Seed
Ontario Grown Alsike Clover Seed
Ontario Grown Flax Seed
Ontario Grown Millet Seed
All Kinds of Garden Seeds and Northern Grown Alfalfa

PURE MAPLE SYRUP

We have a limited quantity of this to offer (only about 100 gallons) in a quality that is unsurpassed. We need only add that it is of the same brand that we have sold for the past several years and which, so far as we are aware, has always given the utmost satisfaction. If you are not already supplied, and want a really good syrup, we would suggest your ordering early.

Imperial Gallon, (including tin) $3.75

BLOUNT.

Blount Women's Institute held its last regular monthly meeting at the home of Mrs. Chas. Crombie. The meeting opened with the singing of the Maple Leaf, after which the minutes of the previous meeting were read and adopted. Mrs. John Reid gave a very interesting Paper on the Value of Cheerfulness and How to Benefit by Attending Women's Institutes. Several instrumental solos were rendered by Misses Myrtle Dodds and Ruby Reid. The usual collection was then taken up for the Sick Children's Hospital, after which a very dainty lunch was served. The meeting was then closed in the usual manner. The next meeting will be held in S. S. No. 4 school house. Officers will be elected for the coming year.

GRAND VALLEY

The popularity of the returned men was demonstrated at a dance held in the auditorium of the Carnegie Library on Friday evening, April 16th. Some 250 people attended, Henderson's orchestra furnishing excellent music.

During the lunch Mr. J. J. Reith, on behalf of the citizens of Grand Valley, presented the charter of the G. W. V. A. Association to the first President of the Grand Valley Branch, Comrade Hastilow, who made a fitting reply. Owing to the fact that the Clubrooms have not been secured the charter was entrusted to the Secretary for safekeeping.

RICH HILL U. F. O.

A Branch of the U. F. O. was organized at Rich Hill, Amaranth townhip, on the evening of Saturday, April 10th, with the following officers:—

President, Atkinson White; Vice-President, Wm. J. Hamilton; Sec.-Treasurer, John E. Spence; Directors, Wm. R. Rintoul, Isaac Sproule, Harry May, John Budd, Wm. Farnell.

The Club met in the Orange Hall at Rich Hill on Saturday night, April 17th, to select a meeting place and choose a regular night of meeting. Farmers in the neighborhood wishing to become members of the Club will be made welcome at its meetings.

G. W. V. A. NOTES

A heavy loss was experienced by this Branch, when Comrade Alex. Fleming withdrew from active membership. Comrade Fleming has taken a position with the Southam Press in Toronto. We wish him all kinds of luck. He was very energetic in any stunt which the Vets staged and we are confident that he will make good in his new sphere of activity.

PROMINENT IN CHURCH WORK

Miss Mary Scott, Sister of Mrs. W. H. Hunter, Passed Away Last Week.

Seldom has the death of any one in this district caused such widespread gloom as the very lamented death of Miss Mary Scott, which occurred yesterday morning at her father's home at Leith. The late Miss Scott was known to a very large proportion of the people of this district and had not only won their deepest respect by her sincere Christian life but their love as well. She was born at Leith, a daughter of Mr. David Scott, and the late Mrs. Scott and came here over 25 years ago to take charge of the books of Mr. D. R. Duncan's store. Later she was with the firm of R. A. McDougal and Co. and for a number of years has had charge of the books of Oak Hall. But it was in her church work that Miss Scott was best known. She was not only a member of Knox Church but was one of the most active church workers, always willing to lend her aid to any movement that had the betterment of the church or community for its object. She was Librarian of the Sunday School, treasurer of the Missionary fund, envelope secretary, president of the Young Women's Missionary Auxiliary and Supt. of the Cradle Roll Department. In all of these activities, and in many others she was most active, never sparing herself in any way. She had extraordinary ability and a wonderful capacity for church work. During the recent flu epidemic, the late Miss Scott contracted the disease, which later developed into pneumonia. This latter illness was very severe and left her in a very weakened condition, impairing the heart action; and it was from this latter cause that death came. She is survived by her father, three sisters, Mrs. Hunter, Orangeville; Mrs. Ewing, Toronto, and Miss Ida, of Leith; and five brothers, Charlie, of Leith; James M., Meaford; John, Toronto; Marshall, Penetang; and Robert, of Rochester. To them the sincere sympathy of everyone will go out in their bereavement. The remains will be buried in Leith Cemetery on Saturday afternoon at 3.30, the services at her father's residence being a half hour earlier. The services will be conducted by the Rev. P. T. Pilkey.—Owen Sound Sun-Times.

MRS. JOHN DEAN

Mrs. Sarah Cunnington Dean, widow of the late John Dean, of Sandhill, died at the home of her son-in-law, Mr. F. P. Haines, Cheltenham, on April 13th. Mrs. Dean was born on her father's farm near Sandhill ninety years ago and was the last of her family. The late Alex. Cunnington, who was for many years a prominent man in Chinguacousy and a Warden of the County, was a brother.

CHILDREN OF ALL AGES

Children of all ages— whether it be the new-born babe or the growing child—have to be constantly guarded as to their health. Upon the good health of the little one largely depends his strength and usefulness in after years. Baby's Own Tablets are the ideal home medicine for children of all ages. They are a gentle but thorough laxative which are absolutely guaranteed to be free from opiates or other harmful drugs and which may be given to the youngest child with perfect safety and beneficial results. Through their action on the bowels and stomach they banish constipation and indigestion; break up colds and simple fevers and make teething easy. Mothers, you can make your little ones well and keep them well by just keeping a box of the Tablets at hand and by giving an occasional dose to the baby to keep his little bowels regular and his stomach sweet. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

MRS. THOS. HACKETT

There passed away at the home of her daughter, Miss A. Hackett, of West Toronto, on Saturday evening, April 10th, one of the early residents of the township of Mono in the person of Mrs. Margaret Hackett, wife of the late Thos. Hackett, of Hockley. Deceased was born in County Tyrone, Ireland, nearly eighty years ago. Along with her parents and brothers she came to this country in 1847. In 1859 she was married to Mr. Thomas Hackett, who died four years ago. Up to the time of her husband's death her life was spent for the most part in the village of Hockley, where she was known and held in the highest respect by everyone. As the minister mentioned in the course of the funeral service, her life had a threefold interest, first in her home where she was a most dutiful wife and loving mother, again in the church which she loved and in which she took a very active interest and lastly in the community, where her many acts of kindness and hospitality made her the best of neighbors. Since the death of her son, Dr. Will Hackett, in France last year her health had gradually failed until she passed peacefully away at the time already stated.

The remains were taken by train to Orangeville and thence to Wesley Methodist Cemetery near Hockley for burial on Tuesday, April 13th. The funeral service was conducted by Rev. Mr. Partridge, of Islington, a former pastor, assisted by Rev. J. W. Dudgeon, of Tottenham, and Rev. Mr. Lynd, of Rosemont. The late Mrs. Hackett leaves to mourn her loss a family of two daughters, Miss Annie and Mrs. Halbert, of West Toronto, and two sons, Robert, of West Toronto, and John, of McMinnville, Oregon. She is also survived by one brother, Mr. Jos. Anderson, of Orangeville.

The case looked black against the prisoner, who was charged with loitering suspiciously at the railway station.

Presently the Magistrate said, sternly:

"This lady says you tried to speak to her at the railway station."

"It was a mistake," pleaded the man in the dock. "I was looking for my wife's young niece, whom I've never seen, but who had been described to me as a handsome young lady, with golden hair, well-cut features, fine complexion, perfect figure, beautifully dressed, and—"

With a charming blush the principal witness against him interrupted his flow of eloquence.

"I don't wish to prosecute the gentleman," she said to the Magistrate. "Anyone might have made the same mistake."—London Tit-Bits.

SHOT BY BROTHER

A fatal shooting accident occurred on the farm of Frank Brydon, on the first line, Erin township, a week ago Thursday afternoon, when Mr. Brydon's eldest son, Mac Kirkwood Brydon, was shot through the head by his brother James. Just how the shooting occurred could not be learned, but it is stated it was purely accidental. The boys were shooting sparrows, using a small rifle. The victim lived only an hour after being shot. Coroner Dr. MacKinnon, of Guelph, visited the scene of the accident, and decided that an inquest was not necessary. The dead boy was fourteen years of age, and besides his parents, is survived by the one brother. The funeral on Sunday was very largely attended.

EVERSON – M'GOWAN

A pretty wedding was solemnized in Bethel Church, Price's Corners on Wednesday, April 7th, 1920, when Miss Gertrude B., eldest daughter of Mr. and Mrs. James McGowan, became the bride of Mr. William H. Everson, of Waldemar. Soon after five o'clock to the strains of the wedding march rendered by Miss Elsie Gray, the bride entered on the arm of her father and took her place in front of the church where Rev. Frank Harper tied the nuptial knot. the bride was prettily dressed in a navy blue suit with hat and veil to match and carried a bouquet of white roses, and wore the groom's gift, a taupe wolf neck piece. Miss Annie Everson, the groom's sister, was bridesmaid, wearing a navy blue suit and carrying a bouquet of sweet peas. Mr. Wesley McGowan, brother of the bride, was groomsman. Messrs. Elgin Everson and Willie Gray performed the duties of ushers in a most attractive manner. The ceremony being over, the bridal couple and guests to the number of forty, repaired to "Clear View Farm," the home of the bride's parents, where a reception was held. The usual good wishes and congratulations were extended to the happy couple, after which a wedding dinner was served in the dining room decorated in pink and white. The groom's gift to the bridesmaid was a leather purse; to the groomsman, cuff links, and to the pianiste, a string of pearls. The bride received many lovely gifts which testified to her popularity. Later in the evening a number of young friends gathered and a most enjoyable evening was spent in dancing and other amusements. Late in the evening the bride and groom left for their future home on the 14th line, accompanied by the best wishes of their many friends.—Star & Vidette.

A combination of circumstances has forced the Midland Shipbuilding Co. to temporarily close its plant. At the present time there is plenty of steel at the smelters, but the shortage of freight cars is so acute that it cannot be moved, and consequently every shipyeard on the Canadian side is being held up.

NUMBER 23 THE PROPRIETARY

LARGE EGGS

Product of Some Chatsworth Minorcas Weigh Four Eggs to Pound.

Mr. John McAuley, of Chatsworth, has some Black Minorca hens that are really wonders. You have heard the story of the woman who went into the store and wanted "black hen's eggs," and asked if she would know them, she answered in the affirmative. She was told to pick them out of a basket and proceeded to do so, picking the very largest eggs there. Well, the Black Minorcas owned by Mr. McAuley would seem to be the hens that that story was built about. Mr. McAuley was in Owen Sound recently and with him, carefully wrapped in batten, tied up carefully in a shoe box and wrapped in brown paper and again tied up, were two real black hen's eggs. They were each the same weight, 4 ounces, but one was slightly bigger around, measuring 8¾ by 6¾. When hens lay eggs, four of which weigh a pound, their labor should be rewarded. Eggs like that should not be sold by the dozen. It is said that a Black Minorca's eggs are usually large and white and good to eat.

WILLIAM E. CLAYTON

Death came quickly to William E. Clayton, of East Garafraxa, in Toronto General Hospital on Saturday, whither he went a fortnight previously to undergo an operation. The doctors on making an examination found an operation would be futile, and when the patient came to from the anesthetic, he passed away. Born at St. Davids, Ontario, about sixty-four years ago, Mr. Clayton came to Garafraxa in 1861 with his parents who settled on the farm which was home to him practically all his life. He took part in cleaning it up, and enjoyed in late years the result of his early labors. About thirty-eight years ago he married Mary Stuckey, of Grand Valley, who survives, but who has been a helpless invalid for a long time from rheumatism. Besides, there are two boys and three daughters. Albert in Grand Valley and Fred at home; Mrs. Chapman, of St. Catharines; Mrs. Neil Maguire, of Brantford and Emily at home. Mr. Clayton was a successful farmer, a man of pleasant manner, and a thoughtful, considerate neighbor. He sought no public office, nor unduly pressed his opinions on others, though a well-posted man on current events. In politics he was a Reformer, and in religion, a warm and loyal supporter of the Anglican church. His remains were brought from Toronto on Monday, the funeral taking place from his late residence on Tuesday to St. Alban's Cemetery, and accompanied by many old acquaintances.—Star and Vidette.

PLAINTIFF DIDN'T APPEAR

The only case to come before Judge Klein at the County Court here on Tuesday last was an action brought by Robt. James Bennett, a lumberman of Mactier, New Ontario, against his aunts, Mrs. Isabella Foster, of Tara, and Mrs. Jemima Clark, of Brant, to recover $500 which plaintiff claimed had been bequeathed to him by his grandfather, the late James Legerwood, of Eden Grove, who died about nineteen years ago. The defendants, however, showed that the money had been bequeathed to the plaintiff on condition that he remained with his grandmother until her death, which in this case occurred about six years later, but that instead plaintiff had picked up and left within two years of his grandfather's death, and which they maintained barred him from any claim under the will. The plaintiff, on the other hand, claimed that he didn't know at the time he left that any such condition had been attached to the bequest. As neither the plaintiff nor his lawyer, Mr. H. G. Tucker, of Owen Sound, appeared at the trial, Judge Klein dismissed the action with costs, but allowed them a stay of thirty days in which to appeal or take other action in the matter. Mr. D. Robertson, K. C., appeared for the defendants.—Bruce Herald and Times.

Long-Standing Evil

Effective Measures Taken

Since childhood Mr. A. Call was under the shadow of a great evil, which always menaced his comfort and safety. Read what he says:—

"I was troubled with my kidneys since childhood and spent a large amount of money trying to get cured. Instead of getting better, I kept getting worse until a friend of mine advised me to try Gin Pills. I did so, and after taking one box, I was able to get out of bed and walk around. Two more boxes relieved me completely, and since then I have had no return of the trouble."

Many people have kidney and bladder trouble without knowing it. They think nothing of the backache, the pains in the sides, the constant headaches, the rheumatic, sciatic and neuralgic pains, the floating specks before the eyes, the swollen joints, the highly-coloured urine—all signs of trouble—all signs which should receive immediate attention and treatment with Gin Pills, which are by far the most effective of all preparations, and which may help you to avoid a fatal operation. They quickly relieve pain and heal the congested tissues, bringing the organs back to normal. At druggists and dealers, 50c a box. Money back if no relief. Send for free sample.

AND THERE YOU ARE

There is something more than humor in the reported conversation between the owner and the bricklayer. "Us workmen haven't a chance; the contractors make all the money," said the bricklayer. "Then why don't you go in for contracting?" "No use," replied the bricklayer, "wages are too high."—Ottawa Journal.

Mr. H. Heitman has sold his business at McIntyre to his son, Harry, and will probably move to Flesherton.

Chas. McArthur has sold his 58-acre farm on the back line, Melancthon, to James G. Montgomery, who owns the adjoining farm on the south.

Mr. "Pat" Kelly, son of Mr. and Mrs. J. S. Kelly, of Markdale, and a well-known lacrosse player, has purchased a wood and lumber business at Campbellford, Ontario.

Dr. W. Willoughby, who for the past six years has conducted a successful livery and real estate business at Guelph, is closing up his livery stable to devote all his time to the ever increasing real estate trade which he worked up in Guelph and the surrounding district.

Ford

Plain Facts about Milk Routes

A team of horses costs about $400, double harness $100, a wagon $75, making a total of $575. A Ford Truck costs $750 at Ford, Ont.

Government experiments have proved that the cost of feeding a horse is 8.7 cents per working hour, or 17.4 cents per team per hour. One team, if collecting milk, could not cover more than 30 miles a day. The cost for twelve hours would be $2.09, or about seven cents a mile. The cost for gas and oil for a Ford Truck is only 4½ cents a mile. The Ford Truck soon pays for itself in the reduced cost of operation.

A Ford Truck will cover at least 60 miles a day collecting milk or 250 miles on long hauls. It enables you to operate at a lower cost per mile and to cover twice as much territory as with horses.

BOWLERS ORGANIZE

There was plenty of enthusiasm in evidence at the annual meeting of the Orangeville Lawn Bowling Club in the Public Library Auditorium on Friday night. Between twenty and thirty members were present, Mr. C. V. Jeffers, last year's President, being in the chair. Mr. A. A. Hughson submitted a very satisfactory report, his statement showing a tidy balance to the credit of the tournament account. President—W. C. Hopkins.
Vice-President—J. D. Torrie.
Secretary—T. S. Parkinson.
Asst.-Secretary—Ed. Schnurr.

SIMPSON – CORBETT

A quiet but pretty wedding took place at the home of Mr. and Mrs. Samuel Corbett, near Melville Cross, on March 25th, when their elder daughter, Greta Leone, became the bride of Mr. George W. Simpson, a prosperous young farmer living at The Maples in East Garafraxa. The ceremony was performed by Capt. J. F. G. Morris, of Alton. The bridal couple, who were unattended, took their places under an arch of evergreens and roses. The bride, who was given away by her father, was gowned very daintily in French blue silk and georgette. After the wedding breakfast the happy couple left for their home in East Garafraxa, the bride travelling in a tailored suit of navy blue with taupe hat and fox furs. The good wishes of a large circle of friends accompany the happy young couple.

IN MEMORIAM.

Lines in loving memory of John Kelly, who departed this life on April 19th, 1917.

You heard a voice we could not hear,
It bade you come to rest;
You left so many you loved dear,
To lean on Jesus' breast,
And wait the time when by His Grace
Our sweet reunion shall take place.

A beauteous home, wecould not see,
Was to your gaze revealed;
The marvels of eternity
No longer were concealed.
Though yet we mourn thee, still we know,
God in His wisdom planned it so.

And though it seems but yesterday
You calmly "fell asleep,"
Three lonely years have passed away,
And we your memory keep;
But know that soon God's saving love
Shall call us to that Home above.

CASH AND CARRY

Orangeville Firm gives Notice of an Important Business Departure.

We wish to give notice that on and after May 1st our business will be strictly Cash and Carry, which means cash with order and no delivery. We find that, owing to the great increase in expenses of all kinds, this plan, which is being operated with marked success in other places, is the only alternative to a further advance in meat prices. By adopting the Cash and Carry system, our customers will no longer be paying for bookkeeping, credit and bad debt charges, nor for the services of a delivery man and two horses, who will then be released for more productive work. THUS OUR PRICES WILL BECOME THE VERY LOWEST POSSIBLE. Since there are members of nearly every household down town daily there will be little inconvenience in carrying a few pounds of meat. Cash with Order will banish the bogey of debt, while the necessity of planning your requirements somewhat in advance will but increase your foresight. Special arrangements will gladly be made in special cases.

To our patrons, with thanks for the past, we give an invitation for the future. From others we ask only a trial, and from all we invite hearty co-operation in our efforts to give the people of Orangeville cheaper meat.

MRS. ALBERT FLEMING

Very deep sorrow is felt by many friends both in Derby and Owen Sound on account of the death of Mrs. Albert E. Fleming, who passed away last night in the General Hospital. She had been suffering for about a year from high blood pressure, and last week she was taken seriously ill. She was brought to the hospital, but in spite of all that medical skill could do, she rapidly sank until the end came last night about midnight.

Mrs. Fleming, whose maiden name was Lila Murphy, was a daughter of the late John Murphy, and was born 46 years ago at Rosemont, near Shelburne. She was married twenty-one years ago, and came to live in Derby, near Kilsyth, where she quickly became the centre of a large circle of warm friends. She was an active worker in the Disciples' congregation there, and had the respect and affection of all who knew her. She is survived by her husband and five daughters, Misses Olive, Carol Vera, Mary and Norma; she leaves also two sisters, Mrs. Wilson in Saskatchewan and Mrs. Moffatt, of Rosemont, and six brothers, R. J. Murphy, of Mansfield, Ont., William, of Alliston, Joseph, of Mulmur, Dr. A. E., of Stayner, Louis, in British Columbia, and Clarence, in Edmonton. The funeral will take place at 1. 30 Wednesday afternoon from her late residence to Greenwood cemetery. The services will be conducted by Rev. J. P. McLeod, pastor of the Disciples' Church.—Owen Sound Advertiser.

STRUCK BY LIMB

Murdoch Bell, of Lot 29, First Line, West, Mono, Fatally Injured While Felling Tree.

An unfortunate accident which was attended with fatal results to Murdoch Bell, of Lot 29, First line, west, Mono, occurred about 11.30 o'clock on Wednesday morning of last week. The late Mr. Bell, in company with Frank Montgomery, were engaged in the former's bush on the south half of lot 30, cutting down a huge beech tree. Close by stood a birch, from which a limb of large dimensions had recently fallen and become lodged in the tree which they purposed felling. The late Mr. Bell, unmindful of himself, had warned his companion to be careful of the limb lodged in the beech, and with but little warning and before they knew what was happening, the limb became dislodged and fell, striking Mr. Bell a terrific blow on the right temple, rendering him unconscious and inflicting injuries from which he died about one hour later. Aid was summoned from the nearby neighbors and the unconscious form was carried to his home. Dr. S. T. White, of Shelburne, was summoned but before his arrival life had departed. The affair has cast a gloom over the northern end of Mono township, where the deceased was well and favorably known and beloved by all. The late Mr. Bell, who was 53 years of age, was a man of strong physique, weighing over 200 pounds. On three other occasions he had received severe injuries to his head by falling trees or timbers, on one occasion it being necessary to insert fifteen stitches to close the wound and it is only natural that he should be more inclined to be careful. It is said there was no more efficient bush man to be found.

Besides his aged mother, Mrs. Bell, of Alliston, he is survived by his widow, who was a daughter of the late John Horner, of that township; and two sons, Roy Bell, of the Union Bank staff, Shelburne, and Sidney Bell, at home. His remains were laid to rest in Shelburne cemetery on Good Friday afternoon, the services at the house and grave being conducted by the rector, Rev. W. H. Hartley. A large turnout of neighbors and friends were present at the home to show their last respects but were unable to accompany the remains to the cemetery owing to the bad condition of the roads.—Free Press.

CHANGES IN ENTRANCE EXAMS

Hon. R. H. Grant, Minister of Education, has announced that High School Boards under the new plan will be left free to decide whether the candidates shall be accepted on the certificates of Public School Principals or shall write on the examinations as usual. The Boards will determine the conditions under which the principal's certificates are to be accepted and may in addition recommend to the Minister the admission of candidates, who in their opinion are fitted for High School work even though in certain respects they have failed to attain the required standard at written examinations. Moreover, those who for adequate reasons were unable to write on the examinations, may have their applications for admission to High Schools considered by the Public School Inspectors and High School principals at any time. Speaking generally the written examination may have its defects, but it is the best method yet for testing the all-round ability of the pupils of all classes. But there are many cases, when the pupil's work through the term is of a high standard, and when the departmental examinations come along develope in unexpected nervousness that ends in non-success. A moderate application of the new plan can be beneficial.

In accordance with the provisions of Sub-sections 11 and 20 of Section 56 of the Bank Act, we report to the Shareholders as follows:

We have examined the above Balance Sheet with the books and vouchers at Head Office and with the certified returns from the Branches, and we have obtained all the information and explanations we have required, and in our opinion the transactions which have come within our notice have been within the powers of the Bank.

We have checked the cash and verified the securities of the Bank at the Chief Office and at several of the principal Branches during the twelve months covered by this Statement, as well as on February 28th, 1920, and have found that they agreed with the entries in the books of the Bank with regard thereto.

In our opinion the Balance Sheet is properly drawn up so as to exhibit a true and correct view of the state of the Bank's affairs according to the best of our information and the explanations given us, and as shown by the books of the Bank.

Everyone Wants Money's Worth

NATURAL DESIRE IS NOT TO GET THE WORST OF ANY BUSINESS TRANSACTION.

CHEAPEST NOT ALWAYS BEST

(Copyright.)

PERSON WHO BUYS FROM CATALOGUE HOUSE SEES ONLY THE PRICE AND FORGETS THAT VALUE IS THING THAT COUNTS.

When you spend your money you naturally want to get all you can in return. No one can criticize you for having that desire. Only those who are commonly referred to as having "more money than sense" throw their money away. All others are careful to see that they do not get the worst of any bargain. But one has to be able to look further than the end of his nose if he is to be sure that he is getting the most that he can get for his money.

That is the defense of the man who buys from the mail order house instead of patronizing the merchants in his own town. He says he can get more for his money when he buys from the mail order man than when he spends his money at home. But in arriving at that conclusion he certainly has not been able to look further than the end of his nose.

In most cases the man who buys goods from a mail order house does so because he thinks he is getting the goods for less money than he would have to pay for them at the store in his own town. He thinks he is looking out for No. 1 and he says it is not his fault if the merchant in his town cannot make any money and is forced to go out of business. He overlooks the fact that he is likely to be as hard hit as any one when that merchant closes his doors but, leaving that probability out of consideration, the chances are about 10 to 1 that the buyer has really lost money on his deal with the mail order man.

PRICE NOT ONLY CONSIDERATION.

If buying an article of any kind, whether it be a house and lot or a paper of pins, the price is not the only thing to be considered by any means. You are not in the habit of going into a store when you want to buy a suit of clothes and saying to the storekeeper; "Give me the cheapest suit of clothes you have in the house." You want the best suit of clothes you can get for the price you pay for it, but you don't usually want the cheapest thing you can find.

A man may delude himself into believing that when he buys a suit of clothes from a mail order house for $10 he is saving money, but what is there to justify him in such a belief? The mere fact that he is getting a suit for $10 does not mean that he is saving money. The chances are that if he should go to the man who runs the clothing store in his own town and ask for it he could get a suit of clothes for $10 and the chances are also that it would be just as good, if not a better bargain than the suit which he could get from the mail order house for the same sum. It is not the price he pays that shows whether he is getting a bargain or not. It is the quality of goods that he gets for his money that counts.

CAN UNDERSELL MAIL ORDER HOUSE.

The home merchant can sell as cheaply as the mail order man if he sells as cheap goods as the mail order man sells. His expenses are not as heavy as those of the mail order man. He pays less rent in proportion to the business he does, his taxes are less in proportion to the capital invested. His advertising bills are less than those of the mail order man in proportion to the volume of his sales. He can undersell the mail order man any day in the year if he wishes to sell only goods of the same quality and style as those sold by the mail order man, but he doesn't do this because he knows that the majority of the people in his town do not want that quality and style of goods. Therefore he keeps in stock goods of all qualities and all prices. He has the $10 suit for the man who thinks that he can get more for his money by buying a suit at that price than he can by buying a better one for $20, but he tells the customer just what he is buying.

The next time you think about buying something from a mail order house, if you ever do think of such a thing, go first to your home merchant and ask to see the article which you are thinking of buying.

READY TO COMPARE PRICES.

Your home merchant is a business man. He gets the best values he can for his money when he buys goods, and he does not expect his customers to do anything else. All that he asks, in return for the favors he does his customers and the things he does for the good of his community is that he be given an opportunity to meet the insidious competition of the mail order house. He is perfectly willing to have his prices and his values compared to those of the mail order house, but he has a just complaint when he is not given a chance to make this comparison.

If all buyers would take the value as well as the price of the article they are buying into consideration, the mail order houses would all go out of business shortly.

AUDITORS' REPORT.

In accordance with the provisions of Sub-sections 19 and 20 of Section 56 of the Bank Act, we report to the Shareholders as follows:

We have examined the above Balance Sheet with the books and vouchers at Head Office and with the certified returns from the Branches, and we have obtained all the information and explanations we have required, and in our opinion the transactions which have come under our notice have been within the powers of the Bank.

We have checked the cash and verified the securities of the Bank at the Chief Office and at several of the principal Branches during the twelve months covered by this Statement, as well as on February 20th, 1920, and have found that they agreed with the entries in the books of the Bank with regard thereto.

In our opinion the Balance Sheet is properly drawn up so as to exhibit a true and correct view of the state of the Bank's affairs according to the best of our information and the explanations given us, and as shown by the books of the Bank.

A SUCCESSFUL DANCE

The Leap Year Dance given in the Town Hall on Tuesday night by the girls of the town was certainly a great success. A Dance of this nature is of course somewhat out of the ordinary, but the girls acted the part of hostesses in an ideal manner and saw to it that their guests were well entertained and that every boy danced, or had the oportunity to dance. The hall was nicely decorated with pennants and flags and a dainty lunch was served by the young men. It was pleasing to the young people to see such a number of their elders present, and, while some of the older people did not dance, they all appeared to enjoy themselves just as well as those who did dance. Splendid music was provided by the widely known Henderson orchestra, consisting of Miss Marion V. Hogg and Messrs Floyd Henderson and Clarence McConnell.

OH, YE BUGGIE!

Citizens living on Green's hill on First St. were thrown into a flutter of excitement between nine and ten o'clock on Tuesday night, when a horse and buggy dashed wildly through the vacant space between D. Young's J. D. McMillan's dwelling houses. The frightened equine finally freed itself from the vehicle, but not until the latter, a bran, new rig, was badly wrecked. When the startled residents reached the scene of the catastrophe they found a young man bewailing the wreck of his new buggy. Between sobs he blurted out that there were two girls with him when the trouble began, but he didn't know where they were—they had either jumped or fallen out of the rig. Their fate was apparently a secondary consideration, in comparison with the loss of the vehicle. As the daughters of Eve had by this time disappeared in the darkness it is a safe guess that neither of them was badly hurt. It seems one of them was driving— the horse stumbled and then got out of control.

We have examined the above Balance Sheet with the books and vouchers at Head Office and with the certified returns from the Branches, and we have obtained all the information and explanations we have required, and in our opinion the transactions which have come within the powers of the Bank.

We have checked the cash and verified the securities of the Bank at the Chief Office and at several of the principal Branches during the twelve months covered by this Statement, as well as on February 28th, 1920, and have found that they agreed with the entries in the books of the Bank with regard thereto.

"The Most Exquisite Tone."

MISS HAZEL DAWN, the prima donna who plays the violin so wonderfully in "The Pink Lady," says: "The Vareni Violin has the most exquisite tone. It is one of the most perfect instruments that I have ever used."

Vareni Violins

fully deserve the high praise of this artist. The maker has succeeded in producing a well-balanced instrument with that full, round even tone that is the last test of value in a violin.

The VARENI VIOLINS are made in three models:
No. 23 is the Concert Model, selling at $45.00
No. 62 is for Orchestral Work. The price is $35.00
No. 61 is designed for Amateurs and sells for $25.00
Write for booklet 6 of Musical Instruments for description of the above models, and also Mandolins, Guitars, etc.

Extra Years of Easy Riding

Many a bright, shiny-looking bicycle is a gay deceiver! It is merely built to sell. In a few short months it becomes a chipped, rusty-looking object that runs as hard as it looks.

On the other hand, C. C. M. Bicycles retain their looks and continue to run easily for years and years. Many in use for 10 to 20 years are still running well.

C. C. M. Bicycles depreciate more slowly than ordinary bicycles because they are made of better materials.

For example, C. C. M. case-hardened bearings are so hard a file cannot cut them. That is an assurance of extra long years of easy running.

C. C. M. smooth, highly-polished nickelling over rust-proof copper and C. C. M. brilliant, waterproof, triple enamelling mean a sparkling, bright finish with years of durability.

When you decide to buy a new model you can always obtain a good allowance for your used C. C. M.

This year's models have the new *Hercules Positive Drive Brake*—the Coaster Brake without a side arm. See them at your local dealer's.

CONSTIPATION

By the term CONSTIPATION is meant either infrequent, difficult or insufficient evacuation of the contents of the Lower Bowel.

The Symptoms are Headache, Dizziness, Mental Sluggishness, Lack of Concentration, Lassitude or a feeling of General Indisposition, Bad Breath, Coated Tongue, Loss of Appetite, Sallow Skin which may become dry and rough and Pimples may appear. Sometimes there is Heart Palpitation, Hysterical Spells and Nervous Exhaustion.

IT IS IMPORTANT to treat Constipation promptly as this condition generally leads to many serious disorders.

Careful judgment should be used in selecting a proper remedy; ordinary Cathartics and Laxatives have a weakening effect upon the system, others Gripe and Purge and Mineral Oils, if taken several times a day may retard secretion of the gastric juice and also interfere with the absorption of food. HACKING'S KIDNEY AND LIVER PILLS form an ideal tonic-laxative for Constipation and its evil results.

We give herewith the medicinal action of the ingredients of HACKING'S KIDNEY AND LIVER PILLS in order that you may form your own opinion as to the value of this wonderful medicine.

GAMBOGE—Used in Obstinate Constipation and Dropsies attended with Intestinal Torpidity. This acts best when used in combination with other drugs and herbs.

HYOSCYAMUS—Helpful to the Kidneys, stops pain, soothes the Nerves, lessens irritability of the Nerve Centres. For Functional Palpitation of the Heart, helpful to the Mucus Membrane of the Kidneys and Bowels. Chiefly employed to relieve pain and to quiet Nervous excitement.

These are the principal ingredients of Hacking's Kidney and Liver pills, you will find that this combination will produce a healthy condition of the Stomach, Liver, Kidneys and Bowels.

No other drugs or combination of drugs, oils, laxatives, pills or purgatives will have such beneficial effect as HACKING'S KIDNEY AND LIVER PILLS, but you must be sure to get HACKING'S as no other kind will do. New Standards of Value

$1365 F.O.B. CHATHAM WAR TAX EXTRA **GRAY-DORT**

Gray-Dort has brought peace-time standards of value to the motor car business. Greater value than the light car has heretofore offered. $1365 brings you a car comparable with those costing several hundred dollars more.

LOOK FOR THESE THINGS IN THE CAR YOU BUY

The Gray-Dort motor is big enough for its job—not stunted—3½" bore and 5" stroke—with big water jackets and a big, honeycomb radiator. The crankshaft is husky—many pounds heavier than other builders of light cars think necessary. The pistons are extra-light and three-ringed. Special design prevents valve-warping. High-carbon steel gives toughness to moving parts.

The carburetor is a Carter—improved this year. Westinghouse starting and lighting. Connecticut ignition (newly improved).

The whole chassis parallels the motor in quality. Heavy frame of channel steel. Husky rear axle, Chatham-built. Long springs, cantilever in the rear, and built here under our inspection. The big brakes now have Thermoid lining. A new steering gear, 50% larger and stronger than the light car standard.

The Gray-Dort is as pleasing to the artist and to the driver as it is to the mechanic.

The smooth lines of the body are restful after so much of the extreme in present-day cars. The Gray-Dort finish, development of 60 years' coach-building, will win your instant, and *lasting* approval. Add the smartness of French-pleated upholstery, and a new top, tailored in our own shops.

The big gasoline tank is now in the rear—for good-looks and convenience. As in big cars, the emergency brake is on a lever, the side-curtains open with the doors. A shorter, smarter cowl gives more room in the driving compartment. The new hood, with its many long, narrow louvres has a touch of European smartness.

AND YET THE PRICE IS $1365,
(PLUS WAR TAX.

You know that such a car as the Gray-Dort will be in heavy demand at $1365. We have doubled our production this year. But there is likely to be a shortage. See the Gray-Dort dealer now.

PRICES

The Gray-Dort 5-passenger car, finished in Gray-Dort green and black and with standard equipment is $1365 f.o.b. Chatham. War tax extra.
The roomy 2-passenger roadster is the same price.

THE GRAY-DORT SPECIAL

For the man who wishes something a little extra in his car, we have built the Gray-Dort Special. Maroon body, with brown rayntite top. Plate glass rear window. Gipsy curtains. Rookie tan wheels. Motometer. Tilting steering wheel. Real leather upholstery. Mahogany instrument board. Just the touches which lift this car above the ordinary. $150 extra on the standard.

AND THE ACE!

The Gray-Dort Ace—the most beautiful light car of to-day. Sapper green body with handsome California top to match.

Trouble Lamp and bull's-eye flashlight. Electric cigar lighter. Rear-vision mirror. Plate glass windows. Oversize, grooved-tread tires. This is the *de luxe* car for the man who does not wish to pile up a tremendous operating cost. $255 extra on the standard.

RUSTLE OF PAPER UNNERVED HER

Mrs. Holmes Praises Tanlac For Restoring Her Health In A Short Time.

"It seems really remarkable that it has taken only two bottles of Tanlac to completely overcome my six years of troubles," said Mrs. Olive Holmes, who lives at 400 Atlantic Street, Sydney Mines, Nova Scotia, while talking to the Tanlac representative the other day.

"It was about six years ago that my health began to fail," she continued, "and since that time, I have suffered from a complication of troubles. My nerves were so terribly shattered that even the rustling of a newspaper would upset me and I was so restless at night that it was almost impossible for me to get a night's rest and sometimes it would be three o'clock before I could close my eyes. I had a poor appetite and indigestion caused me so much misery that I hardly ever cared whether I ate anything or not, and I was troubled with dreadful headaches that often kept me in bed for days at a time. I felt tired out all the time and lost so much in weight that I looked almost like a frame and was so weak that I had to give up my housework altogether.

"A friend of mine told me about Tanlac and now I am certainly thankful to her for her advice for it has proved to be just the thing I needed, and before I had finished my second bottle I felt like a different woman entirely. My nerves are so steady that I can stand any kind of noise and I am never troubled with headaches any more. I have a splendid appetite and can eat just anything I please without any bad effects in the least and my food is giving me so much nourishment that I am stronger than I have been in years. I sleep like a child and rest perfectly and I never have that worn out feeling, but instead I have so much energy and strength about me that my housework is a pleasure for me. I am so happy for what Tanlac has done for me that I wish I could tell everybody about this medicine."

"Tanlac is sold in Orangeville by C. V. Jeffers, in Grand Valley by G. E. Morrow and W. T. Edmonson, and in Shelburne by J. E. A. White."

SAYS SHE CANNOT PRAISE THEM ENOUGH

MRS. GAUVIN TELLS OF DODD'S KIDNEY PILLS.

She Says Her Back Was so Weak She Could Hardly Walk, But Now She is a Different Person.

St. Jeanne d'Arc, N. B., April 26th, (Special.)—Among those in this neighborhood who are enthusiastic in their praises of Dodd's Kidney Pills is Mrs. Joseph Gauvin, a highly respected resident here.

"I cannot praise Dodd's Kidney Pills enough," Mrs. Gauvin states. "My back was so weak I could hardly walk. I took six boxes of Dodd's Kidney Pills and now I feel a different person.

"Dodd's Kidney Pills have done me a tremendous amount of good."

Of the many persons paying their tribute of praise to Dodd's Kidney Pills, it is noticeable that the great majority are women. The reason given for this is that the great majority of women's ills come from the kidneys. Dodd's Kidney Pills act directly on the kidneys. Healing and strengthing them, they enable the kidneys to strain all the impurities out of the blood. Pure blood is the foundation of health.

Ask your neighbors if Dodd's Kidney Pills do not help weak or sick kidneys.

THE EXPLANATION

To the Editor of The Banner:—
Dear Sir:—

In your issue of April 22nd, we notice a criticism on the annual report of the Camilla Cheese Factory. The writer evidently does not understand how the factory is run. The patrons agree to pay the proprietor of the factory a stated amount for the manufacturing of the cheese. The writer of the criticism has taken the gross receipts for the net. The gross receipts are $7,934.78; the amount paid for manufacturing, $1165.63; insurance, stamps for cheques, printing, etc., $17.00; shrinkage in weights, Sale Two, $14.75; balance from 1918-19, 80 cents, leaving the net amount paid to patrons, $6,737.-09.

I trust that this explanation will make the statement clear to the writer. If not, he can have an opportunity of examining the books.

A PRESENTATION

St. Andrew's Ladies' Aid Honors one of its Members

A very pleasant incident marked the monthly meeting of the Ladies' Aid Society of St. Andrew's Church last Friday afternoon, when Mrs. J. S. Robertson, one of the Society's active workers and its Treasurer for the last ten years, was presented with a beautiful silver flower basket filled with roses, a cheque for a substantial sum and an address expressing appreciation of her services to the Society, the choir and church and the regret so generally felt at her approaching departure from Orangeville. The address was read by Mrs. (Rev.) Morris, secretary of the Society, and the presentation was made by little Miss Lorna McLean, daughter of Mr. and Mrs. G. H. McLean. Mrs. D. Macpherson and other ladies spoke appreciatively of Mrs. Robertson's services to the church and particularly to the choir. The latter replied briefly and with deep feeling. The address read:—

Dear Mrs. Robertson:—

The Ladies' Aid Society of St. Andrew's Church cannot allow you to withdraw from their membership without taking with you some token of their esteem and goodwill. As you are soon to move to Toronto we desire, before you leave, to show our appreciation of your faithful and efficient services, not only in our Society, but in the work of the Church generally.

You have been our Treasurer for ten years and always so interested in the financial success of the Society. Besides you have always been willing to do anything in your power for the benefit of the church. We'll always remember the words, "Yes, I'll help," spoken so willingly when asked to do anything.

We would mention in particular your services in the choir. We recognize that God bestowed upon you the talent of a good voice, which we are thankful to say you dedicated to His services. We shall greatly miss you from the morning and evening hour of worship on the Sabbath Day. But you were also ready to contribute a song to the program in connection with any department of the work of the church.

There will always be a most cordial welcome extended to you any time you can visit your friends in St. Andrew's. We ask you to ever keep in remembrance your many friends in the church, of which you have been a valued member for many years.

Our prayer is that the blessing of Heaven may abide on you and yours wherever your lot may be cast and that you may have health and happiness and prosperity all your days.

Signed on behalf of the Ladies' Aid Society,

MRS. A. CONNELL, President.
MRS. W. M. MORRIS, Sec.

Orangeville, April 23rd, 1920.

Mrs. A. Connell, President of the Society, occupied the chair. Upwards of seventy-five members of the Ladies' Aid and congregation were present to share in the presentation.

CALEDON VACANCY FILLED

Over one hundred electors attended the nomination meeting held in the Township Hall in Caledon Village on Friday afternoon to fill the vacancy created in Caledon Council by the resignation of Councillor Harry Fudge. The proceedings are said to have been decidedly lively at times. The telephone situation was of course the chief subject of discussion. Messrs. Geo. Giles, Jas. McDonald and John A. McBride were nominated. Giles and McBride subsequently withdrew, so that McDonald was elected without a contest. The new Councillor lives near Belfountain and has taken a keen interest in municipal politics for a number of years.

A DESIRE TO EAT WHAT YOU WANT

How Stomachs Can be Restored to a Vigorous Healthy Condition.

Not be limited in diet, but to eat whatever he pleases is the dream of every dyspeptic. No one can honestly promise to restore any stomach to this happy condition, because all people cannot eat the same things with equally satisfactory results. It is literally true that "what is one man's food is another man's poison." But it is possible to so tone up the digestive organs that a pleasing diet may be selected from articles of food that cause no discomfort.

When the stomach lacks tone there is no quicker way to restore it than to build up the blood. Good digestion without rich, red blood is impossible, and Dr. Williams Pink Pills offer the very best way to build up and enrich the blood. For this reason these pills are especially good in stomach trouble attended by thin blood, and in attacks of nervous dyspepsia. Proof of the value of Dr. Williams Pink Pills in even the most obstinate cases of stomach trouble is given by Mrs. S. Morrison, Varney, Ont., who says:—"I shall always feel indebted to a friend who advised me to use Dr. Williams Pink Pills. I had been a sufferer for upwards of twelve years with stomach trouble which resulted in general weakness of the whole system. My meals always caused me great discomfort, and at times I would go hungry rather than undergo the suffering which followed meals. I was constantly taking something or other recommended for the trouble, but without finding a cure, and often the trouble kept me in bed when I should have been about doing my housework. My friend, who had had a similar attack came to see me and urged me to try Dr. Williams Pink Pills which had cured her. I got a supply at once and began taking them, and soon found relief. By the time I had used eight boxes, I was again enjoying the best of health, and with a good appetite and a stomach restored to normal. Had I known of this medicine earlier it would have saved me years of suffering, and I urge any who may be in a similar condition to try these pills at once."

You can get Dr. Williams Pink Pills through any dealer in medicine or by mail postpaid at 50 cents a box or six boxes for $2.50 from the Dr. Williams Medicine Co., Brockville, Ont.

SALE OF OGSTON PROPERTY.

Mr. J. B. McNichol has sold the Ogston farm and stone quarry east of the C. P. R. Station to Mr. W. H. Smith, an Englishman and a practical stone cutter. The purchaser served in the trenches for four years during the recent war and after discharge decided to try his fortunes in Canada. The sale was made by Mr. Thomas M. Rowan and Mr. Smith paid something over $5,000 for the property. Mr. Smith intends to develop the stone quarry and expects to employ a number of men after he gets the business under way. He has already shipped out a carload of stone and has a number of orders to fill right away. Our citizens wish Mr. Smith every success in his undertaking.

5000 FACTS ABOUT CANADA

"Canada in a nutshell" is an apt description of the popular "5000 Facts About Canada," the thirteenth annual edition of which is out for 1920, as compiled by Frank Yeigh, the well-known Canadian Authority. It is a most striking illustration of the trade, finances, industries and resources of the Dominion in concrete form, and will prove a revelation to even the best informed. This new issue contains a wealth of new matter, including final War facts. It contains no less than 50 chapters of facts all told, ranging alphabetically from "Agriculture" to "Yukon." Copies may be had from newsdealers or by sending 25 cents to the Canadian Facts Publishing Co., 588 Huron Street, Toronto.

THE EPWORTH LEAGUE

Rev. E. R. Young occupied the chair at the Epworth League meeting last Monday night and read an article on the heroism displayed by the telephone girls of our land. The retiring officers submitted reports of the work done by the different Committees during the year. The sum of $526 was raised for Missions during the year, this being a substantial increase over the amount raised the previous year. Very encouraging reports were also heard from the Hon.-President, Mr. E. R. Young, the 1st Vice-President, Miss J. Clark, the 4th Vice-President, Miss M. Rowan, the Secretary, Mr. Wm. Kearns, and the Treasurer, Mr. Wm. Gillespie.

The retiring Executive met after the regular meeting and nominated officers for the coming year. The Society is for the benefit of the young people of the church and it is their place to boost it by taking an active part in its affairs. The annual election of officers will be held next Monday night, May 3rd, at 8 o'clock sharp. All members are requested to be present.

NOTHING IMPOSSIBLE TO THIS FILM STAR

There is an old saying to the effect that every man knows his own trade best. William Duncan, Vitagraph's star of the motion picture serials, who comes to the Gem Theatre in a brand new serial melodrama, "Smashing Barriers," beginning May 10th, is a sort of an exception to this rule. While he knows his own trade—that of an actor—as good as it can be known, he also has a hundred and one other trades and accomplishments at his finger tips. One of his latest exhibitions of his exceptional versatility is to be especially noted in the first episode of this new and thrilling chapter play.

Without any hesitation he qualifies by strength and method as an expert with the axe. Not the skill that is necessary in chopping wood for the furnace does he show off, but instead an ability to chop down a tree in a manner that is seldom known to anyone but a lumberjack or woodchopper in a lumber camp. He enters the lumber camp in the first episode with the lumberjacks thinking he is a raw tenderfoot. By a show of his skill in many ways and his feats of strength, but particularly by his ability to handle the axe, does he prove his mettle and become one of them.

FLEMING-DICK

The marriage of Miss Olla Dick, daughter of Mrs. Dick and the late Alexander Dick, of Alton, to Mr. R. D. Fleming, youngest son of Mr. P. Fleming, of Brampton, took place at 3 o'clock on Saturday afternoon, April 24th, in the Presbyterian church in Alton, Rev. W. N. Carr officiating. The bride who was unattended, wore a suit of navy blue tricotine with hat to match. Miss Grey, of Orangeville, played the bridal music while the register was being signed. The groom's gift to the bride was a gold bar pin. Mr. and Mrs. Fleming left immediately by motor for Toronto and Buffalo and on their return will reside in Brampton.

M'RITCHIE-M'GILLIVRAY

The home of Mr. and Mrs. A. W. McGillivray, Orangeville, was the scene of a very pretty ceremony on Thursday, April 22nd, when their daughter, Mary, became the bride of Cleighton W. MacRitchie, son of Mrs. Milton Napper, of Petrolia, the Rev. Jenkins Burkholder, of Caledon being the officiating minister.

The bride, who was given away by her father, was charmingly attired in a navy blue silk-embroidered suit with hat to match and corsage bouquet of Ophelia roses, and entered the drawing room to the strains of Mendelssohn's wedding march, played by Miss Muriel Napper. She was attended by her cousin, Miss Gladys Taylor, of Toronto, who wore a gown of blue taffeta with a corsage of pink sweet peas. Mr. G. R. MacRitchie, the groom's brother, acted as best man. During the signing of the register, "Because" was sung by Miss Inez Napper, and afterwards a dainty luncheon was served.

Later in the day Mr. and Mrs. MacRitchie left for Toronto and points west and on the conclusion of their trip will reside in Niagara Falls, N. Y. The many Orangeville friends of the bride unite in tendering their hearty congratulations and good wishes for the future happiness of the young couple.

CLARK - FANSON

A very pretty wedding took place in St. Paul's Church at 4.30 on Saturday afternoon when Miss Eva Marguerite Lenore Fanson became the bride of Mr. Tom Fleming Clark, son of Mr. and Mrs. W. C. Clark, of Winnipeg. Canon Davidson officiated. The bride, who was given away by her father, entered the church to the strains of Mendelssohn's wedding march, and was attended by Miss Mabel Halliday, formerly of Winnipeg. Mr. Harold Pridham supported the groom. The bride looked very winning in a simple Russian suit of navy blue tricotine trimmed with rows of military braid and heavy cord girdle. The coat opened over a georgette blouse in orchid shade beaded in jet. She wore a small hat to match of silk straw trimmed with taffeta and a wing on the upturned side, and a handsome seal scarf, the gift of the groom, and carried a bouquet of bridal roses. The bridesmaid was charming in a gown of black satin with overdress of king's blue georgette embroidered in jet, wearing a picture hat with transparent brim and trimmed with French roses, and carrying carnations with fern. Mrs. Fanson was gowned in a new blue silk with georgette drapings, with black hat trimmed to correspond. During the signing of the register Mr. W. A. Laubach played very softly Beethoven's "Polonaise March Militaire."

After the ceremony a supper was served to thirty guests at the home of the bride's parents, Mr. and Mrs. W. J. Fanson, 1135 Garnet street. The table was prettily trimmed in white and gold with marguerites as the prominent flower in compliment of the bride's name, and was centred by the wedding cake. Mrs. William Lythe assisted the hostess. The groom's gift to the bridesmaid was a gold chain, with cross set with pearls, to the best man, gold cuff-links. Mrs. J. A. Miles, of Epping, Ontario, was an out-of-town guest. The many beautiful gifts testified to the popularity of the young couple, who are both well-known residents of Winnipeg. The groom saw three years' active service in France. Mr. and Mrs. Clark left by the evening's train amid showers of good wishes and confetti, for the west on a short honeymoon before returning to Winnipeg to reside.—Winnipeg Free Press

The bride is very well-known in Orangeville, having lived with her aunt, Mrs. James May, South Broadway, for some years.

BROWN - TRIMBLE

Mr. James Brown, 3rd line, Amaranth, and Miss Hazel Trimble, daughter of Mr. and Mrs. James Trimble, were married very quietly at the home of the bride's parents, 5th line, Amaranth, at 5 o'clock on Wednesday afternoon, April 14th. The silken knot was tied by Rev. J. A. Robertson, pastor of Laurel Presbyterian Church, in the presence of a few of the immediate friends. The bride and groom were unattended. The bride, who was given away by her father, was dressed in a neat travelling suit of navy blue cloth. After receiving the hearty congratulations of the friends who were present the happy couple led the way to the dining room, where a bountiful wedding repast was served. Later in the evening they drove to their future home, the S. J. Brown homestead on the 3rd line, Amaranth. The bride, who is highly esteemed in her home community, was the recipient of a large number of beautiful gifts. On Tuesday evening prior to her marriage, a number of her girl friends gathered at the home of Mrs. John Maltby, of Laurel, and presented the bride-to-be with a miscellaneous shower of useful and ornamental articles. The groom is a son of Mrs. S. J. Brown, of Orangeville. The Banner joins the many friends of the newly wedded couple in extending felicitations.

LAUREL

Mr. Editor, the prevailing storms and copious amount of mud and slush have doubtless been the cause of Mr. Traveller from our burg failing to appear on the scene during the past two weeks. We miss him and, as a word of encouragement to him, would say that practically all of your subscribers in this vicinity enjoyed his correspondence. Even the boys, who got the "Boko," took their medicine all in good part. However, some of those, who did not care to have their doings exposed, have now grown timid and it is high time that our correspondent resumed his travels and once again make known the latest to those of us, who are placed in such a position that we cannot get out to hear and enjoy the local happenings. At this time it might be appropriate to refer to the attack of Corr. No. 2 upon Mr. Traveller. Such writers as these create a little excitement in any burg and each and every subscriber now looks forward to the coming of the weekly edition of The Banner with pleasureable anticipation.

Mr. Iverack, one of Manitoba's educationists, delivered a very interesting address on the Consolidation of our Public Schools, to an enthusiastic audience in the Town Hall here on Thursday of last week.

Some of the early birds have made use of the few bright sunshiny days to begin seeding operations.

As news is scarce and time is plentiful some of your readers may be able to tell us:

If Letty Morrow is in real Ernest?

When Jack Maltby will return from Washington, U. S. A?

If Oliver Ewing intends resuming his position as chief Cook?

If Al. Morrison still enjoys Graham biscuits

Why Fred Gordon prefers the Bell system to the Edgar?

Why Jackson Hamilton persists in singing Auld Lang Syne?

Where Tom Nelson can get a girl?

THE BEST MEDICINE FOR LITTLE ONES

Thousands of mothers state positively that Baby's Own Tablets are the best medicine they know of for little ones. Their experience has taught them that the Tablets always do just what is claimed for them and that they can be given with perfect safety to children of all ages. Concerning them Mrs. Joseph Therrien, St. Gabriel de Brandon, Que. writes: "Baby's Own Tablets are the best medicine I know of for little ones. I thought I would lose my baby before trying the Tablets but they soon made him healthy and happy and now I would not be without them." The Tablets are sold by medicine dealers or by mail at 25 cents a box from the Dr. Williams Medicine Co., Brockville, Ont.

ALTON.

A very pleasant evening was spent at the home of Mrs. S. Barber by the ladies of the Alton Methodist Ladies' Aid and the Missionary Society. The members of these two societies met on this occasion to say farewell to two of our esteemed citizens and church workers, Mrs. Barber and Mrs. Geo. Ward, both of whom are leaving Alton. Mrs. J. D. McClellan, the President of the Ladies' Aid, took charge of the program, which was opened with the singing of a hymn, "Take the Name of Jesus With You." After the singing Mrs. (Rev.) Morris led in prayer, then our Missionary President, Mrs. J. W. Lemon, read the following address:—

To Mrs. Barber and Mrs. Ward:—

We, the representatives of the Ladies' Aid Society and the Women's Missionary Auxiliary of the Methodist Church, Alton, wish to give expression to our appreciation of your valuable services to these Societies, which on this occasion of your removal from us we tender to you from a sense of love and duty.

Mrs. Barber, you have been a much valued member of the Ladies' Aid for many years, and for considerable time ably filled the office of President of this Society. You shall long be remembered for your willingness to act your part in those departments of church work. As you have given almost a life service amongst us the extent of what your absence will mean our words fail to express.

Mrs. Ward, while your term has been much shorter with us, you too have been a much beloved member and officer in both the Ladies' Aid and Missionary Society for some years and will also be long held in loving remembrance for your faithful discharge of your duties in those offices. You will both be much missed not only by these two Societies, but by our church in general.

Farewells under these circumstances are not pleasant, but the darkest cloud always contains a ray of brightness and, while distance will prevent us from mingling in bodily form in the future as our custom has been in the past, we know that while absent in body we can be present in spirit, still carrying on the good work for the same Master. Under those conditions a tie is formed that binds our hearts in Christian love, that enables us to look forward to the reunion at the other side of the vale as a pleasing and happy event.

We now assure you, dear sisters, that our best wishes accompany you and we hope that the new friendships formed in connection with your future homes will prove pleasant and profitable to your comfort and the all important service of your Master.

Signed on behalf of the Ladies' Aid and the Woman's Misionary Society,

Mrs. J. D. McClellan, President of the Ladies' Aid.

Mrs. Jos. W. Lemon, President of the Missionary Society.

Alton, April 21st, 1920.

Mrs. Barber and Mrs. Ward replied in fitting terms. A dainty lunch was afterwards served. The evening was brought to a close by singing the hymn, "Blest be the Tie that Binds," Mrs. Lemon afterwards closing with prayer.

The Tuxis Square, at Alton, took part in the National C. S. E. T. meet which has been conducted during the past week. There were 13 competitors in the Tuxis events. The Trail Rangers were unable to finish their events but are expecting to do so. The seven Tuxis boys to lead were, Austin Harrison, 364 points; Cecil Lovell, 336; C. Lovell, 302; W. Dorrington, 286; Jim Dods, 283; J. Meek, 252; J. Alexander, 210; S. McIntyre, although not a member of the Square, took part in the events and scored 389. Mr. H. A. Griffin, Mentor, and Frank S. Beckwith, County Y. M. C. A. Secretary, officiated. The events included three and five potato sprints. Best times, 16.1 and 27.3 seconds. Standing Broad Jump, best 8ft 10 in. Running High Jump, 4 ft 5 in. Shot Put, 8 lbs, 36 ft.

MONO COLLEGE.

The April meeting of the Mono College Branch of the Women's Institute was held leave his winter home at Sault Ste Marie at the home of Mrs. Robt. Marshall, Centre Road, Mono. As this was the last meeting before closing the work of the year there was no new business. Rev. P. C. Howard gave a very instructive address on Consolidated Schools. Mrs. E. E. Jackson and Mrs. (Rev.) Howard rendered solos in their usual pleasing manner. Mrs. Jas. Jenkins gave a reading, which was followed by a discussion on "How to Save Expenses." Gramaphone selections by the hostess completed the musical part of the program. Then a dainty lunch was served by Mrs. Marshall and the usual social hour was enjoyed by all.

The next meeting will be held at the home of the President, Mrs. A. E. Porterfield, on May 6th. All members are requested to be present as this will be the annual meeting and a great deal of business will be transacted. Visitors and new members will be made welcome.

MOTORIZING THE FARM

THE horse has been declared by Thomas Edison to be the most inefficient machine in the world. In return for the amount of food and care needed, the horse returns less in work than any other machine.

The average team of farm horses costs $400, a good set of double harness $100, a wagon without box $115, making a total of $615.

A Ford Truck costs $750 at Ford, Ont. A Fordson Tractor costs $850 at Dearborn Mich.

The initial cost of motorizing a farm is slightly greater than the cost of a horse outfit, but the lower cost of operation and upkeep of the tractor and truck and the greater amount of work done easily put the horse out of the running.

Government experiments have proved that the cost of feeding a horse is 8.7 cents per working hour.

A team of horses cannot plow more than two acres in a ten-hour day. At 8.7 cents per hour or 17.4 cents per hour for a team, the cost would be $1.74, or *87 cents an acre.* A Fordson Tractor plows on an average of seven acres a day. The cost per acre averages not more than *75 cents per acre* for gas and oil. The Fordson does three and a half times as much plowing in a day at a smaller cost per acre.

Suppose you are hauling produce to market or bringing out supplies. If the town is twenty miles away it will take you a whole day to make the return trip with horses. If you have a heavy load and the weather is hot it will take you two days. If it took you twelve hours, the cost at 17.4 cents an hour for your team would be *$2.09.* The average cost of running a Ford Truck, for gas and oil, is 4½ cents a mile or *$1.80* for the forty miles. But with the Ford Truck you can make the return trip in four hours. The truck enables you to make three times as many trips and at a lower cost per trip.

But this is not all. If you motorize your farm you can get up an hour later in the morning. You have no horses to feed, groom or harness. You start work after breakfast.

When dinner is ready you stop at the end of the field, drive your tractor direct to the house, eat your dinner, and rest till it is time to go to work again.

In the afternoon your motor works just as well though the sun is hot and the flies are bad.

And at night when work is over you are through for the day,—no horses to rub down, feed or water.

You are always free to leave your farm for picnic or vacation—no worry about horses left behind to be cared for.

Every way you look at it the motor has the advantage over the horse. It means shorter hours on the farm, more work done in less time and at less cost.

THE CHIEF OF POLICE

Did it ever strike you funny,
That the man who's making money
Doing nothing from the sunrise,
Until the sun goes down;
And whose duty always leads him,
Where most everybody needs him,
Is that much abused policeman,
In a little country town.

He must oversee the highway,
Quell a riot in the byway,
Catch the number of the motor car,
That's speeding on the road;
Meet each stranger at the station,
Of every tribe and nation,
And smell his breath to see if he
Is carrying a load.

Does the fire hall need mending,
Has your kid put off attending
The public, school, or high school,
Without consulting dad;
Tell the Constable about it,
He will fix it, none dare doubt it;
And in piling on him duties,
You will only make him glad.

He collects your unpaid taxes,
Sweeps your crossings, grinds your axes;
He will answer every question that
Comes to him, great or small;
He attends each council meeting,
And though time is always fleeting,
He can find enough left over to scrub
And sweep the hall.

Have you lost your last week's washing—
I'm not kidding you, or joshing,
But he certainly will find it, for that's
Part of his concern.
Are you on the sidewalk reeling—
There's no use of your appealing—
For the fine that you'll contribute,
From the magistrate you'll learn.

He will with the crowd commingle,
To enable him to single
Out the thief that's stealing money from—
Your pocket night or day;
He can risk his life on duty,
With the criminal, or beauty,
But he can't convince the people
That he really earns his pay.

CHARGED WITH LUNACY

High Constable Marshall made a visit to the Honeywood district last Thursday and placed a farmer named David Johnston under arrest on the charge of being a dangerous lunatic. The man was lodged in the county gaol, where he will be confined until a doctor can report on his mental condition. The Johnston household consists of the parents, quite an aged couple, three unmarried sons and an unmarried daughter. They are all described as rather queer and it is said that they live under conditions that are almost unbelievable. The Children's Aid Society has been endeavoring to get control of the daughter's child, a lad of four years, who is at present in the care of an Orangeville family. The unfortunate woman is now in Collingwood hospital, where she is expected to give birth to another child very shortly. David Johnston, the man under arrest is the oldest of the sons.

David Hill, a prominent Shorthorn breeder, died at his home in Hibbert township, aged 72 years.

Della Rosen, a woman bootlegger, was fined $1,000 and costs for selling 150 cases of whiskey in Windsor.

Jacob Koffman, one of the most prominent manufacturers of Kitchener, died in his seventy-third year.

Frank Floyd, Chatham, employed by the Haynes Wheel Co., fell into a pot of molten metal and was badly burned.

WORLD ASCENDANCY

Brandram's Genuine BB WHITE LEAD

THEY used it for the stage-coach of olden days in England—we use it in Canada today. Compare it with any other white lead or white paint, and you will decide that your house—or anything you wish to have truly white and remain white—must be painted with this brand which has survived as the leading white lead for nearly two centuries.

Thinned with linseed oil and turpentine, it makes a perfect white paint. Combined with coloring matter, it makes the satisfactory tinted paint of any shade. It is the basis for that finest of ready-mixed paint, B-H "English" Paint.

Made in a modern Canadian factory, and by the same process as was employed for its manufacture by its inventor in England, it is today the only survivor of all the patented white lead processes of that earlier generation. It has survived because it results in a white lead of exceptional fineness, whiteness and durability.

Even Two Coats of Paint Give Less Than a Hundreth of an Inch Protection

When you know that you must depend on a paint film less than a hundredth of an inch thick to protect your buildings from weather's wear and tear you begin to realize the vitalness of buying the right paint.

An outside paint must be not alone waterproof but weatherproof. Making a paint weatherproof is the difficult part. If it is not weatherproof it will not long stay waterproof.

To be weatherproof, the paint film must be so elastic that it will expand or contract with the weather's changes—and do it without cracking.

Lowe Brothers High Standard Liquid Paint is specially made to meet these conditions. That is why it stands so many years of weather's wear and tear.

The picture above is taken from a photograph showing a two-coat film of **High Standard Paint** held in the hand. The film was over two months old when photographed; yet it was as flexible as a handkerchief.

If you have been having paint troubles, or want to prevent them, tell us about your painting needs. The expert advice given so gladly will cost you nothing. It may save you much.

ARTHUR TO ORANGEVILLE

On Monday a delegation of prominent citizens from Dufferin County, including Warden Jeffers, of Orangeville, ex-mayor Dr. Campbell, of Orangeville, Mr. Charles Wheelock, Orangeville, an ex-president of the Ontario Good Roads Association, the reeve and deputy-reeve of Amaranth, and the reeves of Grand Valley and East Garafraxa, met in Mount Forest to confer with a number of members from the Wellington County Council, including Reeves Ranson, McQueen, Kearns, McLellan, Skelton, Dale and Warden Campbell. The matter under discussion was the securing of a connecting link between the Arthur and Kincardine and the Hamilton Owen Sound Highways which meet at Arthur, and the Toronto Owen Sound Highway at Orangeville. The gathering was unanimous as to the need for this missing link in the system, the only difference of opinion being that the Grand Valley representative favored the 2nd concession of Luther, as the road to be taken over, while the majority believed, that if the Ontario Government could be induced to consider the matter at all, it would be to take over a provincial county road, the West Luther and Garafraxa Townline, which is the natural route.

It was finally decided that in the meantime no action should be taken until all concerned were unanimous. Until then, it was felt it would be hopeless to wait upon the powers that be in Toronto.—Arthur Enterprise.

WHY IS IT

that chronic skin diseases which have defied all other treatments yield to Zam-Buk?

It is because Zam-Buk is germicidal, and also has such power of penetration that it reaches disease in the underlying tissues and cures from the "root" up. That is the only way a permanent cure can be effected.

Mr. H. C. Buckley of 461 E. Broadway, Portland, Oregon, says: "For chronic skin diseases there is nothing like Zam-Buk. For fifteen years I had eczema, and I tried an endless number of so-called 'eczema cures,' but nothing was capable of curing me permanently until I used Zam-Buk. Ten months' use of Zam-Buk has effected a complete cure."

For ulcers, abscesses, boils, ringworm, blood-poisoning, piles, burns, scalds and cuts, Zam-Buk is equally good. All dealers or Zam-Buk Co., Toronto. 50c. box, 3 for $1.25.

CASH AND CARRY

Orangeville Firm gives Notice of an Important Business Departure.

We wish to give notice that on and after May 1st our business will be strictly Cash and Carry, which means cash with order and no delivery. We find that, owing to the great increase in expenses of all kinds, this plan, which is being operated with marked success in other places, is the only alternative to a further advance in meat prices. By adopting the Cash and Carry system, our customers will no longer be paying for bookkeeping, credit and bad debt charges, nor for the services of a delivery man and two horses, who will then be released for more productive work. THUS OUR PRICES WILL BECOME THE VERY LOWEST POSSIBLE. Since there are members of nearly every household down town daily there will be little inconvenience in carrying a few pounds of meat. Cash with Order will banish the bogey of debt, while the necessity of planning your requirements somewhat in advance will but increase your foresight. Special arrangements will gladly be made in special cases.

To our patrons, with thanks for the past, we give an invitation for the future. From others we ask only a trial, and from all we invite hearty co-operation in our efforts to give the people of Orangeville cheaper meat.

BARON HAMLET was bred by James Rigg, High Banks, Kirkcudbright, Scotland, and imported by The Graham Renfrew Co., Bedford Park, Ontario. Of his Sire, Baron's Pride, nothing need be said, as it is well known that he was the best Clydesdale Sire that ever lived. BARON HAMLET'S Dam, Banks' Daisy, was sired by HAMLET (4433). Gr. Dam—Fanny of Bombie (8104), by Sir Colin (3188), by Samson (741).

BARON HAMLET is a dark dapple bay horse, with a nice white stripe on face, off fore, and hind legs white. He is heavily built and low set, short backed, with a beautiful head and neck and massive bone and muscle.

BARON HAMLET is a prize winner whenever shown, having won second at Toronto and Chicago in 1906 as a two-year-old. He is a full brother to the noted show mare, White Heather, winner of first at Haddington and third at the H. & A. S. Show at Stirling, as a yearling. In 1901 she was second at Edinburgh, 1st at Berwick, and third at the H. & A. S. Show at Inverness; and in 1902 she was first at Carlyle, and the H. & A. S. Show at Aberdeen.

BARON HAMLET is also a full brother to the well known horse, Watchwood, winner of first at Castle-Douglas and Kilmarnock as a two-year-old, and 1st at the Highland at Edinburgh as a three-year-old.

BARON HAMLET is also a half-brother to Baron of Buchlyvie, who was sold at Ayr, Scotland, on December 14th 1911 for Forty Six Thousand Dollars at public auction.

BARON HAMLET proved himself a sure foal getter in 1919. Parties having Registered, or good grade mares, should not fail to see this horse before breeding their mares.

W. J. TRATHEN,
Owner and Manager.

BARON HAMLET was inspected on the 29th day of October, 1912, when he was Passed and Approved, Form 1. He has also been Enrolled for the year 1920 in Form 1, in accordance with Chap. 67, Statutes of Ontario, 2 George V.

DEAR MADAME:

Have you considered how much brighter and more cheerful your home would look this spring if you were to cover faded, dirty and time worn walls with bright, cheery, dainty, new-patterned WALL PAPERS?

You will be more than surprised to learn how economical WALL PAPER is—how LITTLE it has advanced in price when compared with almost everything else.

We know your home can be repapered at such a reasonable cost that we would like this spring if you were to cover the faded, dirty and time worn walls with bright, cheery, dainty, new-patterned WALL PAPERS?

May we not have the pleasure of talking the matter over with you at our store? We would like you to see our new Spring designs.

Yours Sincerely,

Movie Serial Shows Pranks of Students

The pranks of college students in a playful mood are always worth a laugh. Due to the college atmosphere in the opening chapter of Vitagraph's latest fifteen-episode adventure serial, "Smashing Barriers," which manager Pownall announces will be shown at the Gem Theatre every Monday and Tuesday beginning May 10th, there offered an opportunity for this type of humor that was taken advantage of.

William Duncan (Dick Daring) is the star of this serial and the hero of his college. He leads the boys on one of their nightly escapades which ends up by purloining from the college clothes line a piece of lingerie, belonging to the wife of one of the professors, and flying it from the campus flag pole. They anticipate that the "prof" will attempt to retrieve the garment himself and they grease the pole half way up. It works out just as they expected and it is a well-pleased and sure-fire laugh that relieves the heavy action of the rest of the episode.

MRS. MARY LINDSAY

A highly esteemed resident of Mono, in the person of Mrs. Mary Lindsay, wife of the late John Lindsay, passed away at her home, lot 3, con. 1, E. H. S., on April 14th, 1920, after a short illness, which was borne with true Christian patience. Mrs. Lindsay, whose maiden name was Mary Avison, daughter of the late William Avison, of Mono, was an active member of the Anglican church. Deceased was a loving and dutiful wife and a tender and devoted mother. Her demise will be keenly felt by the bereaved sons and daughters, who have the heartfelt sympathy of their many friends of the community. There are left to mourn five sons and three daughters: A. T. Lindsay, of the homestead; R. G., of Relessey; Will and J. J., of Mossbank, Sask.; Milton, of Moose Jaw, who was home to spend a few hours with his mother before life departed. The daughters are: Mrs. Samuel Bowers, of Mansfield; Mrs. W. J. Creary, of Shelburne, and Miss Fernie, at home. There was a very large funeral, showing the high esteem in which the deceased was held, which took place to Shelburne cemetery on April 16th. The services were conducted by Rev. W. H. Hartley, at the house and grave. The pallbearers were six nephews—Robert, Herbert, Perry and Norman Lindsay, Will Halbert, of Mono, and Will Anderson, of Owen Sound. Many beautiful floral tributes bore testimony to the esteem in which deceased was held. A pillow, "Mother," the family; "The Gates Ajar," Mr. and Mrs. S. Bowers and family; wreath, Mr. and Mrs. Jos. Anderson and family; wreath, Mr. and Mrs. Joe Lindsay and family; spray, Mr. and Mrs. Sam Lindsay and daughter. —Economist.

Miss Julia N. Knowles, of Lucknow, has entered action against John Shannan, of London, for $10,000 for alleged breach of promise.

Over the Top

$1365 F.O.B. CHATHAM WAR TAX EXTRA GRAY-DORT

When the Gray-Dort was designed, our engineers had two definite orders.

"Build an economical, simple, low-priced car."

"Build a light car at least 50% stronger and finer and greater value than light-car purchasers have been getting."

The original Gray-Dort was built to these orders. Every improvement and refinement since that time has been in line with this policy.

And yet the price is only $1365. Note what you get in to-day's Gray-Dort for $1365.

A big motor—3½-inch bore and 5-inch stroke—finely finished and smooth running. A forty-pound crankshaft, against the usual twenty-five pounds or so. *Three*-ringed pistons, instead of two-ringed. *Cellular* radiator, instead of tube and finn. Newly improved *Carter* carburetor. Improved Connecticut ignition. The starting and lighting system is Westinghouse, a big-car feature.

We designed a bigger and better rear axle for light cars—and we are having it built exclusively for the Gray-Dort here in Chatham. We solved the spring problem in the same way—and you'll realize what we've done when you see the long, cantilever rear springs of the Gray-Dort. We've set a new standard of safety by using Thermoid brake-lining. We've increased safety by building a steering gear 50% bigger and stronger. We've put in a bigger gas tank—and put it in the rear, with a vacuum feed system.

Your comfort in driving or riding has been attended to. With a shorter cowl, there is more room in the driving department. There are several inches more leg-room in the tonneau. The side-curtains open with the doors. You sink into the seats at the most comfortable angle. The top is really a *one-man* top. The gears can be shifted with two fingers' pressure. The emergency brake is now on a lever. The instruments are handy.

The Gray-Dort is just as outstanding in appearance. Its lines are the lines of the really fine big cars—reduced in proportion. It has big car style. There is not a line nor an angle which is extreme. And it has what no other car ever can have—the wonderful Gray-Dort finish which had its beginning 60 years ago in our body plant.

There are other style touches—many of them new this year. French-pleated upholstery. A hood with many long, narrow louvres. A particularly smart top, hand-tailored in our own shops. Lamps raised to a new location. Short, smart cowl. Straight top-edge to the body.

So much does the Gray-Dort dominate the field, that our production, doubled this year, will probably not meet the demand. We would advise you to see the Gray-Dort dealer now.

PRICES

The Gray-Dort 5-passenger car, finished in Gray-Dort green and black, and with standard equipment, is $1365 f.o.b. Chatham. War tax extra.

The roomy 2-passenger roadster is the same price.

The Gray-Dort Special

For the man who wishes something a little extra in his car, we have built the Gray-Dort Special. Maroon body, with brown rayntite top. Plate-glass rear window. Gipsy curtains. Rookie tan wheels. Motometer. Tilting steering wheel. Real leather upholstery. Mahogany instrument board. Just the touches which lift this car above the ordinary. $150 extra on the standard.

And the Ace!

The Gray-Dort Ace—the most beautiful light car of to-day. Sapper green body with handsome California top to match.

Trouble lamp and bull's-eye flashlight. Electric cigar lighter. Rear-vision mirror. Plate-glass windows. Over-size grooved-tread tires. This is the *de luxe* car for the man who does not wish to pile up a tremendous operating cost. $255 extra on the standard.

Markets Needed by the Farmers

PRESENCE OF THRIVING TOWNS NEARBY, IMPORTANT TO RESIDENTS OF COUNTRY.

MERCHANTS DO THEIR PART

TOWN AND RURAL COMMUNITY ARE DEPENDENT UPON EACH OTHER—CO-OPERATION ALONE BRINGS PROSPERITY TO BOTH.

(Copyright.)

Residents of towns and cities everywhere are beginning to realize more acutely the fact that, except under very unusual conditions, their communities will prosper and develope only in proportion to the prosperity and development that comes to the farming sections which surround them. Realizing this fact, commercial clubs and chambers of commerce have in recent years been devoting as much of their attention to developing the country districts as they have to securing new industries and attracting new residents. They know that as the country about the towns becomes more thickly settled and as the farmers become more prosperous the more money will be spent in the towns and the faster these towns will grow. It is largely for this reason that the residents of the towns and cities have been doing more and more to aid the farmers in growing bigger crops and in improving marketing conditions. The towns and cities have contributed more and more liberally toward the building of good roads in the country districts and have paid a large part of the expense of maintaining agricultural experts to assist the farmers in growing bigger crops and getting more money out of their crops when they are placed on the market.

NOT ONE-SIDED PROPOSITION.

But this is not a one-sided proposition. If the city is dependent upon the country, so is the country dependent upon the city. What the farmer raises is worth absolutely nothing to him unless he can sell it at a price that will pay him a fair return on the money and time invested in its production. The farmer, without markets, would be in the same fix as a storekeeper without customers. In almost every case the farmer is dependent upon the near-by town or city for a market for at least his perishable products.

In the language of the street, it is a fifty-fifty proposition. The town needs the country and the country needs the town. The farmer needs the assistance of the storekeepers of the town in securing a market for his products. He needs the assistance of the storekeepers of the town in getting good roads over which he may haul his products without losing more time than the products are worth. He often needs the assistance of the storekeeper in helping him over a period of financial stringency.

STOREKEEPER NEEDS FARMER'S TRADE.

On the other hand the storekeeper needs the business of the farmer. He does not ask the farmer to sell him his products on credit even though at the time he may be hard pushed for cash and may need more credit badly. He does not ask the farmer to help him build a sidewalk in front of his store. He does ask for the business of the farmer provided that he can sell the farmer the goods he needs at as low a price as he can secure them for elsewhere.

But does he always get the farmer's business? Ask the mail order man in the big city or ask the postmaster or the express agent in any town or city in the country. They could, if they would, tell of thousands of dollars sent away to the big cities to pay for goods that could be purchased just as cheaply and much more conveniently in the nearest town or city. These thousands of dollars, when sent to the mail order houses in the big cities, never come back. They do not help to build good roads past the farmers' houses. When the next crops are harvested, the mail order man won't buy any of the farmer's products. The potatoes, the tomatoes, the melons and other things that the farmer raises may lie and rot upon the ground so far as the mail order man is concerned.

NO CREDIT FROM MAIL ORDER MAN.

The mail order man won't sell the farmer 2 cents' worth of goods on one day's credit no matter how badly the farmer may need the goods or how little ready cash he has to pay for them. If the farmer's house burns down, he may build another home. He will take what cash he can get the farmer to send him and there his interest in the farmer ends. If the farmer has no money to pay for what he needs, the mail order man will find others to help swell the stream of dollars which is building up the great city in which he lives. Let the home merchant help the farmer when he needs it. And the local merchant does help the farmer as long as he can, but there comes a time when he cannot. He cannot make money without customers. Without the legitimate profit that he makes from his sales he cannot "carry" the farmer over the rough spots, he cannot contribute to the good roads funds, he cannot pay the farmer cash for his products.

The election expenses of the candidates in the by-election in Halton county last February have been published. E. J. Stephenson, of Toronto, spent $54.40, while Premier Drury's expenses were $152. This was probably the most economically conducted election campaign in Halton since the county got its name.

SPECIFIC FOR BRONCHITIS
The turpentine used in Dr. Chase's Syrup of Linseed and Turpentine is not the ordinary commercial article, which is little used because of the unpleasantness of taste, but is specially extracted from tamarac and spruce gum and so combined with other valuable ingredients as to be at the same time pleasant to use and wonderfully effective in the cure of affections of the throat, bronchial tubes and lungs. Mending the Nerve Food to others.

HER DUTY TO TELL STATES MRS. HENRY

Learned of Tanlac Through Others and Must Now Tell of Own Benefits.

"From a weak, nervous and sick woman to a well, strong and happy one is a long step but Tanlac enabled me to accomplish it in a few weeks," said Mrs. James A. Henry, a well-known resident of Lingan Road, Sydney, Nova Scotia, recently. "It is not only a pleasure but I regard it as a duty to tell you how much Tanlac has benefitted me," she continued, "for it was by reading such statements from others that I was put on the right road to health.

"I contracted the influenza during the epidemic and it left me in such terrible condition I could hardly keep on my feet and was really too run down and weak to do my housework. My stomach had never been strong but this attack left me in such bad condition I could not eat anything without distress from bloating, and my appetite became so poor I did not care whether I ate at all or not. I was very nervous, too, and would roll and toss all night long and feel so tired out when I got up in the morning that I could hardly dress myself. Then my whole system seemed to give way and I lost so much weight and got so weak I thought I would have to give up entirely. My condition was really deplorable and I was much discouraged because nothing seemed to benefit me, although I tried everything I could think of.

"I noticed some statements in the papers about what excellent results other people had gotten from Tanlac and I tried it, too. However, I was in such bad condition that I took the first two bottles without being able to tell that it was helping me. I was more discouraged that ever but resolved to stick to it a while longer, and I tell you, that was the wisest decision I ever made in my life, for the third bottle of Tanlac took right hold of me and in no time I was so much improved I hardly knew myself. I have taken five bottles in all and am enjoying better health than I have known in several years. My appetite is splendid and everything I eat agrees with me perfectly. Every bit of my old strength has returned. I sleep as sound as a child every night and when morning comes I feel so refreshed and strong my days work is a genuine pleasure, and I feel years younger.

"I think Tanlac is the finest health builder in the world and I am sure it will do for others what it has done for me if they, too, will give it a fair trial."

"Tanlac is sold in Orangeville by C. V. Jeffers, in Grand Valley by G. E. Morrow and W. T. Edmonson, and in Shelburne by J. E. A. White."

OPERATION FOR APPENDICITIS

Mrs. J. A. Ballantyne, Sturgeon Falls, Ont., writes:—"My husband was treated for appendicitis and the doctors ordered an operation. FATHER TELLS OF SON'S HELP FROM DODD'S MEDICINES.

He Recommends Everybody Who Has Shaking or Pain in the Heart to Use Dodd's Dyspepsia Tablets and Dodd's Kidney Pills.

Birmingham, Sask. May 3rd, (Special.)—"Dodd's Kidney Pills and Dodd's Dyspepsia Tablets are the best medicines my son has ever taken."

This is the statement of Mr. Johannes Reinson, a well-know resident here. "When he started to take them," Mr. Reinson continues, "there was not much hope for him. Soon after starting to take Dodd's Medicines he began to improve in health and now he is well."

He advises everbody who has shaking or pain in the heart to use Dodd's Kidney Pills and Dodd's Dyspepsia Tablets.

The Dodd's Medicines act on the two essentials to good health. The Tablets help to digest the food and produce good blood. The Pills act on the kidneys, healing and strengthening them, thus ensuring that the blood is kept free from impurities. For the work of healthy kidneys is to strain all impurities out of the blood.

Ask your neighbors if Dodd's Kidney Pills do not heal and strengthen the kidneys.

SPIRITUALISM

Rev. W. M Morris Discusses One of the "Isms" in Sunday Night Sermon.

A large and closely attentive congregation heard Rev. W. M. Morris preach an interesting and convincing sermon on "Spiritualism," at last Sunday night service in St. Andrew's church. The sermon was the first of a series of special discourses on the "Isms."

At the outset Mr. Morris enumerated no less than twenty-three religious bodies that are carrying on work within the bounds of the Presbytery of Orangeville. He also stated that there were 192 religious bodies or sects in the United States. He attributed the prominence that Spiritualism has gained of late to the efforts of the recent war. Spiritualism, Mr. Morris stated, professed to hold communication with the departed by means of seances, usually held in some darkened room. In these seances at least four distinct entities were involved—the inquirer, who seeks communication with the departed, the medium, through whom this communication is supposed to take place, the "control" or controlling spirit, and lastly a discarnate spirit which speaks to the inquirer through the "control" and the medium. The medium relaxes his hold on his will and ordinary consciousness, sinks into a trance and places his soul at the disposal of any vagrant inhabitant of the spiritual universe, which is disposed to take possession. Through this medium, after more or less waiting, the inquirer gets into touch with the departed relatives, whom he seeks.

Two classes of people have been particularly attracted by Spiritualism. First, there are the idle curious who are continually seeking after something new. Recently the ranks of these have been augmented by many who were bereaved in the recent war. Friends have been prematurely snatched away by the war and in the waters of great grief their relatives have in some cases caught eagerly at any straw that floated on the waves. It is well to remember that there is nothing new about Spiritualism. Under the titles of necromancy, divination, black art, etc., it has existed in one form or other from earliest times. The desire of the living to enter into communication with the departed is very ancient and very deep-seated. From the dawn of history onward there have been found people who professed to be able to gratify that desire. Thus King Saul, who had begun his career as the first king of Israel with a firm belief in the God of Israel, eventually resorted to the Witch of Endore, who managed to call up the prophet Samuel. According to the narrative the prophet actually did appear, but the woman was evidently surprised and terrified when she saw him, for we read that she cried out in a loud voice. We conclude from this that she had not expected such an apparition, and what she did not expect it is very unlikely that she produced. The truth seems to be that God interposed and astonished both the witch and the king by causing the dead prophet to appear before them with his message of woe.

Communication with the departed is a fact established by Scripture. Our Lord talked with Moses and Elijah, pioneer statesman and rophet, on the Mount of Transfiguration. The appearances of Jesus after his Resurrection were so many messages from the spirit world.

Mr. Morris held that the investigations of Sir Oliver Lodge, Sir Conan Doyle and other eminent men and their conversion to Spiritualism had been a vindication of the Christian belief in the immortality of the soul. They had begun their enquiries purely as a matter of science. Sir Conan Doyle was a convinced materialist, who believed that death ended all. It was his expressed opinion that when the body dissolves there is an end of the matter. It was in this frame of mind that he began his investigation of Spiritualism. He became convinced of the continued life of the soul and became a believer in religion, which has for its foundation belief the hope of immortality.

Mr. Morris regarded it as a great gain for Christianity that science had thus come around to the side of religion. Some years ago it was the custom of philosophers and scientists to regard religious experiences as pure hallucinations due to neurotic condition. But psychologists have now vindicated forever the reality and normality of the readjustment of life to the unseen. They are even asserting that this deep religious experience is a crisis in the life of the normal being. Scientists are beginning to see God not only in the fall of every sparrow, but in every man that rises. They regard the soul that has never passed through some crucial decision in the spiritual realm as being in a condition of arrested development.

In this movement scientists who have long proclaimed a materialistic philosophy now admit that it is inadequate to satisfy the soul. We are experiencing a reaction from materialism, which is proving of untold benefit to the Christian religion. Hitherto we have rested our hope of immortality on the experiences of spiritually minded persons in Scripture and Church. It has always been difficult to defend these foundations against the attacks of skeptical criticism. How can we actually point to communications received at the present time from the other world, the authenticity of which is vouched for by use of the same methods as are employed in dealing with any other order of facts of observation.

While it might be alright for scientific men to investigate and publish the results of their experiments with spiritualism, Christians should not make a religion of seances and substitute them for the churches. The messages received in this way are often very trivial, foolish and sometimes even blasphemous and obscene. They are sometimes quite unworthy the character of those who should qualify for the other world. The medium was often fraudulent, tricky and even dishonest. The possibilities of fraud were not even confined to this side of the line. Had spirits existed as well as the good and both might exercise control over the medium. Apart from all this it was difficult to determine if any particular communication was genuine. Even Sir Conan Doyle was frank enough to admit that "we have unhappily sometimes to deal with absolute cold-blooded lying on the part of wicked and mischievous intelligences." Dr. Peebles, a confirmed Spiritualist, testified that in his attempts to get in touch with a departed relative he consulted thirty mediums and twenty-seven contradicted one another.

There is One, said Mr. Morris in concluding, with whom we may all communicate without any medium or control. The inquirer and the departed may come into direct relationship. Jesus Christ came to this world to show us the Father and to effect reconciliation. He has returned to God, but we have His message, "Lo I am with you alway, even unto the end of the world." His return to God was a foretaste of what might be enjoyed by all believers if faithful. Prof. David Smith, an eminent writer and scholar, says that the eternal world continually encompasses us and the reason we do not perceive it is the dullness of our present senses. In our mortal state we are in relation to the eternal world like blind men and deaf men before an orchestra. There are two ways in which a discovery of the eternal world may be made known to us. The eternal may be manifested to our normal senses, as with Christ, who manifested himself to our human sight, grasping with a human hand and speaking with a human voice. For three and thirty years he tabernacled here on earth, men beheld his glory and then He was withdrawn from our sight. But His mortal body did not perish. It is written that He continued with His disciples for forty days after the Resurrection manifesting Himself to them. How were these manifestations effected? At Christ's incarnation the miracle was wrought upon Himself, but in his post resurrection appearances the miracle was wrought upon the disciples. Their dull senses were quickened, their eyes were opened, they were gifted for the moment with spiritual vision. The veil of sense was drawn aside and for a moment they caught a vision of the glorified Lord.

BENGOUGH IN ORANGEVILLE

A fair sized audience heard Mr. J. W. Bengough, the celebrated cartoonist, give one of his inimitable entertainments in the Opera House on Wednesday night of last week. The entertainer was in excellent form and kept his audience in the best of good humor with his humorous stories, apt recitations, monologues and skilful crayon sketches. The juvenile portion of the audience went into ecstasies over the drawing entitled "Military Discipline," which portrayed Principal Firth of the Orangeville Public School holding a rod over a small boy in a threatening manner. The Foster parent, a political cartoon, in which the Hon. Geo. E. Foster was depicted as holding a troublesome baby, the Unionist party, was also well received. Mr Bengough came under the auspices of the G. W. V. A., which will make a modest sum out of the venture. The only point on which there is room for criticism is the size of the audience. It should have been much larger.

SUPPOSE

you were sitting with your loved ones. The time was May. All nature smiled. You were content that fate had shaped a happy life for you. Suddenly and without warning as though born on the wind, a figure draped in weird oriental costume entered your life. This figure, a Yogi from far off India and bearing with him a crystal sphere, into which he bade you look and therein was shown your future life.

All the misery of an age. All the mad rage of poverty. All the anger of an outraged faith. All the ecstasy of success. And all the fear of betrayal.

And in all this you saw yourself pictured in Kaleidioscopic vividness.

HOME FROM THE WAR

Capt. Wm. McFadzean, a Waldemar boy, has arrived home after five year's service in the army. In 1915 he was given a commission as Lieutenant in the Veterinary Corps and was placed in charge of shipments of horses to Europe. He was afterwards transferred to Egypt and also saw service in connection with the transport service on other parts of the war front. He was given a hearty welcome in Grand Valley and also in his home village. The young soldier looks well and fit and has developed greatly in physical condition since he left his home village at the beginning of the war.

JAMES CLARKE

It is with sorrow that we record the passing of James Clarke, a lifelong resident of Caledon township, whose death occurred at his late home in Caledon village on Sunday, April 25th. Deceased had been in failing health for the last three years. His death was due to some baffling inward trouble. The late Mr. Clarke was a son of Mr. and Mrs. Lewis Clarke, early residents of Caledon, and was born on a farm about two miles from Caledon Village. For the last ten years he had discharged the duties of mail courier on Caledon R. R. No. 2, in which capacity he won the regard and confidence of the people living on the route by his courtesy and the faithfulness with which he discharged his duties. Deceased was a genial, kindly man, who enjoyed the respect and goodwill of the community in which he lived. He was a member of the Presbyterian Church, a Conservative and an ardent Orangeman, having been a member of Warnock L. O. L. No. 250 for the last forty years. He is survived by his wife and a family of two sons, Bert, in Lockport, N. Y., and Fred, in Toronto, who have the sympathy of the many friends of the family in their time of affliction. William Clarke, of Mono, Mrs. Duncan Campbell, of Caledon East, Mrs. E. Clarke and Lewis Clarke, of Toronto, are the brothers and sisters. There was a large attendance at the funeral which was held to Caledon Cemetery on Tuesday afternoon, April 27th. The remains were interred with Orange honors and the brethren of Warnock and a number of neighboring lodges were present in full regalia. Rev. Jenkins Bunkholder was the officiating clergyman and the impressive service of the Orange was read by Mr. G. H. Hillyard, Master of Warnock lodge. The pallbearers were Messrs. Sam, W. J. and John Warnock, Robt. Chambers, Jos. Nesbitt and E. E. Wilson. A number of beautiful floral tributes bore mute testimony to the esteem and sorrow of the friends of the departed man. These included a "Gates Ajar" design from the widow and two sons, a spray, Mr. and Mrs. Wm. Clarke, Mono, spray from Caledon Public School, pillow from Lewis Clarke, Mrs. Campbell and Mrs. Clarke, and a wreath from the nieces and nephews in Toronto. Mrs. Bruce, Mrs. Thos. Clarke, Misses Ceeta and Mary Clarke all of Toronto, were amongst the friends present from a distance.

The telephone switchboard has been moved in to Mr. Young's hotel.

We understand that Mr. Walter Stork is going to move to Toronto.

Mr. Stuckey, of Caledon, has reopened our village store with a good stock of general merchandise. We wish him success in his venture.

HOSPITAL NOTES

The monthly meeting of the I. O. D. E. will be held at the home of Mrs. J. B. Adamson, Fair Street, on Friday evening, May 14th at 7.30 o'clock.

We hope the Daughters of the Empire will patronize the Boy Scout concert most heartily, for the latter have helped so cheerfully in the Tin Can enterprise.

Mrs. W. E. Irvine had a pleasant and instructive three days at London last week, attending the Provincial Quarterly Convention, and will give a report at the Friday night meeting.

We were very grateful for the duck donated by Mrs. Ling, and a box of beautiful carrots, parsnips, onions and beets from Mr. Trueman Kellie.

It would be greatly appreciated if people would bring clean ashes to the hospital garden.

The Hospital has for sale a Happy Thought range in excellent condition, having been repaired just before the larger range was installed, and which has the appliances for water heating. Anyone contemplating a purchase could see same by calling at the Hospital.

DELICATE GIRLS MADE STRONG

Rich, Red Blood Needed to Keep Up Their Vitality.

If growing girls are to become well developed, healthy women their blood supply must be carefully watched. Mothers should not ignore their unsettled moods or the various troubles that tell of approaching womanhood. It should be constantly borne in mind that pale, bloodless girls need plenty of nourishment, plenty of sleep and regular open-air exercise. But a lack of appetite, and tired, aching limbs tend to hinder progress. To save the weak, thin-blooded sufferer she must have new, rich red blood and nothing meets a case of this kind so well as Dr. Williams Pink Pills. These pills not only enrich and increase the blood supply, they help the appetite and aid digestion, relieve the weary back and limbs, thus promptly restoring health and strength and transforming anaemic girls and women into cheerful happy people. Among the thousands who have obtained new health and strength through the use of Dr. Williams Pink Pills is Miss Violet Booth, Glenarm, Ont., who says: "For a long time I was in a badly run down condition. I was pale, breathless at the least exertion, and could hardly do any housework without stopping to rest. I often had severe headaches, and my appetite was poor and fickle, and I would get up in the morning without feeling the least bit rested. I had tried several medicines, but did not get benefit from anything until I began the use of Dr. Williams Pink Pills. When I had taken two boxes I could see an improvement, and after using six boxes I found my health fully restored. I feel so altogether different since I used the pills that I strongly advise them for all weak, run down people."

If you are weak ailing in any way, avail yourself at once of the splendid home treatment which Dr. Williams Pink Pills so easily afford, and you will be among those who rejoice in regained health. These pills are sold by all dealers in medicine, or may be had by mail at 50 cents a box or six boxes for $2.50 by writing The Dr. Williams Medicine Co., Brockville, Ont.

HILLSBURG

A happy home wedding was solemnized at the home of Mr. and Mrs. Ephram Barbaur, 11th Con., Erin Township, on Wednesday afternoon, April 28th, at 4 o'clock, when their second daughter, Margaret Ann, was married to John Henry Gibson, eldest son of Samuel Gibson, of East Garafraxa. Capt. Rev. Frank C. Harper, B. D., minister of St. Andrew's Church, Hillsburg, was the officiating clergyman. The home was prettily decorated for the happy occasion and the bridal party stood under an arch of evergreens and white wedding bells. Under her father's escort, the bride entered the drawing room to the strains of the wedding march played by the groom's sister, Miss Gibson. The bridal couple were attended by little Miss Mildred Awrey, the bride's niece, who made a very winsome ring-bearer. The bride was charmingly gowned in ivory satin and georgette with gold lace, and wore the groom's gift, a valuable gold wrist-watch. The groom's gift to the organist was a gold bead neckace and to the ring-bearer a pearl pin. Over 100 guests were present from the local community as well as from Hamilton and other places farther away, and the popularity of the young couple was distinctly marked by the many handsome and useful presents, valuable both in themselves and as tokens of friendship and esteem. The enjoyable wedding-dance ended with the wee sma' hours. Miss Irene Steen was the lucky one to catch the bride's favour of flowers.

The Young People's Guild of St. Andrew's Church is proving a good rallying place for the young and older folk of the community, and an effective social and religious influence. The program at the last regular meeting on April 27th, was a debate on the subject, "Resolved that Canada should be independent," the speakers on the affirmative being Principal McKay and Henry Wheeler, while the negative was upheld by Miss Letty Harkness and Capt. Rev. F. C. Harper. The judges, Mr. R. D. Nodwell, Mrs. D. McConnell and Mrs. Geo. Barbour, gave a decision in favour of the negative by 49 points to 41. Miss Hazel Hall sang "O Canada" in a good voice and very appropriately.

It would be greatly appreciated if people would bring clean ashes to the hospital garden.

The Hospital has for sale a Happy Thought range in excellent condition, having been repaired just before the larger range was installed, and which has the appliances for water heating. Anyone contemplating a purchase could see same by calling at the Hospital.

DELICATE GIRLS MADE STRONG

Rich, Red Blood Needed to Keep Up Their Vitality.

If growing girls are to become well developed, healthy women their blood supply must be carefully watched. Mothers should not ignore their unsettled moods or the various troubles that tell of approaching womanhood. It should be constantly borne in mind that pale, bloodless girls need plenty of nourishment, plenty of sleep and regular open-air exercise. But a lack of appetite, and tired, aching limbs tend to hinder progress. To save the weak, thin-blooded sufferer she must have new, rich red blood and nothing meets a case of this kind so well as Dr. Williams Pink Pills. These pills not only enrich and increase the blood supply, they help the appetite and aid digestion, relieve the weary back and limbs, thus promptly restoring health and strength and transforming anaemic girls and women into cheerful happy people. Among the thousands who have obtained new health and strength through the use of Dr. Williams Pink Pills is Miss Violet Booth, Glenarm, Ont., who says: "For a long time I was in a badly run down condition. I was pale, breathless at the least exertion, and could hardly do any housework without stopping to rest. I often had severe headaches, and my appetite was poor and fickle, and I would get up in the morning without feeling the least bit rested. I had tried several medicines, but did not get benefit from anything until I began the use of Dr. Williams Pink Pills. When I had taken two boxes I could see an improvement, and after using six boxes I found my health fully restored. I feel so altogether different since I used the pills that I strongly advise them for all weak, run down people."

If you are weak or ailing in any way, avail yourself at once of the splendid home treatment which Dr. Williams Pink Pills so easily afford, and you will be among those who rejoice in regained health. These pills are sold by all dealers in medicine, or may be had by mail at 50 cents a box or six boxes for $2.50 by writing The Dr. Williams Medicine Co., Brockville, Ont.

All This EXTRA For You

Don't buy a bicycle just because it looks good. A bright appearance often hides poor materials and workmanship.

Buy a C. C. M. Bicycle.

The beauty of the C. C. M. is more than surface deep. There are three coats of brilliant, waterproof enamel over a coat of anti-rust. That means an enamel that will stand wear and weather.

The smooth, highly-polished nickelling is over rust-proof copper. That's why C. C. M. nickelling retains its bright appearance and wears so long.

You don't always spin along smooth pavements. Sometimes you have to bump over ruts and cobble stones. So the C. C. M. frame has the long, strong "Fishmouth" reinforcement at the joints. This makes a powerful frame with a large margin of safety.

PRESBYTERIAL W. M. S,

Report of the Recent Convention in Shelburne.

The Sixth Annual Meeting of the Orangeville Presbyterial Women's Missionary Society was held in Knox Presbyterian Church, Shelburne, on the morning and afternoon of Wednesday, April 21st. Despite the rainy day the different Auxiliaries were well represented and as the delegates listened to the reports a spirit of optimism prevailed.

The morning session was opened by a service of Thanksgiving and intercession, presided over by the President, Mrs. Burkholder, of Caledon. In her address Mrs. Burkholder gave the Convention an inspiring Talk on the Forward Movement, emphasizing the work, our responsibility and the need of acting promptly as this is a crucial time in the history of the world, and we must grasp the opportunity now. These phases of this great Movement were put before the delegates so clearly and earnestly that we all felt we must be up and about the Master's business if we were to have a share in the only things that are worth while.

The report showed an increase in interest and givings, thus testifying to the reality of the Forward Movement effort. The total missionary givings of the Auxiliaries were $2,657.03, an increase over last year of $407.97. The Mission Bands and Y. W. Auxiliaries raised $648.79, an increase of $143.62.

As Miss Legate, the Presbyterial's delegate to the Summer School at Geneva Park, gave her very interesting report, all felt satisfied that we did well to undertake this department of the W. M. S. work. As one member fittingly expressed it, "Ladies, I think it is the nicest thing you have ever done." Miss Marion Rose, of Corbetton, was chosen as our delegate for 1920.

In the afternoon Mrs. T. C. Glassford, of Caledon, gave a very full account of the proceedings at the Provincial meeting in Stratford. She made us feel it was indeed a privilege to have heard the inspirational addresses given by Mrs. Coxon, India, Miss Thompson, Toronto, Rev. Colin Young, Superintendent of Missions, North Saskatchewan, and our beloved President, Mrs. Chas. Robertson, and all those associated with her, who are giving so much of their time and thought to the enobling work of bringing "The World to Christ."

The speaker of the afternoon was Miss B. Thompson, Toronto, who gave an address on "Leadership in the New Way." The speaker impressed on us the importance of enlisting our young women for service and training them for leadership. To be good leaders we must make others see what we see, feel what we feel, go where we go. We must believe in people and let them know that we believe in them. Christ's little band were very imperfect men. We must be all we are capable of being and reproduce ourselves in the lives of others. The price of leadership is:—

1 Vision. But Vision alone will not do. We must have—
2 Decision. Catch the vision of the great Forward Movement and start to realize it.
3 Knowledge. Make a study of God's Word and of Missions.
4 Passion. Christ agonised for you and for me.
5 Sacrifice. You do not know what you can do or give until you try.
6 Self-Effacement. The rudder guides the ship, but is neither seen nor heard.
7 Loneliness. There is a loneliness of the desert, there is a loneliness of the sea, there is a loneliness of the great city, but there is no loneliness like that of the great idea, which only you have caught and no one else can see.

A solo by Mrs. Gabriel, Shelburne, entitled, "The Lord is My Shepherd, I Shall Not Want," was very much enjoyed by all.

The officers selected for the ensuing year are:—

Hon.-President—Mrs. Geo. Kendall, Dundalk.
President—Mrs. J. Burkholder, Caledon.
Vice-Presidents—Mrs. J. M. Scott, Inglewood; Mrs. Morris, Orangeville; Mrs. Spence, Claude; Mrs. Parsow, Priceville; Mrs. Lundy, Grand Valley.
Secretaries—Corresponding, Mrs. T. C. Glassford, Caledon; Recording, Mrs. G. W. Rose, Corbetton; Mission Band, Mrs. Dodds, Cheltenham; Supply, Mrs. Sproule, Orangeville; Home Helpers, Mrs. Craig, Grand Valley; Strangers, Mrs. D. M. Potter, Mono Mills; Library, Mrs. Matheson, Mono Mills; Mescenger and Literature, Mrs. Adamson, Orangeville.
Treasurer—Mrs. H. Ferguson, Shelburne.
Nominating Committee—Mrs. Watt, Orangeville; Mrs. A. McKinney, Mount Pleasant; Mrs. Lindsay, Erin; Mrs. Carmichael, Hillsburg; Mrs. Craig, Grand Valley.
Auditors—Mrs. Mills and Mrs. Bailey, Shelburne.

The closing words by Mrs. Sproule, Orangeville, were an earnest plea for greater effort on the part of every member. The individual step forward and upward is the only way that the Forward Movement can be made.

"Not in the clamor of crowded streets,
Not in the shouts and plaudits of the throng,
But in ourselves are triumph and defeat."

Luncheon and tea were served to the visiting delegates in the basement of the church.

PAINT—It's Like Bread; there is as much in the making as from what it is made

Take two women—your wife and your neighbor's, for example. They both use the same flour and yeast. Both bake bread in the same kind of oven for the same length of time.

Your wife's bread invariably turns out best. Why is it? It's in the making—her way of making it.

It's exactly the same with paint. The list of materials from which it is made is only half the story—hardly that.

Painters and home owners have learned that the difference in its making is one of the big things that makes Lowe Brothers High Standard the dependable paint it is.

This also has much to do with its lastingness. It is one of the main reasons for its splendid covering qualities—for its economical spreading properties.

We recommend this good paint to you because we know it will give you satisfactory service.

CONSOLIDATED SCHOOLS

Synopsis of Address Given by Mr. Iverack, of Isabella, Manitoba.

The following is a synopsis of an address delivered at Laurel and at Corbetton last week by Mr William Iverack, of Isabella, Manitoba, on Consolidation of Rural Schools in Manitoba. Those who heard the address could not help but be impressed with the arguments presented which were all the more forceful as they are the experience of a man who has done so much to establish such schools in his own province.

He discussed in detail the need, origin, opposition, slow growth for the first few years and now the wonderful growth of the system, proving its success and superiority over the single district school and the consequent death of the most of the opposition.

His address in part was as follows:—

Ladies and Gentlemen:—

"I deem it a great pleasure as well as a great privilege to visit the great banner Province of Ontario and to discuss school matters with you, and to tell you of some of the things we are doing in the Province of Manitoba.

One of the organizations that tends to make progress more easy with us is the Manitoba School Trustees' Association and now that you are going to reorganize the Trustees' Association of Ontario it might not be out of place to tell you something of our organization because we feel that without it we would never have been able to have made the progress we have made, particularly along the lines of consolidating our rural schools. We organized out there about fourteen years ago and for some years we met in conjunction with the Teachers' Association at Easter but it was felt that if we were to become a body that would have some influence we would have to hold our convention at a different date as Easter was too late for farmers like myself to attend and so we arranged to hold our convention about the last week of February and instead of the small gathering of from fifty to one hundred we have now an attendance of from four hundred to eight hundred. We still have the heartiest kind of co-operation with the inspectors, teachers and Department of Education. The inspectors and teachers always have representation on our Executive Council and we never have a meeting but the Minister, Deputy Minister or Superintendent sits with us and I am perfectly safe in saying that no important amendments have been made to our Public Schools Act in recent years without consulting the Officers of the Trustees' Association. This does not mean that the Trustees' Association is assuming any function of government but it is a great convenience to a Minister to have a sympathetic body of this kind to consult before introducing important amendments.

Then we have something over 70 local or Municipal Associations, some of which meet twice a year. Some hold a great summer rally where parents, teachers and trustees meet and talk school for a whole day. In this way we are able to carry on a propaganda for better rural schools that would be quite impossible if we could not get the people together in some such way.

This question of consolidating and otherwise raising the standard of rural education is not either a local or provincial question. It is a national question. If the English speaking people of Canada are going to maintain their status we must pay more attention to the education of our children out in the rural districts, where after all our very best people are still to be found. I find that by talking with the other members of the National Council on character education that the problem is the same from Nova Scotia to the Rockies. It is the problem of the small school and how to get the best for our future citizenship.

The 1912 Report of the Department of Education in Manitoba stated that we had in that Province 129 schools with less than seven pupils attending. I thought this very bad indeed. I thought no province could be worse but I find since coming to Ontario that you have 1400 schools with an attendance of 10 and under.

Now it is quite impossible that we can do the best for our boys and girls under these conditions and the only remedy in sight is Consolidation put on transportation and bring them together into larger groups and then you get the benefits of the graded school as well as three years high school work at home. Not only that but we get the benefits of organized play. The playground is one of the greatest character builders we have. It is there we learn to live with one another. It is there we learn the first principles of democracy; it is there we learn the principles of "British Fair Play," because when a boy would not play fair you would rule him out of the game.

With transportation our children get valuable lessons of punctuality. We bind our van drivers not to stand more than two minutes at any door. If more time were allowed it would be necessary for those getting in first to start too early. The length of time at each door is cut to the minimum.

We also get better teachers because we have more to choose from when we advertise, the ratio being about 40 to 1, as compared with the single roomed school.

You are also likely to get better trustees. If, say six districts are going into Consolidation, you have in that area 18 trustees, but when you consolidate you have only 5 and so the best 5 is selected out of the 18 which necessarily raises the average of ability.

In Manitoba we heat the winter vans and we find the best way is to have a specially constructed stove. Something of the same principle as a tank heater with the draft going down from the top passing under the fuel which is usually short wood and up the pipe on the opposite side. This stove is bolted to the floor and the pipe of heavy iron is fastened to the roof. If the van should be at any time upset it is impossible to spill the fire. The stove is protected with a shield so that a child cannot be thrown against it and burned.

As we have advanced education we pay a little more for it and it is worth the extra expenditure.

You may ask how does this higher taxation affect land values. In reply to this I would say take a copy of the Winnipeg Free Press and look at the list of farms for sale and whenever a farm is in a Consolidated Area the vendor is always certain to state this fact.

Governments are very liberal with grants to those schools.

Why? Because they see very plainly that with rural population, if we are going to maintain the standard of our citizenship, the problem of education must have first attention.

In submitting the Education Bill in England, Mr. Fisher stated that the reason he asked for increased expenditure for education was to increase the efficiency of the people that they might be all the more able to pay off the tremendous debt the war had incurred and if they need increased efficiency in England we surely need it much more in Canada.

One of the causes of rural depopulation in Canada is the inefficiency of rural education. Farmers, in order that their children may be sufficiently educated sell their farms and move to the town or city where the boys and girls receive better educational advantages, and having been trained in the town they have no inclination to go back to the farm. The worst feature of this is the fact that these are our best citizens. We lose their companionship, their leadership and their financial strength. Their places are taken in some places by foreigners; in other cases by young and inexperienced farmers without capital and who have yet to earn sufficient money to provide for old age. In this way our schools suffer, our churches suffer and our communities suffer. The best we can say is that our loss is the city's gain.

The colored portions on this map show the Consolidated Areas established mostly in the past eight years in one inspectorate. The area of each would vary from 36 to 50 square miles. In these, from 2 to 12 vans convey the pupils to school where there are from two to eight teachers and the length of the route varies from 5 to 10 miles, a six mile route is a good average. These vans have not, on the average, missed one trip per van in eight years. Farmers often take the contract and return to their homes after the morning trip. This is generally true when motor cars are used. The drivers are punctual at school at four o'clock. The average attendance of all the pupils has increased 25 per cent. If we, in our severe climate, can conduct Consolidated Schools successfully, I can see no reason why the people of Old Ontario may not do likewise."

Mrs. John Scott, of Manitoba, died recently aged 76 years. Deceased was the eldest daughter of the late Geo. Wilson, 3rd line, east, Caledon, and sister of Mr. Geo. Wilson, Mono Road. Mr. Scott was born on the 4th line, East Chinguacousy, and at the age of 78 is left to travel the rest of life's journey alone.

MY DEAR!

Are you aware that an ointment applied to the skin is absorbed into the system just as surely as medicine that is swallowed? It is! You see, therefore, how necessary it is we should use a pure ointment; and the purest you can get for yourself and your children is Zam-Buk.

Dr. Scott, the great English analyst, says: "I have analysed Zam-Buk, and have no hesitation in certifying its purity."

There is another reason why you should prefer Zam-Buk. It is of such a refined nature that it can penetrate to the very seat of skin diseases; whereas ordinary ointments, owing to their coarse ingredients, remain on the surface skin. Skin diseases, like plants, have their "roots." Zam-Buk can get down to the very root of the disease, kill the germs and thus effect lasting cures.

There is nothing like Zam-Buk for eczema, old sores, or eruptions; nothing that can so quickly draw out the soreness of a cut, burn or scald. Try it!

Proof. Mrs. A. J. Cameron of Melita, Man., writes: "My little son's head and hands were completely covered with eczema. I tried numerous ointments, and he was under doctor's treatment for some time, but nothing would cure him. Then I tried Zam-Buk. After a week's treatment I noticed a marked improvement, and perseverance with Zam-Buk resulted in a complete and permanent cure."

VICTORIA DAY PICNIC

The congregation of Burns' Presbyterian Church, Mono Centre, is planning to hold the usual Victoria Day Picnic in McCarston's Grove on Monday afternoon, May 24th. This even has always attracted a monster crowd and granted favorable weather it is not likely that this year's picnic will prove any exemption to the rule. There will be the usual attractive program of baseball, footraces and other sports. The ladies of the congregation will serve supper in their usual bountiful manner. Watch for particulars later.

BURIED UNDER PILE OF LOGS MAN HAS AMAZING ESCAPE

Caught in a little log cabin under a fall of heavy logs, toppling down from a cliff 50 feet above, is the plight and danger that faces William Duncan (Dick Daring) in the opening chapter of Vitagraph's latest serial thriller, "Smashing Barriers," written especially for him. The situation comes here, not as the result of an attempt upon his life, but the unexpected result of a prank of lumberjacks who sought to try Duncan's courage on his first day in the camp. A small log was thrown from the top of the cliff on the roof of the cabin to scare him. One of the hazing party of lumberjacks accidentally loosens the key log of a huge pile near the edge and they roll over the cliff, burying Duncan's cabin beneath them.

The lumberjacks come down from the cliff panic-stricken, expecting to find Duncan's mangled body beneath the pile. As they are pulling the logs away he rises up out of the pile and with a great show of his wonderful strength pushes the logs away from him and emerges unharmed but slightly peeved at their altogether too realistic attempt at practical joking.

The first episode of this new serial will be shown at the Gem Theatre Monday and Tuesday.

COLD FOR FISHING

First of May anglers found fishing a chilly job on Saturday. The weather was unseasonably cold, but not cold enough to dampen the ardor of the confirmed devotees of Izaak Walton's pastime. Most of the local anglers were at their favorite fishing spots bright and early Saturday morning. Some did not even take the trouble to go to bed and consequently were ready to commence fishing very shortly after midnight. Some excellent catches are reported, despite the chilly weather, which perhaps served to whet the appetites of the members of the finny tribe and made them take the bait more eagerly. Messrs. B. and Horace McGuire brought home one of the large catches of the day. The former displayed with justifiable pride a particularly large trout, about 17 inches in length and weighing over two pounds. It certainly was a beauty and a sight to make any person want to go fishing. Messrs. J. W. Aiken and J. Haslam also had excellent catches.

A GIRL ANGLER

Miss Hope Barber, the nine year old daughter of Mr. and Mrs. E. D. Barber, achieved the distinction on Saturday of landing the largest fish caught in Alton or any of the streams about the village. The trout measured 14 inches in length, 4 inches in width at the thickest part and weighed 2 pounds. Miss Barber landed the prize while fishing in Dod's pond at the west end of the village. She also captured another luaty fellow, 11 inches in length and weighing a little over a pound. The plucky girl landed both fish unaided, bringing them to land from the top of the cement dam which confines the pond. Miss Barber is an enthusiastic angler and last year caught the largest fish captured in Alton during the season.

IRWIN – BOYLE

A very pretty wedding took place at the home of Mr. and Mrs. George Boyle, of Terra Nova, Mulmur township, last week, when their daughter, Gladys, was united in the holy bonds of wedlock to Oscar Irwin, youngest son of Mr. Archie Irwin, of Everett. The bride wore a dainty gown of white satin, trimmed with an overdress of white georgette and pearls. She also wore a beautiful bridal veil with wreath of orange blossoms and carried a bouquet of carnations and maidenhair fern. She looked very sweet and stylish as she entered the parlor on the arm of her father to the strains of the Lohengrin bridal chorus played by her cousin Miss G. Lloyd. The ceremony was performed by the Rev. H. Naylor, rector of the Anglican church at Horning's Mills. The young couple were unattended and took their places under an arch of evergreen and wedding bells. The bride received a number of costly and useful gifts, among which was a cheque for a substantial sum from the groom. The groom's present to the planiste was a gold brooch set with turquoise. After congratulations the bride led the way to the dining room, where a dainty wedding breakfast was served. The tables were in charge of Misses Vera and Grace Lloyd, cousins of the bride. The young couple are well known in this vicinity and all their friends here join in wishing them health and prosperity.

EASTWOOD – PALFREMAN

A very pretty wedding took place at the home of Mrs. James Eastwood, First St., east, Cornwall, on Saturday evening at 6.30 o'clock, when her son, James Stanley Eastwood, was married to Miss Ethel (Polly) Palfreman, Holloway, London, England. The bride was given away by Mr. Ben Eastwood, brother of the groom, and looked charming in her travelling suit of navy tailored serge with hat to match. She entered the drawing room to the strains of the Lohengrin wedding march played by Mrs. George Eastwood and the ceremony took place under the chandelier, which was prettily decorated for the occasion with smilax and a silver horseshoe. Miss Lillian Eastwood, of Ottawa, acted as bridesmaid and wore a navy tailored suit and tulle hat. Mr. James McCormack, of Montreal, attended the groom. After the ceremony which was performed by Rev. A. D. Floyd, a buffet luncheon was served in the dining room, which was beautifully decorated with American Beauty roses and sweet peas. Mr. and Mrs. Eastwood left on the midnight train for Toronto, where they will reside. Many handsome presents were received by the young couple, showing the esteem in which they are held. Their many friends wish them a successful and happy future in their new home. Mr. Eastwood was teller in the Sterling Bank, Orangeville, before enlisting with the 164th Battalion. He was promoted to the position of pay-sergeant in London, England, and returned from overseas last August.

IN MEMORIAM.

In loving memory of George Harrison, who passed away on May 2nd, 1919.

The day brings back our memories,
Our dear father gone to rest;
There is one link death cannot sever,
Love and remembrance last forever.

Oh, no: not dead, just passed
Beyond the shadow into the full, clear light;
Forever done with cloud and mist and tempest,
Where all is calm and bright.

We are quite sure that He will give them
Back, bright, pure and beautiful;
We know that He will but keep—our own
And His—until we fall asleep.

Long Tom .....Slim Cole
Henry Manners .....Pietro Sosso

Dick Daring wins the annual football game for his college with a great end run. That night he gives a dinner in his room. This, being a violation of college rules, he is expelled. His father, a wealthy financier, is so angered at Dick's expulsion that he turns him off and tells him to go out and make good for himself.

He goes West and seeks employment at a lumber camp. Although a tenderfoot, he makes a hit with the rough and ready men of the camp by his great athletic ability. Bullhead Bulger, foreman of the camp, hates him for having humbled him before the men in a wrestling bout. Bullhead and Wiggins, the manager of the camp, are working hand in hand in a villainous scheme to take the camp and timber lands away from its owner, Henry Manners, by a forged deed.

The lumberjacks plan to initiate Dick and test his courage. They throw a small log down on the roof of his cabin from a cliff high above. Accidentally one of the lumberjacks dislodges the key log of a pile on the edge of the cliff and they crash down on the cabin where Dick is sleeping. The cabin is buried beneath the pile of logs.

EVANGELISTIC SERVICES

Rev. F. A. Robinson, an evangelist of the Presbyterian Church, will open a two weeks' evangelistic campaign in St. Andrew's Church here on Sunday and will occupy the pulpit at both morning and evening services. Mr. Robinson will have the assistance of two ladies Miss Grunert, pianiste, and Miss Niven, a gifted soloist. That the work Mr. Robinson is doing is appreciated by the clergymen of other denominations is shown by the following extracts from letters:—

An Anglican rector writes to another congregation: "There need be no hesitation in the Anglicans uniting in the services arranged. Mr. Robinson and his helpers conduct their work in such a wise and helpful way that the most prejudiced people are quickly disarmed."

From a Baptist pastor the following has been received: "Their work has given us a new lift. May God bless them. We follow them with our prayers."

A Methodist minister in Sarnia Ontario, writes in connection with work in his own city:—

"I have been associated with a number of evengelistic campaigns both in our congregation and in connection with others. None of them have ever appealed to me as this one. We have greatly enjoyed and profited by this mission. There has been nothing superficial or sensational, nothing but the faithful presentation of the Gospel of Jesus Christ, and we are very grateful for the many blessings that have come through the ministration of those who have been with us. The meetings have been conducted along the most sane and normal lines, and have appealed very strongly to me personally, and as a congregation we are deeply grateful for the help given and extend our hearty thanks to those who have come to us."

HILLSBURG SPRING HORSE SHOW

The annual spring horse show of the Township of Erin was held at Hillsburg on Tuesday, April 20th, and was a decided success. The day was rather cool but the threatened rain did not come down until late that night. The entries in some of the classes were not as numerous as in some former years, but altogether were very fair, considering the high prices of feed and the shortage of help. The crowd was about as large as usual with a greater number of ladies present than in any previous year which added very much to the interest and appearance of the spectators. British Columbia Woman Speaks Plainly.

Her Message is to Everyone.

Those who have found relief are the people who want all sufferers to know what they gained from their experience.

Mrs. B. Walters, of Savona, B.C., writes, praising Gin Pills for the immediate relief given by these splendid Pills. Mrs. Walters says:—

"I advise people who have not used Gin Pills to try them. I have been troubled for years with weak kidneys, and one box of Gin Pills cured me. I recommend them as an absolute and reliable cure."

Derangement of kidneys or bladder is so very serious that, at the first sign of pain in side or back, treatment with Gin Pills should begin. The duty of the kidneys is to cleanse the blood. If weak or inactive, uric acid and other poisons and waste are carried to the joints and muscles, causing inflammation, rheumatism, sciatica, neuralgia, lumbago, constant headaches, dizziness, floating specks before the eyes, gravel or stone in the bladder, general debility and lassitude. If you have any of these symptoms, get Gin Pills at once. Free sample on request. At druggists or dealers, 50c a box. Money refunded if not relieved.

$1465 F.O.B. CHATHAM WAR TAX EXTRA GRAY-DORT

When the Gray-Dort was designed, our engineers had two definite orders.

"Build an economical, simple, low-priced car."

"Build a light car at least 50% stronger and finer and greater value than light-car purchasers have been getting."

The original Gray-Dort was built to these orders. Every improvement and refinement since that time has been in line with this policy.

And yet the price is only $1465. Note what you get in to-day's Gray-Dort for $1465.

A big motor—3 1/16-inch bore and 5-inch stroke—finely finished and smooth running. A forty-pound crankshaft, against the usual twenty-five pounds or so. *Three*-ringed pistons, instead of two-ringed. *Cellular* radiator, instead of tube and finn. Newly improved *Carter* carburetor. Improved Connecticut ignition. The starting and lighting system is Westinghouse, a big-car feature.

We designed a bigger and better rear axle for light cars—and we are having it built exclusively for the Gray-Dort here in Chatham. We solved the spring problem in the same way—and you'll realize what we've done when you see the long, cantilever rear springs of the Gray-Dort. We've set a new standard of safety by using Thermoid brake-lining. We've increased safety by building a steering gear 50% bigger and stronger. We've put in a bigger gas tank—and put it in the rear, with a vacuum feed system.

Your comfort in driving or riding has been attended to. With a shorter cowl, there is more room in the driving department. There are several inches more leg-room in the tonneau. The side-curtains open with the doors. You sink into the seat at the most comfortable angle. The top is really a *one-man* top. The gears can be shifted with two fingers' pressure. The emergency brake is now on a lever. The instruments are handy.

The Gray-Dort is just as outstanding in appearance. Its lines are the lines of the really fine big cars—reduced in proportion. It has big car style. There is not a line nor an angle which is extreme. And it has what no other car ever can have—the wonderful Gray-Dort finish which had its beginning 60 years ago in our body plant.

There are other style touches—many of them new this year. French-pleated upholstery. A hood with many long, narrow louvres. A particularly smart top, hand-tailored in our own shops. Lamps raised to a new location. Short, smart cowl. Straight top-edge to the body.

So much does the Gray-Dort dominate the field, that our production, doubled this year, will probably not meet the demand. We would advise you to see the Gray-Dort dealer now.

PRICES

The Gray-Dort 5-passenger car, finished in Gray-Dort green and black, and with standard equipment, is $1465 f.o.b. Chatham. War tax extra.

The roomy 2-passenger roadster is the same price.

The Gray-Dort Special

For the man who wishes something a little extra in his car, we have built the Gray-Dort Special. Maroon body, with brown rayntite top. Plate-glass rear window. Gipsy curtains. Rookie tan wheels. Motometer. Tilting steering wheel. Real leather upholstery. Mahogany instrument board. Just the touches which lift this car above the ordinary. $150 extra on the standard.

And the Ace!

The Gray-Dort Ace—the most beautiful light car of to-day. Sapper green body with handsome California top to match.

Trouble lamp and bull's-eye flashlight. Electric cigar lighter. Rear-vision mirror. Plate-glass windows. Over-size grooved-tread tires. This is the *de luxe* car for the man who does not wish to pile up a tremendous operating cost. $255 extra on the standard.

Golden Rule Has Place in Trade

HAS BEEN FOUND TO BE GOOD BUSINESS POLICY BOTH FOR BUYER AND SELLER

OBLIGATION NOT ONE-SIDED

CONSUMER GAINS AS MUCH BY BEING FAIR WITH MERCHANT AS LATTER DOES BY BEING SQUARE AND HONEST.

(Copyright.)

Some cynical persons have remarked that the Golden Rule has no place in business. They have taken the position that instead of doing unto others as you would have them do unto you, the only safe and sane plan is to do others before they have a chance to do you.

Fortunately for business and for the world at large, however, these persons are few and far between. The great majority of people are honest.

It has been proven repeatedly that even in business it pays to practice the Golden Rule, just as it has been proven repeatedly that "honesty is the best policy." It not only makes a man feel better down in his heart when he employs the principle of the Golden Rule, but he finds that it is good business. This applies not only to the man who stands behind the counter and gives a full pound of sugar to the man who asks for a pound, but also to the man who stands on the other side of the counter and pays his money for the pound of sugar.

DOES CONSUMER DO HIS PART?

The consumer expects the merchant to be honest and square and give him his money's worth for every penny that he spends with him, but how often does the consumer stop and ask himself the question, "Am I being as fair and honest with the merchant as he is being with me?" The consumer not only expects the merchant to give him honest weight and full measure at the lowest possible price, but he expects a world of other things at the same time. Nine times out of ten he expects the merchant to give him credit, and nine times out of ten the merchant does it. Many times he expects the merchant to "carry" him for three or four months before he pays for what he buys, and as many times the merchant does it. He expects the merchant to pay for advertising space in the church program which he is getting up, and the merchant does it. He expects the merchant to "kick in" most liberally when he is raising a fund for the benefit of the town band, and the merchant does it.

He expects the merchant to provide the bonus which is to be paid to obtain a new factory which will benefit the working man, the clerk and everbody else in the town, and the merchant does it. He expects the merchant to "come across" with a donation to help the poor family which otherwise would become a charge upon the common funds of the community, and the merchant does it.

ANOTHER SIDE TO PICTURE.

Now look on the other side of the picture. Mr. Consumer decides that he needs a new suit of clothes, so Mrs. Consumer decides that she wants a new kitchen range, or some of the little Consumers express a desire for a train of cars or a bobsled. Mr. Consumer picks up the big mail-order catalogue which the mail-order house has printed with his money or that of others like him, and he looks it over until he finds a picture that strikes his eye. It's a picture of a "nifty" looking suit of colthes. Of course, he can't feel the picture to see whether the cloth is as good as it looks; he can't look the mail-order man in the eye and ask him whether he will guarantee it to wear for at least a month or six weeks; he can't tell the mail-order man that he will drop in the first of the month and settle for it; he can't tell the mail-order man that he would like to have a little of his business or a chance to do a little carpenter work, or painting, or plumbing work with him, as long as he is buying his goods from him, for the mail-order man hasn't any business or any work to give him. But the picture is a pretty one, so Mr. Consumer digs out his hard-earned cash, goes down to the postoffice, buys a money order and sends it to the mail-order man.

After a week or ten days, or possibly two weeks, the suit arrives. It may be nothing like the picture. The cloth may be of poor quality. The chances are that it doesn't fit at all. But there is nothing for Mr. Consumer to do but put the suit on and wear it. He can't get his money buck. He might send the suit back and the mail-order man might send another in its place, but the chances are that it wouldn't be any better than the first and Mr. Consumer would only be out the additional express charges.

FOUND GOLDEN RULE PAYS.

Mr. Consumer found that it pays to remember the Golden Rule in business. If he had done unto the merchant as he would like the merchant to do unto him, he would have got more for his money and he would have aided in making it possible for the merchant to help him and his town when they needed help.

The world has discovered that the Golden Rule is not for use only on Sundays, but that it is value on every day of the week.

BOYS GONE WRONG

Erring Youths Let Off on Suspended Sentence.

County Constable John Brown did another piece of quick work in apprehending two young chaps at Waldemar on Wednesday, who were swift on a downward course. It appears that an Englishman named William Attie, who claims to have enlisted at Harriston in 1916, came to Mr. Nunn's, West Luther, about ten days previously, looking for work. He and Mr. Nunn's son struck up a friendship and in a day or two the pair struck off. They spent a night at John Culley's tendering a worthless certificate very slightly resembling a bank note, which they stated was worth $10 and got the change in good money. When Mrs. Culley brought the certificate to the bank the fraud was discovered and legal action began. It also developed that Wm. O'Reilly had purchased a pair of overalls at Geo. Tough's, put them in the livery stable, and when he went after them they were missing. One of the two had returned them to Mr. Tough with the story that his father decided not to keep them, and wanted the purchase money back. When Constable Brown took them in charge they both gave fictitious names and Nunn was carrying a 32 calibre revolver. The pair were brought before S. Tate that evening and committed to Orangeville gaol, awaiting their trial on Saturday, Nunn being let out on bail. There is a feeling that Nunn is the innocent victim of the other man's wiles, Attie being in the background while Nunn did the negotiating.

The two young men appeared before S. Tate and Wm. McClelland, J. P.s on Saturday when J. Kearns made a plea for leniency on behalf of young Nunn for whom he appeared. Crown Attorney Island concurred in the sentiment expressed by Mr. Kearns and felt the ends of justice might be equally met by letting the young man off on suspended sentence. The Bench concurred, satisfactory bonds being given for the young man's deportment in the future. Attie was remanded one week pending some arrangement for bondsmen.—Star and Vidette.

PILES ENTIRELY CURED
Mr. Wm. Woodell, 107 St. John St. Carlton, St. John, N.B., writes:— "I have used Dr. Chase's Ointment for itching, bleeding piles, and as a result have been entirely cured. For years I was a great sufferer from this distressing ailment and can say that three boxes of Dr. Chase's Ointment cured me. You may use this letter for the benefit of others."

The people of Orillia failed to endorse the by-law for the erection of the Soldiers' Memorial Hospital.

While hurrying to catch a train at Hanover, Mrs. Harry Bushlow of Walkerton was taken by an attack of heart failure and expired on the platform of the Hanover station. She had been visiting friends at Hanover and was on her way home.

FIRE IN ERIN

A bad fire occurred here on Tuesday evening, when Mr. F. Frank's Garage was burned to the ground and Mr. Frank narrowly escaped being burned to death. Apparently Mr. Frank was in the garage working at his car and had gone upstairs for a pair of pliers and when coming down the ladder, missed his footing and fell, striking his head and rendering him unconscious. In the fall a lantern which he was carrying exploded and a pile of shingles ignited. Reeve John Wilson was coming down the street and noticed the flames and ran in, pushed out a Ford car and when taking the second look saw Mr. Frank lying unconscious on the floor. He got Mr. Frank out and summoned help. The building contained a large quantity of lumber, shingles, sash, etc., which Mr. Frank had stored for his new dwelling. All was consumed in the flames at a loss of about $1,500, partly covered by insurance. Much sympathy is felt for Mr. Frank in his loss.—Erin Advocate.

HUDD – WHITTEN

On Wednesday, April 21st, St. James' Church rectory, Dundalk, was the scene of a pretty wedding when Miss Anetta Whitten was united in marriage by Rev. Rural Dean Blackwell to J. Earl Hudd, of Mono-thon township. The bride was dressed in a travelling suit of brown silk with picture hat to match and was given away by her brother, Mr. Nathen Whitten. The bridesmaid was Miss Lena B. Hudd, sister of the groom. The wedding dinner was served at the home of the bride's parents, near Corbetton. The young couple will reside on their farm near Riverview.

ST. JOHN WOMAN GAINS 20 POUNDS

Was All Run Down After "Flu"—In Perfect Health After Taking Tanlac.

According to the testimony of the multiplied thousands who have used it, there is nothing more invigorating than Tanlac to persons suffering from the after-effects of grippe, influenza, pneumonia, typhoid fever, and bronchial troubles, or who are in a run down condition from any cause.

Among the many thousands of New Brunswick people who have realized the powers of the medicine is Mrs. Agnes Henwood, residing at 61 Marsh Road, St. John. In relating her remarkable experience with Tanlac Mrs. Henwood states that she has not only gotten rid of all the after-effects of influenza, but that she has also gained twenty pounds in weight. Here is her statement:—

"If anyone who reads this statement is suffering from the effects of the "flu" I want to advise them to try Tanlac, for that is the medicine that gave me back my health and built me up so wonderfully after everything else failed to help me. I had three attacks of influenza and was down in bed from December 1918 to April 1919. I was so weak I simply could not walk; my appetite was gone and I was so sick at the stomach all the time that I could scarcely retain a thing. My nerves were so completely shattered that the closing of a door or just any little noise would upset me; I had fearful headaches with the worst kind of dizzy spells, and my condition was most serious and distressing.

"One day my husband got after me to try Tanlac, saying that other people were getting good from it, so I began taking it and the very first bottle did me a world of good. My appetite soon returned. I got so I could eat without having that nauseated feeling and then I commenced to get back my lost weight and strength. I have taken six bottles of Tanlac now and my headaches, as well as all my other miserable feelings, are gone. I have also gained twenty pounds in weight and am feeling stronger and better than I had for years, even before I had the "flu". So now that I have tried Tanlac I can conscientiously recommend it to others who are waiting for something to relieve their suffering and build them up. It is the only thing that ever helped me and I believe it will help any one in a run-down condition like I was."

"Tanlac is sold in Orangeville by C. V. Jeffers, in Grand Valley by G. E. Morrow and W. T. Edmonson, and in Shelburne by J. E. A. White."

LAUGH AND GROW FAT.

"Laugh and grow fat," is an old saying laden with value for nervous people in particular. With four days and nights of extreme suffering the angel of death released him Saturday afternoon, May 1st.

Jones was hurrying along a street the other day, when another man, also in violent haste, rushed out of a side street and the two collided with force. The second man looked angry, but Jones, with his inborn courtesy, raised his hat and said: "My dear sir, I don't know which of us is to blame for this violent encounter, but I am in too great a hurry to investigate. If I ran into you, I beg your pardon; if you ran into me, don't mention it." Then he tore away at redoubled speed.

ERNEST SMITH TALKS OF DODD'S KIDNEY PILLS.

Quebec Man, Grateful for the Benefit He Has Received, Pays Tribute to Dodd's Kidney Pills.

Grand Pabos, West Que., May 10, (Special.)—Mr. Ernest Smith, a highly respected resident here, is one of the many who have abiding faith in Dodd's Kidney Pills as a remedy for sick kidneys.

"I suffered from my kidneys," Mr. Smith says, "and I read that Dodd's Kidney Pills were good, so I tried them. They have helped me so much that I will continue to use them when my kidneys trouble me."

The kidneys require constant attention if good health is to be maintained and serious disease warded off. The kidneys perform a most important work in the human system. They strain all the impurities, all the seeds of disease, out of the blood. When they are weak and unable to do their work the system clogs and sickness is the inevitable result.

Ask your neighbors if Dodd's Kidney Pills are not the best remedy for weak, disordered, diseased kidneys.

Chinguacousy Township Council decided recently to contribute $2000 toward the cost of equipping the new Brampton High School.

EVANGELISTIC SERVICES

Large Audiences Hear Rev. F. A. Robinson at Special Services in St. Andrew's Church Beginning Last Sunday.

The special evangelistic services now in progress in St. Andrew's Church commenced on Sunday last under circumstances that promised well for their success. A large congregation was present at the opening service Sunday morning and the large auditorium was filled to the doors for the evening service. Rev. F. A. Robinson, M. A., the evangelist in charge of the services, occupied the pulpit morning and evening and won the good opinion of all who heard him by his simple forceful presentation of the Gospel message. Mr. Robinson uses few of the arts usually associated with evangelistic work. He is a quiet speaker, direct and easily understood. He is a believer in illustration and uses the story method to fix the attention of his audience and assist to drive home the truths that he is anxious to impress on the minds of his hearers. In his opinion no preacher need apologize for telling a story, provided he can tell it reasonably well and Mr. Robinson does tell his stories well. Christ, he pointed out on Monday night, used parables, or stories, as the vehicle for conveying and impressing great truths on a multitude of themes. The evangelist is a bright, pleasant speaker and the sudden transition from his habitual smile to deadly earnestness never fails to rivet the attention of his hearers, when he makes the application of some illustration or presses home the thought he is presenting in a few crisp, decisive sentences.

Mr. Robinson is a singer and a believer in the uplifting influence of singing. Consequently he makes singing an important feature of his services. He has organized a choir of perhaps thirty voices, to lead the song service. He himself leads and directs the choir as well as the service of song. In Miss C. B. Grunert, his accompanist, and Miss A. B. Niven, soloist, the evangelist has two invaluable helpers. Miss Grunert is a gifted pianiste whose playing is in itself a treat for those who love music. As an accompanist Orangeville has seldom heard her equal. Miss Niven is a rarely sweet and finished singer and her solos are always heard with keen pleasure.

Large audiences were present at the services Monday and Tuesday nights. Monday night Mr. Robinson made the familiar parable of the lost sheep the theme of a telling address. As the sheep of the Bible story did not intentionally stray from the flock so men do not intentionally stray from God into the paths of sin. The deviation at the outset is often almost imperceptible but the two pathways grow farther and farther apart until they are sometimes as widely separated as heaven and hell. The evangelist deplored parental laxity regarding religious matters and stated that he viewed with a good deal of concern and a good deal of sorrow the growing tendency in many homes to consult children of tender years as to whether they will or will not go to Sunday School and Church. In his own boyhood home his mother always assumed that he intended to go to Sunday School and Church and saw to it that he went. The greatest thing in life for the child was to have its life linked with God through the Sunday School and Church. Mr. Robinson emphasized the importance of forming right relationships in life. Once these were formed the young man or young woman should not be afraid to take a stand and to let people 'know where you stand." He cautioned Christians against drifting into godless companionships reminding his audience that doves and hawks do not dwell together. If one is trying to do what is right he is in a sense independent of everyone else. There were times when it was necessary to go against the crowd, to take a stand on principle.

The week night services will be held every night except Saturday night, commencing at 8 o'clock sharp. Each meeting will be preceded by a prayer service beginning at 7.30 p. m. The attendance at the opening prayer meeting on Monday night was gratifyingly large—the largest Mr. Robinson stated at any first night prayer meeting he had held in the last year. The Sunday services will be held at 11 a. m. and 7 p. m. All services are in the auditorium of the church, while the prayer meetings are held in the Sunday School room.

At 4.15 Wednesday (yesterday) afternoon a meeting for boys and girls was held in the Sunday School room and was well attended.

This (Thursday) afternoon at 3.45 there will be a meeting for women only at which Mr. Robinson will tell the wonderful story of Redemptive work for girls throughout the Dominion. The President of a Women's Council says, "I wish every mother and daughter in Canada could hear this message. It will make for purer and happier homes."

Sunday afternoon at 3.45 a meeting for men only will be held in the Opera House, at which Mr. Robinson will speak on the subject, "Seeing Life." All men and boys over 16 are invited.

On Monday night the service will include a beautifully illustrated Story entitled "Probable Sons." The Story will be interspersed with finely colored slides.

MISS C. B. GRUNERT, the accompanist at the Special Services to begin in St. Andrew's Presbyterian Church, Sunday, May 9th. Miss Grunert's playing is said to be exceedingly attractive. The Calgary Albertan speaks of it as "of that sparkling 'lifting' character that compels an audience to sing."

THE SPRING ASSIZES

GRAND JURY BRINGS IN TRUE BILL AGAINST GEORGE DUKE—TRIAL NOW IN PROGRESS.

Plaintiff Secured Verdict For $500 in Case of Parson vs. Hancock.

Dufferin County Spring Assizes opened in the Court House here on Monday with Mr. Justice Orde presiding. The first business taken up was the manslaughter case of Rex vs. Duke. George Duke, the accused, of a Mono farmer, was indicted before a Grand Jury on the charge of causing the death of his housekeeper, Amelia Hambly, by neglecting to provide her with medical attendance and medical necessaries while she was ill in his house. Late on Monday afternoon the Jury brought in a true bill against the accused.

The members of the Grand Jury were Wm. E. Bates (foreman), Thos. Arnott, Henry Berry, Elmer Bryan, Robt. Bryan, Chas. Buchanan, W. T. Clark, John H. Christian, Rich. Cotton, Geo. Crozier, Ernest Avison, J. E. Curry and Jas. Elliott.

The wording of the indictment was, "That George Duke did commit manslaughter by omitting without lawful excuse to provide Amelia Hambly with the necessaries of life, whereby the death of the said Amelia Hambly was caused on or about the 11th day of September, 1919, the said George Duke being under legal duty to supply such necessaries to the said Amelia Hambly, she being in his charge and unable by sickness to withdraw herself from his charge, and unable to provide herself with the necessaries of life."

Duke's trial before a petit jury commenced when the Court resumed at 10 o'clock yesterday morning and was in progress when The Banner went to press. Considerable time was spent selecting a jury, no less than seventeen men being either challenged or asked to stand aside before the jury was completed. The men finally sworn and now sitting on the case are:—Henry B. Fawcett, Jas. Byers, Fred Buchanan, W. J. Curry, Jas. Johnston, Henry Gray, R. Jennings, Jos. Foster, James Gear, Edward Ferris, John Cameron and Samuel Dobson.

Sam Courtney, of Orangeville, was the first witness called by the Crown and was followed by Mrs. Sanderson, whom Duke summoned from Orangeville to care for the dying woman. Mr. A. J. Russell Snow, K. C., of Toronto, and County Crown Attorney J. L. Island are conducting the prosecution. Mr. J. W. Curry, K. C., of Toronto, and Mr. A. A. Hughson have charge of the defence.

The only civil case was Parson vs. Hancock, an action for damages for the alienation of the affections of the plaintiff's wife. The parties hail from Halton County and the case was down for trial at the Spring Assizes in Milton, but was transferred to Orangeville on account of the illness of some of the witnesses at the time of the Milton Assizes. The case commenced early Monday afternoon and lasted until late on Tuesday afternoon. The Judge submitted the questions to the Jury before it retired at 5.15 p. m. The jury found that the defendant had not alienated the affections of Parson's wife, but found that he had committed adultery with the woman and assessed the damages at $500. Judgment was accordingly entered for plaintiff for that amount and costs. G. W. Morley, Toronto, appeared for the plaintiff and C. R. McKeown, K. C., Orangeville, and A. G. Davis, Brampton, for defendant. The jurors on the case were Herbert Fines, Daniel Broderick, Samuel Holmes, Wesley Brown, Norton Fisher, Thos. Lanktree, W. J. Baker, Robt. Falconer, W. A. Hunter, R. H. Galbraith, Henry Johnston and Edward Ferris.

LATER—About four o'clock yesterday afternoon the Judge withdrew the Duke case from the jury on the ground that the evidence submitted by the Crown was insufficient to proceed upon. His Lordship directed the jury to bring in a verdict of "Not Guilty." This they did and the accused was then discharged.

THE CANADIAN CLUB

Orangeville Canadian Club will bring the season to a close with an open meeting in the Opera House on Thursday evening, May 20th. The meeting will be addressed by Mr. Russell T. Kelly, President of the Hamilton Board of Trade and a prominent Rotary Club worker, and Hon. Manning W. Doherty, Minister of Agriculture in the Ontario Cabinet. The Club is fortunate in being able to secure two such outstanding men for its meeting. The meeting is free and the public is cordially invited. A special invitation is extended to the farmers and farmer's wives of the district, who will have a special interest in the address of the Minister of Agriculture. Meeting commences at 8 o'clock.

MISS A. B. NIVEN, the soloist, whose sweet and soulful singing is one of the features of the Special Services being held in St. Andrew's Presbyterian Church.

EARLY SYMPTOMS OF BLOODLESSNESS

Show by Pallor of the Face and Lips—How to Obtain New Blood.

Anaemia, or lack of blood, is so gradual in its approach that it is often well developed before the patient is sufficiently alarmed to consult a doctor or take proper treatment to restore the blood to a healthy condition.

The earliest symptom of anaemia is loss of color, especially in the lips, gums and membranes lining the eyelids. Then comes shortness of breath on slight exertion, such as going up stairs, palpitation of the heart, increased pallor of the face and lips. If this thinning of the blood is not corrected it will proceed rapidly until a complete breakdown in health follows, when there may be disorder of the stomach, headaches and backaches, dizziness and fainting spells. The most effective and prompt way to increase and enrich the blood at a time like this is through the fair use of Dr. Williams Pink Pills. These pills have restored to good health thousands of weak, anaemic people, among them Miss Mae Johnston, of Port Arthur, Ont., who says:—"Between the ages of sixteen and eighteen I worked in a telephone office, and it was very trying to the nerves and health. I became bloodless, and so pale that friends often said I looked consumptive. One night I had to be take home from the office, and a doctor was called in who told me I must not go back for a time. Sometimes I would faint, and to walk up stairs would leave me utterly breathless. As I did not appear to be getting any better one of my girl friends, whose mother had used Dr. Williams Pink Pills with great benefit, advised me to try these. I took the pills very faithfully for some time, with the result that they restored me to good health, and now when anyone tells me they feel weak or rundown I always recommend Dr. Williams Pink Pills, as I feel so thankful for the help they gave me."

If you have any of the symptoms described by Miss Johnston try building up the blood with Dr. Williams Pink Pills. Eat nourishing food, exercise a little in the open air daily and watch the color return to cheeks and lips. You can run no risk in giving Dr. Williams Pink Pills a trial as they cannot injure the most delicate system. You can get these pills through any dealer in medicine, or by mail at 50 cents a box or six boxes for $2.50 from the Dr. Williams Medicine Co., Brockville, Ont.

BOY SCOUTS CONCERT

The Opera House was filled to overflowing on Friday evening to hear the concert given by Boy Scout Troop No. 1, attached to St. Mark's Church. The program was one of the best given in Orangeville for some time and was thoroughly enjoyed by all present. It was furnished altogether by the boys under the excellently capable supervision of Mrs. Christie, Mrs. Campbell, Mrs. Bennett, Miss Lewis, Mrs. J. Z. Henry, Mr. Geo. Bull, Mr. Auric Aiken, Mr. Russell Morrow, Mr. Jack Henry and the Scoutmaster, Rev. Capt. T. H. Stewart rector of St. Mark's. The program included a realistic camp scene, patrol work, songs, musical selections, etc. The work of the Pierrot troupe, consisting of Gordon Lewis, Edward Ellis, Bert McLean, Arthur Wheelock, Ralph Bohmer and Arthur Henry, was particularly good. The gazoo band and minstrel troupe, with duet by Harold Henry and Morley McLean and a clog dance by Elmer McKim, were other appreciated features.

Capt. Stewart and the boys wish to heartily thank all those who assisted in making the concert such a success and to enlist the sympathy and interest of all for the future.

ALTON

Alton Dramatic Club played the four act drama, "Her friend the Enemy," to a large and appreciative audience in the Town Hall on Friday evening. The actors all played their parts well and won hearty applause. Mr. Griffin, as Capt. Jack Fernbrook, took his part like a professional while Charlie Lovell, as Frank Fleming, the villian throughout the play, proved himself an actor of no low order. Mr. McCallum, as Col. Burton, was a real old Southern soldier and did ample justice to his role. Joyce McConnell, who impersonated Berkley Burton, looked quite smart and seemed right at home making love. Mr. Mason, as Zebediah Jenks, was a typical Yankee farmer and his acting of the part was true to life. In the role of Liza, the negro servant, Joe Palmer kept the audience in laughter with his witty sayings. As Diana Burton, Mrs. Griffin had perhaps the most difficult part of any, but her acting was beyond reproach. Miss McPhail, as Addie Jenks, could not very well have done her part better. As Mrs. Burton, Mrs. Mason both looked and enacted the part of a kindly and courteous Southern lady. Miss Julia Palmer was well received and acted well in the part of Aunt Chloe. Altogether the performance was a credit to our amateurs and we feel quite proud of the way they acquitted themselves. The Alton orchestra rendered a number of fine selections during the evening. The proceeds amounted to $90. The Play will be given in Caledon on Friday evening, May 14th, and in Erin on May 15th.

THE MAPLES

The Maples U. F. O. Club will hold a meeting in the school house on Tuesday evening, May 18th, beginning at 8.30 o'clock. All members are urged to make it a point to be present.

MELANCTHON STATION

As Rome gave to the world her laws and her arms and Greece her letters, so Melancthon is giving to Ontario and to the Dominion their statesmen. No less than three representatives from this neighborhood elected to our Parliamentary halls is a pretty good record.

Mr. and Mrs. J. Knowles, who have spent the past few months in Winnipeg, have reweek-end at his home here.

Mr. T. K. Slack, M. L. A., who has been attending the session of the Legislature in Toronto for the last two months, spent the week-end at hi shome here.

Miss Jennie Watson, of Toronto, visited her parents, Mr. and Mrs. Thos. J. Watson, on the Back line.

Mr. Green, of Toronto, has rented the William Mills farm, Main St. east and is busy putting in the spring crop.

Mr. Wm. Barrett has rented the S. Bowden estate, Main St., west, and has at last returned to his native neighborhood. Billy feels at home on the hill.

A gentleman from the "Old Country" has purchased the Haney farm on the 4th line from Mr. and Mrs. George Sheaff and has moved thither.

The maple syrup industry is now over for 1920. The season has been a pretty good one in this locality. Our esteemed member of the Legislature, Mr. T. K. Slack, had about 300 trees tapped and made about 100 gallons of good thick molasses, which, as the people of Hamilton, or Toronto, would say, "is going some."

We join with the many friends of Mr. and Mrs. E. J. Carson, who were joined in the holy bonds of matrimony on Tuesday, May 4th, in our burg by Rev. Mr. Stotesbury, pastor of the Gravel Road Church, in extending our hearty congratulations and good wishes. The happy couple are spending their honeymoon at Detroit and other points.

Mr. Henry Stoddart leaves shortly for Detroit to visit friends in the City of the Straits.

THE EPWORTH LEAGUE

The Epworth League met as usual last Monday evening, Miss Norma Cranston occupying the chair. A beautiful solo entitled "Mother" was rendered by Mr. C. McConnell, after which Mr. Douglas McCartney read the Scripture lesson. Mr. Wilson McConnell then gave a Paper on George Elliot's "Silas Marner." Misses Alberta Kearns and Gladys Ewing played an instrumental duet, which added greatly to the entertainment of the evening. Rev. E. R. Young read a letter from Mr. Ellis Liddy, one of the leading members of the Society, who is at present in a Toronto hospital. It is indeed encouraging for the members of the Executive to see the young people taking such an interest in the League. This was the first meeting since the election of the new officers and there was a record attendance.

Next Monday evening Mr. Will Porter will occupy the chair and "Ralph Connor and His Works" will be discussed by Messrs. Allan Young and Percy White. An interesting meeting is looked for. Come and bring your friends. Meetings start at 8 o'clock sharp and close at 9.

LOYAL ORDER OF MOOSE

Orangeville Lodge, No. 1404, which was instituted last month by the District Deputy Supreme Dictator, held its second meeting in the Orange Hall on Broadway on Tuesday evening, May 4th. A large number of the members were present to welcome the Officers and degree team of Lodge No. 1600, Toronto, who motored up from the city for the purpose of initiating a number of new members. Bro. Dictator A. J. McCauley, of Lodge No. 1600, assisted by his officers, took charge of the meeting and initiated the Class of candidates. Bro. McCauley congratulated the Orangeville boys on the enthusiasm they had shown in organizing this lodge and was convinced from what he had seen that night that the Moose was a live organization and had come to Orangeville to stay. Deputy Supervisor Riddell, in an able speech, said he would be glad to come up at any time to boost the Moose along. He was assured from the Class of members he had seen initiated that the Lodge would get lots of boosting. The following brethren from Toronto also congratulated the Orangeville members on the energy they had shown in promoting the Lodge:—Bros. Past Dictator Hodgson, Vice Dictator Ford, Prelate Patterson, Serjt.-at-Arms Hogg and Inner Guard Kemp. Cheers and a tiger were then given to the visiting brethren, after which supper was served.

The Toronto brethren left in their cars about midnight, thus bringing a most successful and enjoyable evening to a close.

GLENCROSS.

At the last regular meeting of Purple Valley L. O. L. No. 84, a motion of condolence was passed by the Lodge expressing our sincere sympathy with Bro. John Lennox in the loss of his loving wife and faithful helpmeet. May the Great Comforter sustain him in his hour of trouble.

Signed on behalf of the Lodge,

ST. MARK'S BANQUET

Nearly 200 young people sat down to the sumptuous banquet provided for them by the ladies of St. Mark's Church on Tuesday night. His Lordship, Mr. Justice Orde, who is presiding at the Assizes, and Mr. J. W. Curry, K. C., two of Toronto's leading churchmen, were the guests of the evening. Each of these distinguished guests made a very impressive address. Mr. J. M. Aiken, the President of St. Mark's A. Y. P. A., proposed the toast to the King. The toast to "Our Guests" was proposed by Miss Juanita Hannington and Mr. Armour Robinson and responded to by Judge Orde and Mr. J. W. Curry. Mr. Jas. Dawson proposed and Miss G. Byfield responded to the toast to the ladies. Mr. E. Hackett did the honors for the ladies who assisted and Mrs. Aiken and Miss Hughson, joint convenors of the Ladies' Committee, replied. Toasts were proposed to the A. Y. P. A. and the new Executive, by Mr. Chas. Robinson and Miss Ruth Shaw, Miss Ruby Yates replying. The chief speaker was Rev. Dr. Dyson Hague, of Toronto, who gave an eloquent and inspiring address that will not soon be forgotten by those who heard him. Mr. A. A. Hughson and Sheriff Endicott moved a hearty vote of thanks to Dr. Hague for his helpful address. The church orchestra furnished music at intervals during the evening.

BRIGHTEN YOUR HOME THIS SPRING WITH WALL PAPER

DEAR MADAME:

Have you considered how much brighter and more cheerful your home would look this spring if you were to cover faded, dirty and time worn walls with bright, cheery, dainty, new-patterned WALL PAPERS?

You will be more than surprised to learn how economical WALL PAPER is—how LITTLE it has advanced in price when compared with almost everything else.

We know your home can be repapered at such a reasonable cost that we would like this spring if you were to cover the faded, dirty and time worn walls with bright, cheery, dainty, new-patterned WALL PAPERS?

May we not have the pleasure of talking the matter over with you at our store? We would like you to see our new Spring designs.

Yours Sincerely,

FULLER, ALLEN & HOLMES

Perhaps You Need A Bicycle—But Don't Know It

If you are a workingman you need a bicycle. It will save you long waits and tiresome rides in jammed street cars.

If you are a carpenter you can carry your kit from job to job and save valuable time. A collector can collect a very much larger amount of money.

With a bicycle you can make double, often triple, the number of business calls in a day. You can call on out-of-the-way prospects off the car lines.

Hundreds of teachers and thousands of pupils ride bicycles to school.

The bicycle solves the emergency delivery problem of the grocer, butcher, druggist and other merchants. It is the cheapest form of quick transportation.

Bicycling saves time. Saves car fare. Saves expensive shoe leather. Saves money.

Do you need a bicycle?

If you do, you'll want one that you can depend on.

C. C. M. Bicycles are famous for easy-running and long service. They are built to stay out of the repair shop.

And the *new Hercules Positive Drive Brake*—the Coaster Brake without a side arm—is included without extra charge.

EUGENIA FALLS IS NOW DEVELOPING 8000 HORSE POWER

New Turbine Unit Doubles Capacity of Eugenia Falls Power Plant —Can Still Increase 80 per cent

The new extension to the generating station at the Eugenia Development has been completed, and the new unit placed in operation on the first of March.

The extension consists of an enlargement of the power house building by 72 feet north and 9 feet east, so as to provide space for two additional banks of transformers, switching the protective equipment for eight outgoing lines, and a control room from which all of the switches in the power house are operated.

The generating unit which has been recently placed in operation consists of a single runner turbine of the horizontal Francis type, and is designed to develope 4000 horse power under a 550 foot head at 750 r. p. m. This turbine was manufactured by the Allis-Chalmers Company of Milwaukee.

The generator, which was manufactured by the Canadian Westinghouse Co., is directly connected to the turbine, and is rated as follows: 2,820 Kva. at 85 per cent. power factor, which is equivalent to 2,400 K. W., 4,000 volts, 60 cycles, 3 phase, 720 r. p. m.

The exciter is of 40-K. W. capacity, direct-connected to the generating unit.

The bank of transformers, which forms part of this new extension, consists of three 900-Kva. units and one spare, rated as follows: Primary 4,000 volts, secondary 22,000 volts, 60-cycle single phase oil-insulated water-cooled, the complete bank is connected delta-delta.

In order that good results may be assured on the transmission lines throughout the Eugenia System an automatic generator voltage regulator has been installed for this purpose.

The new switching equipment, which forms part of the improvements included in the new extension, consists of equipment for three additional outgoing feeders, with provision for two spare switching equipments as soon as these are required.

All of the switches in the power house are of remote control type, and are operated from a control room which is located in the northwest corner of the building.

The present capacity of the Eugenia power house in generating equipment is approximately 8,000 horsepower, and the extension to the building and the installation of the switching equipment have been so constructed that an additional 4,000 horsepower unit, as well as an additional bank to transformers and switching equipment, can be installed without alteration to the building.

The placing of the new unit in operation will enable the Commission to completely overhaul the two original units which have been operating constantly since the power was first turned on, November, 1915.

The additional power developed by the new unit, together with that available from the two original units after they have been overhauled, will enable the commission to take care of the growing loads in the Eugenia District, as well as supplying power to the various municipalities in Bruce County and the northern part of Huron County.

The new territory which will be served, and already referred to as the Bruce County District, covers delivery of power to the municipalities of Walkerton, Formosa, Mildmay, Teeswater, Wingham, Fordwich, Gorrie, Wroxeter, Lucknow, Ripley, Kincardine, Southampton and Port Elgin. The possibilities of supplying power to other municipalities in this district together with those mentioned above, mission's engineers at the present are being investigated by the Comtime.

This extension to the Eugenia System into Bruce and Huron Counties comprises the construction of 67 miles, 51 miles of which will be 1-0 steel reinforced aluminum conductor. Thirty-three and one half miles of 4,000-volt line will be required, the conductor for which will probably be No. 2 steel reinforced aluminum. Six sub-stations will be required for this extension, ranging in capacity from 75-Kva. to 450-Kva. It is anticipated that the construction of these lines and substations will be undertaken as soon as the weather permits.

BEING AN EDITOR.

Most any man can be an editor. All an editor has to do is sit at his desk six days a week, four weeks a month and twelve months a year and edit such stuff as this:

"Mrs. Jones, of Cactus Creek, let a can opener slip last week and cut herself in the pantry. Joe Doe climbed on the roof last week looking for a leak and fell, landing on his back porch. While Harold Green was escorting Miss Violet Wise from the church social last Saturday night a savage dog attacked them and bit Mr. Green on the public square. Mr. Frang, while harnessing a broncho was kicked just south of his corn crib."—Exchange.

First to Give Peace-Time Value

$1465 F.O.B. CHATHAM WAR TAX EXTRA GRAY-DORT

Immediately the armistice was signed, Gray-Dort executives began working towards a readjustment of motor car values.

Last fall we were able to put in production the present Gray-Dort—the first car to offer you heaping, peace-time value.

Overshadowing Other Light Cars

Ordinary light car standards did not satisfy us in building the Gray-Dort.

So we built a bigger and better motor—with 3½-inch bore and 5-inch stroke; with a heavy crankshaft—weighs 40 pounds, as against about 25 pounds in other light cars. Specially-designed, quiet valves; extra-large wrist-pins; extra-light, *three*-ringed pistons.

As in the motor, so it is throughout the chassis. A cellular-type radiator and extra big water jackets for cooling. *A heavy, safe steering gear which is unusually easy on the driver. Frame heavier and sturdier than the light car standard. Rear axle specially strong and fine—and built right under our supervision here in Chatham. The long springs are built here, too. *The gas tank is big and is placed in the rear for convenience and appearance. *The emergency brake is on a lever, as in big cars—and the brake lining is *Thermoid*.

Convenience has not been sacrificed to sturdiness in the Gray-Dort. *The side-curtains open with the doors as in cars costing $2000 and up, and they fit smoothly. *The tonneau has very much more leg-room. *A shorter, smarter cowl does the same for the driving compartment. The gears can be shifted with the pressure of two fingers. The brakes are positive in action. To drive a Gray-Dort is real pleasure.

Clothed in Beauty

Completing this high-grade chassis is a body wonderfully good-looking. The smooth lines do not force themselves upon your attention. They are not extreme. But always you are aware of their supreme good-looks. And Gray-Dort design is the type which remains in favor for many years.

And then the wonderful Gray-Dort finish! We have spent 60 years developing this finish for vehicles. It is applied as only master craftsmen can finish a job. It is lasting and lustrous. It is one of the outstanding features of the Gray-Dort.

*You will notice, too, the rather high nose with its many long, narrow, louvres. *The smart top, hand-tailored in our own shops. The French pleated upholstery. The full sweep of the heavy gauge fenders.

At $1465 the Gray-Dort will be the fastest selling car of the year. The output has been doubled. Yet there is every sign of a shortage. We advise you to see the Gray-Dort dealer now.

*Features marked with this asterisk are some of the improvements new to this Gray-Dort.

ROD AND GUN

The leaping brook trout painted in natural colors on the cover of the May issue of ROD AND GUN IN CANADA will quicken the pulse of every nature lover. This issue of Canada's leading sportsmen's monthly contains the first installment of Harry M. Moore's thrilling story of adventure entitled, "The Silver King." "The Kanaraskis Lakes" is the title of an interesting fishing story from the Elbow River valley; it has seven clear cut photos to illustrate it. Bonnycastle Dale tells in his own gripping manner the story of the wild cat, its range and habits throughout Canada. S. C. Cain humorously relates the story of four fishermen on a week-end trip to Lake Scugog after bass. The Guns and Ammunition and Fishing Notes Departments are up to their usual high standard in this number. A valuable addition to the fisherman is the inclusion of the open fishing seasons for the Dominion. ROD AND GUN IN CANADA is published monthly by W. J. TAYLOR LIMITED at Woodstock, Ont.

Send down a good warm shower.

Ye'll hae a lot 'a prayers, na doot,

Gie to them nae attention, Lord;
They be carnal minded shavers,
And make ye muckle trouble, aye,
Be askin' many favors.

Sma' trifles be na for yir ear,
Yir wark is o'er great

And a' such bletherers' prate.

But me and brither Neil, ye ken,

A SOLDIER'S BURIAL

Remains of Gunner F. G. Marshall, a former Orangeville Boy, Interred in Mount Pleasant Cemetery on Friday.

The remains of Gnr. Frederick G. Marshall, who died at his home in Calgary on February 10th last from tonsilitis and rheumatic fever, which he contracted while serving overseas, were brought east by his father last week and laid to rest in Mount Pleasant Cemetery in Toronto on Friday. The funeral service was conducted by Rev. J. J. Ferguson, pastor of Bathurst St. Methodist Church, Toronto, an uncle of the young soldier. Gunner Marshall, who was the only son of Mr. and Mrs. F. J. Marshall, of Calgary, was born in Orangeville twenty years ago, but went West with his parents when about ten years of age. He was formerly a student at the Western Canada College, where he was Captain of the Cadet Corps and became prominent as an all-round athlete. In 1916, in company with several other boys from the same College, he came east to Kingston and enlisted in the 72nd Queen's University Battery, proceeding overseas a short time afterwards. While in England he was taken ill and in health did not improve he went to Saranac October 1918 was invalided home. As his health did not improve he went to Saranac Lake, New York, for special treatment, returning to his home a short time before his death. His funeral was held with full military honors in Calgary ,and the remains were placed in a vault, where they reposed until they were brought to Toronto. The services in Calgary were conducted by Dr. A. O. McRae, of Western Canada College, assisted by Rev. Macartney Wilson. Deceased was a fine type of young Canadian manhood and his untimely demise was the occasion of very general sorrow. He is survived by his parents and one sister, Mrs. Campbell Laing, of Chicago.

MR. JACKSON POTTER

Mr. Jackson Potter, the oldest resident of Caledon township, died on Monday, May 3rd, at the ripe age of 91 years. He was a lifelong resident of the Mono Mills community and was known and highly respected by every person in that district. His parents, the late Mr. and Mrs. Jackson Potter, were born in Ireland, but came to Canada and settled on the present homestead on the 5th line, Caledon, more than one hundred years ago. Deceased had always enjoyed good health and despite his great age continued quite smart and bright up to the last winter. While he had been failing of late his death was quite unexpected and came as a great surprise to his daughters and immediate relatives. His end was quiet and peaceful. Deceased was a successful farmer, was held in the highest esteem as a neighbor and citizen of the community and because of his honesty enjoyed the confidence of the people of the district in which his life was spent. He was a splendid type of the sturdy, industrious and God fearing pioneers, who did so much to lay the foundations for the present day prosperity of rural Ontario. He was the last surviving member of a family of four brothers and one sister. His sister, the late Isabella Wallace, of Brampton, lived to the grand old age of ninety-nine. In religion the late Mr. Potter was a Presbyterian and in politics a staunch Liberal. He is survived by one son, David Potter, and two daughters, Misses Isabella and Margaret, all living in Caledon a short distance from Mono Mills. Another daughter, Mrs. John A. Vance, of Caledon, died about eleven months ago. There was a large attendance of neighbors and friends of the family at the funeral which was held to Caledon Cemetery, on Wednesday afternoon, May 5th, Rev. J. A. Matheson, of Mono Mills, conducted services at the house and grave. Messrs. Samuel Wallace and W. N. Allin, of Toronto, Wm. Riddell, R. J. Potter, Stuart Mason and John A. Vance, were the pallbearers.

MONO MILLS

EPISODE 2

Dick seizes the first log that comes down and props it against the wall. This protection saves him from the fall of logs. The lumberjacks rush down expecting to find Dick dead, but are surprised to see he is unhurt. Henry Manners arrives at the camp and is taken prisoner by Bullhead and Wiggins. Dick has another narrow escape from death. He is rescued by Long Tom, who has come to admire Dick greatly because of his strength and manly qualities. Later Dick is called upon to pit his skill in various contests with the lumberjacks. He matches all their stunts. He defeats Bullhead in a shooting contest and Bullhead comes to hate Dick more than ever. Manners, who is held prisoner in a shack far away in the hills on the bank of a mountain stream, writes a note to his attorney in New York. He succeeds in casting the note into the river. Dick discovers it while fishing and forwards it to Manners' attorny, who informs Bella of her father's predicament. She heads West to save him. A dam along the route and near the camp overflows and Dick, discovering it, rides to stop the train, but it is too late. The train plunges through a trestle weakened by the flood. Bella is in one of the cars when it goes down into the torrent. Her foot is caught beneath an overturned seat in the submerged car and she faces death.

A pretty wedding was solemnized at the home of Mr. and Mrs. John Nixon, 5th con., east, Caledon, on Wednesday, May 5th, when their only daughter, Hattie Mildred, was united in the holy bonds of matrimony to Mr. J. Alonzo Perry, eldest son of Mr. and Mrs. John Perry, of Caledon East. While the beautiful strains of Mendelssohn's wedding march were played by Mr. Ernest V. Mowat, brother-in-law of the groom, the bride entered the parlor leaning on the arm of her father. The parlor was beautifully decorated in pink and white and beneath an arch of flowers, evergreens and bells the nuptial knot was tied by the Rev. George Burry. The bride was dressed in white crepe-de-chene and georgette draped with ribbons and pearls and carried a bouquet of sweet peas and ferns. After the ceremony the guests to the number of fifty sat down to a very dainty repast provided by the host and hostess. The happy couple were the recipients of numerous beautiful and costly presents. Among the invited guests from a distance were Mr. and Mrs. Thibaudeau, Markdale, Mrs. John Stewart, Flesherton, Mr. Mark Stewart, Proton, Miss F. Jeffers, Shelburne, Mrs. Raney, Beeton, Mrs. (Dr.) Price, Orangeville, Mr. and Mrs. J. CHILDHOOD CONSTIPATION

Constipation is one of the most common ailments of childhood and the child suffering from it cannot thrive. To keep the children well the bowels must be kept regular and the stomach sweet. To do this nothing can equal Baby's Own Tablets. They are a mild but thorough laxative; are absolutely safe and never fail to relieve constipation and indigestion, colds and simple fever. Concerning them Mrs. Jules Fauquereau, Nominingue, Que., writes:— "My baby was terribly constipated and suffered day and night, I was advised to give him Baby's Own Tablets and from the first they helped him and now at the age of thirteen months he is a big healthy, happy boy." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

Would you like to grow a kind that will give you a 10 to 14 Rowed Cob, bulging with sweet, creamy, white kernels?

I grew this Corn for the first time last year and planted the same day as "Bantam." It was fit to eat TEN DAYS EARLIER. This year being somewhat acclimated it should do even better. It is of dwarf habit, shorter than the "Bantam" and with sweeter and larger cobs than "Malakoff."

I have for sale a small quantity of Seed with a germination test of 93.

Price—200 Seeds, 30 cents, prepaid.

WHAT ARE YOU DOING?

Are you keen on your work every minute of the working day?

Are you keeping as busy as you possibly can?

Are you alert to see things to be done around you that nobody seems to be doing—perhaps because nobody has been told to do them?

Are you doing the obvious thing, as it pops up unexpectedly in the day's work, without waiting to be told?

Are you improving your own methods of doing your routine work?

Are you making suggestions to your superior which may not have occurred to him because he is busy with his own immediate work?

Are you making yourself bigger than your job, or are you listlessly letting your job be bigger than you?

Are you using the brain that is above your ears for all it is worth, all the time.

If not, why? He who stands still is going behind, because others pass him.

a Terrible Penalty

frequently follows the neglect of an injury. Germs and dust get into the wound, it begins to fester, blood-poisoning sets in, and sometimes the loss of a limb is the result.

Safeguard yourself against such a possibility by applying Zam-Buk at once. This antiseptic balm destroys all germs and prevents festering and blood-poisoning. Then the healing essences promote the growth of new tissue and it is not long before the wound is completely healed.

Zam-Buk should be kept handy in every home, office, store and factory for cuts, scratches, burns, scalds and bruises. It is equally good for eczema, rashes, boils and ulcers. All dealers, 50c. box.

Women Control Town's Destiny

CAN MAKE OR BREAK A COMMUNITY THROUGH EXERCISE OF THEIR BUYING POWER.

THEY HOLD PURSE STRINGS

IT IS ESTIMATED THAT AT LEAST 80 PER CENT. OF RETAIL PURCHASING IS DONE BY FEMININE SHOPPERS.

(Copyright.)

It has been said that the hand that rocks the cradle is the hand that rules the world and nowhere is this more literally true than in the world of trade. The woman is the purchasing agent of the household and man, as a rule, is very glad to have her handle the job.

It has been estimated by some students of the merchandising game that 80 per cent of all retail buying is done by women. This may be a high estimate but a visit to the retail stores of any town or city is enough to convince one that the figures are not too high. The preponderance of women among the buyers is sufficient, at any rate, to make not only the retailer but the manufacturer and the wholesaler realize that it is the women that they must please with their merchandise.

Because they do by far the greater part of the buying in any community, the women have a responsibility that they do not always appreciate. The women of a town, through their buying power, can make or break the merchants of a town and as a natural consequence they can make or break the town. It is in their power to make it a prosperous town or a dead town. When the women of a town acquire the mail order habit, the town may just as well begin making arrangements for its own obsequies.

HARD TO UNDERSTAND.

Just why a woman, who is a shopper by instinct and a shrewd judge of values in merchandise, should succumb to the lures of the mail order house it is difficult to understand but, unfortunately, some of them do. No one knows better than the woman who has had some experience in the buying of merchandise how difficult it is to distinguish between the genuine and the imitation even after a close inspection. The good shopper, when on buying bent, does not always take the first article that is offered for inspection. In fact this is the exception rather than the rule. The merchants know it and expect it. They expect a woman, if she is a good shopper, to "look around a little."

If a woman should walk into a retail store and purchase the first suit that she tried on, for instance, the shock probably would prove fatal to the storekeeper or the saleswoman. The chances are that she will try on a dozen suits and look at as many more before she selects one that suits her taste or pocketbook, and the storekeeper not only expects but wishes her to do this. He wishes her to be satisfied as he knows that a satisfied customer is the best advertisement that he can obtain.

TAKING A CHANCE.

This same woman, however, may order a suit from a mail order house on the strength of nothing more than a pretty picture and an alluring description. She has not even the opportunity to try it on, to say nothing of the chance of examining the fabric, noting the exact shade of the material and inspecting the workmanship. She is taking chances on the suit fitting her, on the material being good and durable, the shade becoming to her and the workmanship of such a character that the suit will not fall to pieces. The woman who takes such chances cannot be called a shrewd shopper.

It might be more easily understood why mere man, unaccustomed and averse, as a rule, to shopping excursions, should fall a victim to the catalogue habit. He might find it easier to order from the picture in the catalogue than go into a store and look for the article that he wanted or he might take the position that he wouldn't know what he was getting anyway if he went to the store and he might as well take a chance on the mail order gamble, but why the woman who knows what she wants and knows that she is getting what she wants when she gets it, should buy on the "sight unseen" plan—well, that's another question altogether.

WOMAN'S GREATEST OPPORTUNITY.

Women are taking a more and more prominent part in public affairs all the time. They are aiding now in many parts of the country in running the affairs of state. Even where they do not have the ballot they are playing a big part, individually and through their organizations, in the conduct particularly of local governments, yet in the one field where they can do most to help build up their communities they may be overlooking their opportunity. With the buying power in their hands they can do more for their community by staunchly supporting their home business men than they can possibly do in any other way.

Man may think he is very a important element in the progress and development of his town but when he reflects that 80 per cent. of the buying power of the community is in the hands of the women he is apt to realize that he is a very insignificant atom.

CHILDREN MUST BE PROTECTED

The children must be safeguarded, for, if they do survive the frequent coughs and colds, it is often with the lungs so weakened that they become chronic sufferers from bronchitis or consumption. Being composed of simple ingredients of undoubted value, Dr. Chase's Syrup of Linseed and Turpentine is admirably suited as a treatment for children. It is pleasant to the taste. So much so that children delight to take it on this account, as well as because of the quick relief it affords them.

ARE YOU TRYING TO CLIMB

Are you trying to climb where the chosen are,
Where the feet of men are few?
Do you long for "a job that is worth one's while"?
Well, here's a thought for you;
The pots of gold at the rainbow's end
Are sought by the teeming mob,
But the fairies who guard them choose as friend,
The man who loves his job.

No matter what grip of hand he has—
How poor or strong his brain,
There's always a place for the man who loves
His work with might and main.
Does he dig a ditch, or blaze a trail,
Where the dreams of man may run?
No clod of earth shall shoulder him
From his place cut out in the sun.

It isn't the kick, it's not the pull,
That brings the strong man out;
But it's the long-time work, and it's all-time will,
And the cheerful heart and stout!
Have you faith in yourself? Do you want to win?
Is your heart for success a-throb?
There's just one thing that can bring you in
With the winners—LOVE YOUR JOB!
